CLARK / WILLOW LAKE CO-OP AGREEMENT 2026– 2028

The purpose of this agreement is to give guidance and direction for the smooth operation and cooperation between the participating districts.

Cooperative Philosophy Statement

The cooperative extracurricular program shall be designed to enhance the total educational opportunities of our students. Emphasis shall be placed on:

1. The development of successful experiences for student athletes. The emphasis at the varsity level shall be competitiveness with less emphasis on participation. The emphasis at the junior varsity level shall be competitiveness with an increased emphasis on preparing athletes for the varsity level. The emphasis at the junior high level is on participation and activity development
2. The development of a program which seeks to challenge a student to develop his/her personal skills of attitude and dedication to their fullest potential.
3. The development of sportsmanship, team relationships and social exchange with students from other schools.
4. The development of skills and attitudes that will have lifelong value in future endeavors.
5. With the exception of allowing 6th graders to practice in the sports of VB, BB, & WR when there is an established need, the purpose of co-op activities are focused on the development and competition of participants in grades 7-12 as they are the grade levels that are able to participate in SDHSAA sanctioned activities, which both the Clark and Willow Lake School Districts are members of.
6. SDHSAA, Title IX and other regulatory body regulations will be adhered to at all times, with the AD's responsible to see these regulations are followed.

Sports CO-OP Governance

1. Each school will have two (2) school board members, and their respective Athletic Director and Superintendents on the Co – op advisory board.
2. This Co-op board will meet as necessary during the Fall and Winter sport seasons.
3. The administration of the Co-op will be the task of the athletic directors, superintendents, and principals.
4. One coach from each school may be part of each co-op meeting.
5. An agenda may be provided at that time as to the purpose of the meeting and for advisory board members to seek input from their respective board members. Information from these meetings may be published in the paper for patrons to view.
6. Amendments or changes to the Co-op Agreement will only be made at the Spring meeting, with final approval of both school boards at their next respective Regular Meetings.
7. Only the Co-op Advisory Board, coaches representatives, and person(s) with a formal proposal are invited to the Spring Meeting. Those wishing to propose an idea or amendment for consideration to the advisory board must give written notification and outline of proposal to appropriate A.D. before scheduled Spring Meeting.

District Shared Financial Responsibilities:

The districts will split all costs on a 50 – 50% as it relates to ADs, coaches, transportation, uniforms, equipment purchases and tournament costs. The administrators will agree upon major purchases for the combined programs. Districts will be responsible to fund all individual district capital costs/expenses. Districts will make cost comparisons at the end of the fiscal year and reimburse each other prior to the end of the fiscal year in which cost was incurred. Each school will keep gate receipts for regular season games.

Clark / Willow Lake Cooperative Goals:

The goal of the cooperative athletic program is to provide a wide variety of athletic experiences for the students in the junior high and high schools of each district. Efforts will be made by coaches and administrators in each district to determine the interest and willingness to participate in a wide variety of sports for both boy's and girl's programs.

Athletic Directors

There will be 2 athletic directors, one from each school, with different responsibilities. The Clark athletic director will be responsible for scheduling games, hiring officials, and transportation scheduling all athletic activities for junior high to varsity activities. The Willow Lake athletic director will be responsible for completion of reports and rosters in accordance to South Dakota High School Activity Association, home games programs, inventory control, and all other expenses and purchases needed for the coop with the input of the business managers. Both athletic directors should keep communication open with coop advisory board members when there is a need for change in a game location. Both ADs should be in constant communication with each other and the coop board for any issues relating to the coop. The stipend for this position will be equally divided between the two ADs.

6th Grade Participation

1. 6th graders may only practice in the following sports (basketball, wrestling, and volleyball) after the head coach of an eligible activity establishes a need that is agreed upon by both Athletic Directors.
2. An “established need” is defined as demonstrated need for conducting an adequate practice or needed training partner.
3. If a need for 6th grade participation in a 7th & 8th grade practice, participation in all practices must be open to all interested 6th graders, with the invitation to participate placed in each schools respective daily announcements for an appropriate period.
4. If 6th graders are allowed in practice, they must be fully integrated into practice, including individual drills and inter-squad scrimmages.
5. 6th graders may practice at both Clark and Willow Lake.
6. 6th graders are not allowed to compete in 7th and 8th grade events that are part of school sponsored activities or school transportation to competitions.
7. Due to dangerous conditions, no 6th grader will be allowed to practice or play in school sponsored football games.

Practice Times & Scheduling

1. It is essential that parents be able to plan on when they have to be at school in order to pick up their students. Therefore, the school will have set practice times.
2. Times of junior high through varsity practices and bus times will be developed and provided to parents by the coaches at the beginning of each season
3. Every effort will be made to combine routes, practices, and other transportation costs for the efficiency of the program (This is the job of the head athletic director.)
4. With the exception of track and golf, the athletic directors will make every attempt to schedule all high school practices fairly. Also, the athletic directors and coaches will make the final schedule with the following in mind: if there is an imbalance in participation numbers, the school with the greater participation may host most of the practices.

Cross Country

Football

Volleyball

Girls and Boys Basketball

Wrestling

Softball: Due to Dual Sport participation, most practices may be held in Clark.

Track: Due to facilities, outdoor Varsity and JH practices will take place in Clark. When inclement weather dictates the necessity of indoor practices, coaches will have discretion to practice either in Clark or WL.

Golf: Due to facilities, Varsity and JH practices will take place in Clark

- 5 School dismissal will be at 3:10 P.M., which means co - op practice should begin no later than 4:00 P.M. Practices should conclude prior to 5:50 so buses can leave by 6:00 sharp to get our student athletes home for family commitments. Wednesday practice will conclude on or before 5:30 so as not to interfere with church scheduled activities. Sunday practice is prohibited except for preparation for tournament. Sunday practices need administration approval. Downtime needs to be utilized to benefit practice at host school prior to the arrival of the teammates from coop school.
- 6 Weather related game and practices: It is our policy to CANCEL games and PRACTICES or OPEN GYMS if either school has been cancelled due to weather.
- 7 Each school district is responsible for getting their athletes to practice.
- 8 Effort will be made when at all possible to have JH and HS practices in the same town in the sports of VB and BB to help aid head coaches to structure practices and utilize coaches in the best way possible to aid in the development of participants of sub-varsity teams.

Moratorium

All CWL personnel will honor the Summer and Winter Moratoriums established by the SDHSAA. The moratoriums shall be consecutive days and include the dates set by the state each year. This means NO GAMES, PRACTICE, or TEAM ACTIVITIES!

Game Scheduling

1. The Clark athletic director will make every attempt to schedule all high school and junior high school home contests fairly with the Head Athletic Director making the schedule and the assistant approving before finalizing. Also, the magnitude of the game and/or geographic will be factors when determining the sites of these contests.
2. The intent of this agreement is to schedule contests as close to 50 – 50 as possible. The AD will do his/her best to get LCC games (South) scheduled in Willow Lake and NEC games (North) scheduled in Clark. Also the magnitude of the game needs to be a factor when scheduling due to seating capacity.
3. One football game will be played in Willow Lake, the satellite school according to SDHSAA Grade 9-11 ADM enrollment, as part of their Homecoming Celebration. All other home regular season and playoff football games will be played in Clark, the base school according to SDHSAA Grade 9-11 ADM enrollment. The location of Junior High and Junior Varsity games will be determined by the athletic directors. Contingency clause: If Willow Lake improves their football facilities by adding bathrooms, concession stand, bleachers, crowns nest, and improve lighting; Willow Lake will receive the second home game resulting in a 50/50 split.. All improvements must be made before this change is made.
4. Due to facilities, Track & Golf competitions will take place in Clark.
5. Due to facilities, all playoff volleyball matches will take place in Willow Lake; however, the factors of opposing team's location as well as the magnitude of the game may influence this decision.
6. Softball: Depending on field conditions, effort will be made to balance/split scheduled home games between Clark & Willow Lake.

Student Transportation

1. Student athletes are expected to ride to and from practices and events on the transportation provided by the school districts. Exceptions may be made if **prior** arrangements have been made by the parent with approval by administrators.
2. Students may be released from riding home on the bus after practices or events if prior arrangements have been made by the parent with the administrators or if the parent or guardian is present and they sign out their child on the form provided by the coach.
3. Willow Lake school buses will be used to transport all students if the game is north of Clark. Clark will provide the transportation to games south of Willow Lake.

Hotel Accommodations

The CWL Co-op will cover hotel costs, when the need is determined by administration, for all SDHSAA sanctioned postseason events such as region tournaments/meets, SODAK 16 contests, and state events. Regular season tournaments, meets, or other contests will need to be covered through team fundraising or appropriate booster clubs

Hiring/Evaluation/ Procedures for Coaches/AD

Hiring - For the purpose of recommending a coach, all candidates' applications will be reviewed and interviewed by the athletic directors, with principals and superintendents being involved as necessary. Although it is not required, it is highly recommended when two or more coaches are needed or desired for a sport season that each community be represented. Also, in filling vacancies for positions, the Administration will give first and serious consideration to currently employed certified staff members of both Districts; however, when those avenues have been exhausted, the Co-op is not restricted by this **Agreement** with respect to the employment of non-certified employees.

1. Preferably the coach should be a district staff member.
2. All coaches / volunteers will have to complete background checks and be approved by the School Boards of their respective communities.
3. Evaluations- All coaches will be evaluated by the athletic directors at the conclusion of their sports season. A copy of the evaluation should be placed in the coach's cumulative file in the superintendent's office at the end of the season
4. The athletic director will be evaluated by respective superintendents and the evaluation reviewed by the coop board.

Supervision

1. Supervision for all home games will be provided by the host school.
2. The athletic director of the host school shall be responsible to see that all arrangements are made for supervision, game management and host responsibilities for visiting teams.

Cheerleading

The program will follow State & National Federation regulations. The cheerleading coach in cooperation with both athletic directors shall develop procedures and timelines for cheerleader selection / tryouts.

1. There will be eight cheerleaders for the following sports: Football and GBB/BBB. Tryouts will take place for these positions, if necessary. Cheerleaders for girls and boys basketball will cheer during Varsity and JV home games only. **Only Top-8 varsity positions will travel to post-season games.**

Purchasing uniforms

Required athletic uniforms will be purchased on a rotational basis. Additional team apparel will be purchased on individual basis or by a booster club. All uniforms should have one or all of the coop colors of dark green, silver, or black. No other colors should be considered when purchasing uniforms.

Awards

Each activity will host their own individual banquet or may host in conjunction with another similar activity. CWL will pay for 5 student awards per sport, except cheerleading in which 3 student awards will be presented. Coaches are welcome to award students with other honors at a separate banquet or ceremony; however, the schools are not responsible for the cost.

CWL Academic Eligibility Rules:

Students must pass all of their classes to be eligible for Co-op and district activities. Any student with a failing grade (F) in any one or more classes will be academically ineligible for a period of one week. Students must be passing all their classes to compete or participate in their respective activities. The student may continue to practice during this ineligible period, but will not be allowed to dismiss school early for an activity.

Grades will be checked by 12:00pm each Monday (or as soon as possible after this time). Ineligibility period runs from 12:00pm Monday – 12:00pm the following Monday. If there is no school on a Monday where eligibility is checked, then Tuesday 12:00pm will be the day and time of grade check. If the end of the quarter falls within the ineligible period, the ineligibility will expire at the end of the qualifying week. All students will be eligible at the beginning of each grading period unless they are ineligible according to SDHSAA guidelines.

The following examples should clarify the process.

1. For teachers, a student's eligibility will then be based on whatever grades have been recorded at the end of each Friday during the athletic season. If no new grades have been recorded, it will be assumed that the student has regained eligibility, unless there is missing work remaining.
2. Before any student moves from Eighth 7th grade to C-team, JV, or Varsity athletics, the student's grades must be checked to ensure the 3.0 grade in all classes has been achieved and must be maintained.

Training Rules & Regulations

Student athletes of the Clark/Willow Lake School District shall not possess, use, sell, give or be under the influence of any drug, or counterfeit drug, the possession of which is prohibited by law. This includes narcotics, hallucinogenic drugs, alcohol, amphetamines, steroids, cocaine, or intoxicants of any kind. The use of any tobacco and vaping product is also prohibited. It is not a violation for a student to be in possession of a legally defined drug specifically prescribed by a doctor.

This policy will be subject to enforcement and/or disciplinary action by the department heads and administration for a year-round period coinciding with the district fiscal year, July 1st – June 30th of the following year.

1. Violations may carry over to the next school year if qualifying events are not satisfactorily carried out and served the previous school year.

2. Any student-athlete facing penalty for a violation must finish the established season in good standing for the sport they are participating in while serving the penalty, otherwise that suspension time will not qualify as time served and that time will roll into the next season that student-athlete participates in.

Penalties for Basic Rule Violations: Penalty starts at first qualifying event the student participates, after school becomes aware of violation and notifies student. It is up to the discretion of the coach or advisor as to whether the individual would continue to practice or attend the qualifying events during the suspension.

1. **First Violation:** After confirmation of the first violation, the student shall lose eligibility for the next two qualifying events in which the student participates.
2. **Second Violation:** After confirmation of the second violation, the student shall lose eligibility for the next four qualifying events in which the student participates.
3. **Third Violation:** After confirmation of the third or subsequent violation the student shall lose eligibility for one (1) calendar year.

Curfew: Training hours from Sunday through Thursday - 10:30 PM, unless there is a school activity. Athletes must be home 1/2 hour after the activity ends. Training hours on Friday and Saturday nights - 1:00 AM. It is strongly encouraged that parents reinforce this policy.

Dual Sport Participation (Grade 8-12 only)

1. Parents must arrange a meeting with the activities directors at least two weeks prior to the first practice of the involved activities (Prior to whichever activity starts first.) This meeting will allow parents to request dual participation in two school sponsored activities during the same season.
2. This meeting will include parents, students, activities directors, and the coaches/advisors of both activities. The agenda of this meeting includes guidelines, scheduling conflicts, expectations, and workability. In cases of consensus, an agreement form will be completed and causes of termination will be discussed.
3. Parents and students must fully understand that requests for dual participation may not always be workable.

Guidelines:

The student must:

1. maintain a weekly grade point average of 3.0 on a 4.0 grading scale and have NO Fs.
2. be expected to fulfill the practice requirements for both activities determined by the coaches/advisors.
3. Students may not participate in more than one activity per calendar day.

Lettering Guidelines

Students have the opportunity to letter in all athletic activities. Varsity letters for playing time will be given at the discretion of the head coach. Varsity letter will be withheld if all equipment loaned to a student by either school is not returned or paid. Student/athlete must compete entire season, except for illness or injury, in order to letter. All coaches must have their lettering policy in writing prior to the season.

Athletic Stipends

Each school pays coaches from their perspective schools. All extra-curricular coop stipends will be addressed every other year according to negotiated policy. Negotiations will be separate and apart from the Clark Education Association / Willow Lake Education Association negotiations addressed every year by the individual school districts. All coaches will be paid stipends in one lump sum at the conclusion of their season. Prior to payment, coaches must check in all clean uniforms, put away equipment, and provide the athletic directors with a list of damaged or missing equipment. Upon completion of these duties, the athletic director will report to the respective business managers to issue the stipend checks to the coaches. Coaches will NOT go to business manager to request this money. Coaching stipends will only be paid if competitions or performances are held during that activity's season.

Coaching requirements

1. All coaches are highly recommended to obtain a CDL license unless excused by administration. CDLs are at the expense of the individual coaches. Coaches who obtain their CDL will receive a \$300 bonus to their coaching stipend providing they drive a vehicle requiring a CDL to practice or games. Coaches will drive to all practices but will not be required to drive to games. Exception to this could be JH or JV games. Though "home" games have been identified at both sites (Clark and Willow Lake), it is the boards' wishes to provide transportation to our athletes from one school to another for contest, just as they provide transportation to practice. It is mandatory that every coach rides to AND from events on the bus with the team.
2. All coaches need to take required classes in order to be a cooperative coach. Certificates of completion will be placed in coach's cumulative folders in office.
3. Coaches that fail to take or pass SDHSAA required rules meeting or exam will be financially responsible for any fines or penalties assessed by the SDHSAA.

New Programs

A district wishing to start a new sport and wishes the other district to participate, must contact the other district at the earliest possible date. A detailed proposal must be submitted for the directors to take action. Formal acceptance by both districts is necessary for the activity to begin as a combined sport.

Annual Program Review

At the end of each sport season, athletic directors from each district will discuss and evaluate all aspects of the season and program and make adjustments for the coming season.
