The Evaline School District #36 complies with all federal rules and regulations and does not discriminate on the basis of race, creed, religion, age, veteran or military status, color, national origin, sex, sexual orientation including gender expression or identity, or use of a trained guide dog or service animal by a person with a disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities and provides equal access to Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to, the school district's Title IX/RCW 28A.85 Officer and/or Section 504/ADA Coordinator, Kyle MacDonald at 111 Schoolhouse Rd Winlock, WA 98596, 360-785-3460 kmacdonald@evalinesd.k12.wa.us

Students OF THE MONTH

This school year we are able to bring back our Students Of The Month program! Last Friday we had our "First Friday" school assembly where each teacher picked their student of the month, one from each classroom. Our September students of the month are: **Amelia Kunkel, Kaira Hardenbrook, Lillian Sequin and Wyatt Allison-Colbert.** Check out what their teachers had to say about them on the next page!

Student of Character Award

Each month one student from each classroom will be recognized for their participation and application throughout the school day, and particularly in their Social Emotional Learning Class, of the character trait we are focusing on during that entire month. In September the character trait was "**Courage**".

Congratulations to the following recipients for the month of September:

Kindergarten: Lilly Vancil
1st/2nd: Ben Wisner
3rd/4th: Jackson Moran
5th/6th: Travis Kirkpatrick

Important Dates!!

Oct.

Fri. 15th: Pumpkin Patch Field Trip

Tues. 19th: School Board Meeting 6:30

Fri. 22nd: No PM Bus

Tues. 26th: BELL Studio Picture Day

Fri. 29th: Halloween Party

Fri. 29th: Early Dismissal, 11:30

Lunch Menu Change

On Friday, October 15th we will be serving Nachos for lunch.

PUMPKIN PATCH FIELD TRIP

We will travel to Parkerosa Pumpkin Patch on Friday October 15th. We will arrive at the pumpkin patch at 9:30am and return prior to lunch. This event is sponsored by the booster club and all students will receive a small pumpkin. It is a great idea to send rubber boots and dress warm on this day. Unfortunately, in order to make this trip happen this year we are not able to invite parents to attend, hopefully we can be back to having families attend next year.

HALLOWEEN PARTY

The booster club will put on a Halloween party on Friday October 29th. Students are encouraged to dress up. All students will have an opportunity to play carnival games and do a Halloween craft. This will look different this year than it has in the past and students will stay with their classroom cohort. In addition there will be a pumpkin carving/decorating contest, more details to come soon.

CANDY FOR THE HALLOWEEN PARTY

The Booster Club is asking each family to donate a bag of individually wrapped candy for our Halloween party on October 29th. They ask for one bag of candy per student in the household. There will be a drop box in the office. Please have the candy at the school no later than **Wednesday, October 20th.** For questions please contact: evalineboosterclub@gmail.com

Community Notice

In last week's newsletter envelopes you received a flyer for AWANA. Please note that AWANA will be postponed for two weeks. Thank you.

Kindergarten

September Student of the Month:

Amelia Kunkel

Amelia always does her best when she is in school. She listens and follows directions quickly and leads by example. Amelia is kind and a friend to everyone. If something is hard, she keeps trying until she gets it! Amelia loves to learn and it shows in class. She is ready to learn and loves to share her ideas with the class.

1st and 2nd Grade

September Student of the Month:

Kaira Hardenbrook

Courage is, "the ability to do something that frightens one."
Respect is, "showing others consideration and honor."

As I reflect on this first month of school Kaira Hardenbrook's respect and courage come to mind. These two traits have worked together to make Kaira a student who exemplifies professionalism in the classroom and a growth mindset that allows her to learn and teach something new every day. It is a pleasure to work with Kaira. Her ability to use respect and courage will serve her well now and in the future. Congratulations to September's Student of the Month, Kaira Hardenbrook!

3rd and 4th Grade

September Student of the Month:

Lillian Sequin

Lilly was awarded student of the month for the courage to try things even when they seem hard, and to ask for help when she needs it. Coming into a classroom where most of the students have been together for 3 years can be intimidating, but Lilly hasn't let it slow her down. She worked to quickly learn the procedures and expectations of the classroom. Lilly comes into the classroom ready to learn each and every day and is always doing what is expected of her. Congratulations on being the student of the month Lilly!

5th and 6th Grade

September Student of the Month:

Wyatt Allison-Colbert

Wyatt was chosen for student of the month this month because he has worked very hard to keep up with his schoolwork and in the few times he has fallen behind, worked even harder to get caught up. In class, Wyatt has worked on improving his writing and is showing a lot of progress in ELA. He is a great presence in the classroom, always bringing a fantastic sense of humor to lessons, often finding funny sides to just about everything.

Kindergarten

Mrs. Tinnin

This week, Kindergarteners are learning about the letters 'm' and 'a'. We started learning sight words beginning with the word 'I'. We continue to practice identifying the sounds in words. Students are very good at identifying the beginning sounds but need to practice ending sounds. To help with this at home, parents can pick simple words like 'bat'. Practice identifying the beginning sounds and ending sounds.

In math, we are learning about different ways to make 6. We will continue with the numbers 7-10. We are also practicing how to write our numbers correctly with our number poems to help us. Students know the poems 0-6 very well.

We read Socks for Supper, Three Little Kittens, and Jamaica's Find. Students are learning different Nursery Rhymes: Little Miss Muffet, One, Two Buckle my Shoe, Star Light, Star Bright and a couple of others. One of our focus points during Listen and Learn is to listen for the rhyming words in the Nursery Rhymes. I am impressed with how fast they are learning the rhymes. They like to say them in class.

First and Second Grade Explorers

Mrs. Mittge

1st grade Explorers are deep into their subtraction math unit. 2nd graders continue to build three-digit number sense. Any time families can spend on reinforcing these skills through talk or games would benefit students. Here is an online resource: https://knk.kentuckymathematics.org/family/online_act.php

Students are working hard to segment and blend sounds into words and to use "text diving" to find evidence in text to support answers and thinking. 2nd graders are beginning to write responses in complete sentences. All students are doing such a wonderful job taking AR tests! Please continue to read aloud with your child for 20 minutes every night. This makes such a difference in their reading fluency and reading comprehension. It also gives families a chance to have a sweet, calm moment together each night.

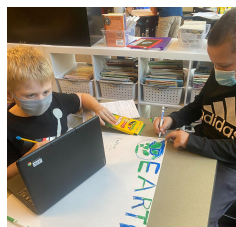

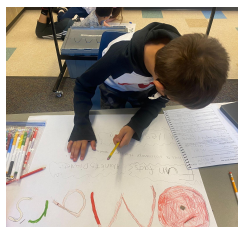

Explorers are continuing a study on Earth materials. Rocks will be our focus for the next couple of weeks. This weekend take a nature walk. Collect some rocks and leaves. We'll share on Monday. Happy nature walking!

Third and Fourth Grade Classroom

Ms. Turnquist

This week we dove into our science curriculum. All month students will be learning about Earth and space systems. This week students brainstormed what they know and what they want to know about these systems. Students were then able to pick a partner and research a planet. They used their research to create a poster all about their planet before presenting to the class.

Fifth and Sixth Grade Classroom

Mr. Burlingame

This week we continued to traverse our way through the math curriculum. 5th grade is learning all about division and multiple ways to accomplish multiple digit division and 6th grade is refining their abilities with multiplying and dividing fractions. Both grades are doing a great job working with these concepts! In ELA, 5th grade has moved from learning about prepositions to learning about verbs and verb tenses as well as continuing through their study of early American civilizations. 6th grade is about halfway through Percy Jackson and are now combining ancient Greek mythology study with their Percy Jackson study. They will soon be writing a compare and contrast essay on three different myths from the ancient Greeks.
