

What is a School – Parent Compact?

Our annual school-parent compact offers ways that we can work together to help our students succeed. This compact provides strategies to help connect learning at school and at home.

Effective Compacts:

- Link to academic achievement goals
- Focus on student learning
- Share strategies that staff, parents, and students can use
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to observe, volunteer, and participate in the classroom

Jointly Developed

The parents, students, and staff worked together and shared ideas to develop the school-parent compact. Each year, the compact is revised based on the school's academic achievement goals and students' needs.

Parents are welcome to provide feedback at any time. All feedback will be collected and reviewed during the annual revision meeting with parents.

Building Partnerships

There are opportunities at our school for parents to volunteer and play a role in their child's education. Please consider joining the faculty, staff, and fellow parents through some of the following events and programs:

- Grade Level Events
- Literacy Night
- Math/Science Night
- Parent Involvement Committee
- Book Fair
- Community Outreach-Father/Daughter Dance, Trunk or Treat, Jingle Walk, Turkey Trot
- Grade Level Music Performances

Communication About Student Learning

Odem Intermediate is committed to frequent two-way communication with families about children's learning. Some of the ways you can expect us to reach you are:

- Homework folders/binders
- Behavior Logs
- Parent-teacher conferences
- Progress reports and report cards
- Six-week Newsletters
- Gradebook Parent Portal
- Living Tree posts
- School Webpage
- District Webpage
- District Facebook
- Campus Facebook

School-Parent Compact

2021 – 2022

Our Goals for Student Achievement

Campus Initiatives

Istation:

A digital reading intervention program that integrates comprehension, vocabulary, motivation, and reading efficiency. This program creates personalized activities based on individual student needs and provides data that enables teachers to track student growth and progress.

Study Island:

Technology-based program designed to help students master grade-level academic standards. This program is used as a supplement to science lessons in order to reinforce and reward student learning.

Imagine Math:

A rigorous, standards-based supplemental math program that adapts to the specific needs of individual students. This program is designed to support students in developing essential foundations and conceptual understanding of math skills.

EPIC:

A digital library available for children ages 12 and under. Students have access to over 40,000 books, learning videos, quizzes and more. Students have access to their own personal profile. This allows them to choose their own books. Students are able to AR test with some books they are reading from EPIC.

Teachers

- Will model instruction and provide parents with reading materials and strategies by grade level during parent workshops, newsletters, and in the school website.
- Will share with parents and students reading level and tips/resources on how to choose the right book.
- Will host campus literacy & math/science nights to share strategies and activities with parents.

Parents

- Will practice with their kids grade level strategies for comprehension and vocabulary building.
- Will read with their kids at least 30 minutes each day.
- Will practice math facts with their child.
- Will attend parent workshops and literacy & math/science nights to learn tips and strategies to use at home (or access materials/resources online).

Our school provides high quality curriculum and instruction in supportive and effective classroom environments to enable students to meet the challenging state academic standards. We support our students and work hard to provide a welcoming, safe school environment.

**When teachers, students, and families work together,
we CAN achieve our goals!**
