

## **Superintendent Guardrails for Student Outcome Goals**

### **Guardrail #1 Planning**

The superintendent will not allow teachers to go without well-developed lesson plans according to the lesson cycle that are aligned to highly tested student expectations.

### **Guardrail #2 Instruction**

The superintendent will not allow teachers to go without weekly instructional walk throughs by campus administration as documented by the T-TESS aligned form in DMAC.

### **Guardrail #3 Assessment**

The superintendent will not allow campuses to go without at least one highly developed TEKS-aligned formative assessment with questions written to the rigor of the student expectation (all grades, all core subjects) each six weeks.
