WELCOME BACK TO SCHOOL!

Dear Mad Scientists,

Welcome to a new school year! I hope that you have had a great summer filled with fun vacations, endless snacks, late nights, and sleeping in. Unfortunately, the summer has come to an end, but that does not mean the fun has to stop. It is now time to buckle down and focus on meeting your new teachers, getting to know new classmates, and learning new class material. Do not be discouraged by fear of new experiences or uncharted territory because I believe that you are capable of accomplishing anything that you put your mind to. Always remember that hard work results in great rewards. Have a great school year!

Sincerely,
Paige L. McKnight
