Lynndah,
I'm really glad I accomplished something at summer school, and it was getting to know you a lot better. Remember all the times we left at the break - the little blue mouse I gave to ya - and the time we skipped to Jenny's house. It's so fun to think you're getting away with something - till you get caught. Good luck always. Steve A. must be crazy not to have a great girl like you to go steady with. Remember us seniors next year when yall take over,

Love,
Jackie

new uniforms.

The saying "in with the new" doesn't pertain strictly to the new uniforms. Mrs. Perry, the director, is also a new face. She should be commended for her excellent efforts and time consuming work. Her efforts have not only been excellent, they have been rewarding to every student and teacher in B. H. S. We wish to thank you.

There is always a man behind the scene, in this case it is an organization. The boosters are dedicated to promoting spirit and, as usual, they have done an excellent job this year. Congratulations on a job well done. We would like to thank Mrs. Hayes, booster advisor, for the help she has been. She has gone out of her way to support the boosters. We feel that she should be given an extra bit of thanks.
