EXHIBIT C
SOW: Parent Mental Health Training Video Series

E-Therapy believes that creating a safe and healthy school community is a collective effort that requires the participation of not only educators and staff, but also families. eQUIP Parents is a key element of our comprehensive eQUIP program that helps bridge the gap between schools and families by providing parents with the knowledge and resources they need to recognize the signs and symptoms of mental health distress in their children and take appropriate action.

E-Therapy produced a series of video webinars to educate families in order to answer FAQ's and understand the self-referral process. These videos outline how teletherapy works, what to expect, how to identify and help their students cope with mental health challenges.

Videos include information on the following topics:

- Teletherapy Guide for Parents
- What is mental health 101
- Identifying Mental Health needs in your Elementary students
- Identifying Mental Health needs in your Secondary students
- Helping Elementary Students Cope
- Helping Secondary Students Cope

Downloadable Companion Guides with checklists and resources are available to parents. Schools can opt in to have a “referral button” on the E-Therapy school designed site that allows parents to refer their student to the in-house designated school contact, in order to receive services.

The Parent Videos are designed to be easily accessible and can be watched anytime, anywhere. These resources focus on educating parents on topics such as:

Recognizing the signs and symptoms of mental health distress in children

- Understanding the importance of seeking professional help
- Identifying the most appropriate resources and services
- Supporting their child's mental health and well-being
- Building a positive and supportive relationship with the school

With eQUIP Parents, families can be empowered to play a more active role in creating safe and healthy school communities. This not only benefits students but also educators and the entire school community. By providing parents with the tools and resources they need to support their children's mental health, we can work together to promote positive outcomes for students and families.

MEMORANDUM OF UNDERSTANDING

AGREEMENT BETWEEN THE LEON COUNTY SCHOOL BOARD AND GADSDEN COUNTY SCHOOL DISTRICT FOR BUILDING CODES INSPECTION AND ADMINISTRATION SERVICES

This document is established to serve as a general agreement between the Gadsden County School District (GCSD), Facilities Department and Leon County School Board (LCSB), Code Enforcement, Compliance, Sustainability and Small Business Enterprise Department, (CCS&S). This agreement is entered into per section 468.617, Florida Statutes, to describe the building code inspection and administration services to be provided by LCSB, CCS&S to GCSD and the amount to be paid for these services by Gadsden County School District.

Period of Service: This agreement will go into effect upon final signature and remain in effect until cancelled. It is conceived to establish a continuing relationship between the two institutions. The program can be cancelled by either party by giving notice in writing at least sixty (60) days prior to termination date. It can be cancelled, in written, prior to (60) days with mutual consent of both parties; LCSB designee, Divisional Director of Support Services and GCSD Director of Facilities Department.

Services to be Provided: Leon County School Board currently operates a Building Code Inspection Program ("Codes Program") that is in compliance with Florida Statutes and administrative rules. **The Codes Program is described in detail in the "Building Codes Enforcement Program" document dated April 6, 2001. This document promulgated a Codes Program for Leon County School Board and is herein incorporated as part of this agreement to establish a Codes Program for GCSD.** LCSB agrees to extend plans review and codes inspection services to GCSD in the same manner and at the same rates it charges other entities.

Method of Payment. At the beginning of each month, LCSB will invoice GCSD for inspection and/or plan review services completed during the previous month. Inspection/Plan Review Services will be invoiced separately, under each executed permit and the invoice will be mailed to the Director, GCSD, Facilities Department. GCSD will issue a check to LCSB made payable to the **Leon County School Board**. For some projects, GCSD may instruct the General Contractor/Construction Management firm to pay LCSB directly for the inspection/plan review services at the time the permit is picked up. This is acceptable. Along with its regular monthly billing, LCSB will send copies of invoices for permits and mark them paid. In any event, GCSD will ultimately be responsible to LCSB for payment of all permit fees related to GCSD projects and will establish its own internal mechanism for working out the collection and remittance of fees to LCSB within (45) days from the date of invoice.

Amount of Payment: LCSB will charge GCSD a fee based upon the rate schedule specified in the Codes Program document (Attachment 1). This is the standard fee charged to all LCSB projects. If any adjustment in the rate structure is required in the future, LCSB will advise GCSD as soon as possible but at least six (6) months in advance of a rate change.

9th GRADE STANDARDS

Course Description

9th Grade AVID Elective Class

Major Concepts/Content: Advancement Via Individual Determination (AVID) is an academic elective course that prepares students for college readiness and success, and it is scheduled during the regular school day as a year-long course. Each week, students receive instruction that utilizes a rigorous college-preparatory curriculum provided by AVID Center, tutor-facilitated study groups, motivational activities, and academic success skills. In AVID, students participate in activities that incorporate strategies focused on writing, inquiry, collaboration, organization, and reading to support their academic growth. Additionally, students engage in activities centered around exploring college and career opportunities and their own agency.

Some students will have previous experience with AVID in the middle school grades, and some students will be experiencing AVID for the first time. Either way, the 9th grade AVID Elective course will serve as a review of the AVID philosophy and strategies. Students will work on academic and personal goals and communication, adjusting to the high school setting. Students will increase their awareness of their personal contributions to their learning as well as their involvement in their school and community. There is an emphasis on analytical writing, focusing on personal goals and thesis writing. Students will work in collaborative settings, learning how to participate in collegial discussions and use sources to support their ideas and opinions. Students will prepare for and participate in college entrance and placement exams while refining study skills and test-taking, note-taking, and research techniques. They will take an active role in field trips and guest-speaker preparations and presentations. Their college research will include financial topics and building their knowledge of colleges and careers of interest.

AVID curriculum books used:

AVID College and Careers, AVID Critical Thinking and Engagement, AVID Reading for Disciplinary Literacy, AVID Secondary Implementation Resource, AVID Tutorial Guide, AVID Writing for Disciplinary Literacy, Preparing for College

Supplemental materials could include the following:

AVID Weekly®, *Supporting Math in the AVID Elective*, *Write Path* content-area books, focused note-taking resources, my.avid.org Curriculum Book Webpages
