

4th Quarter Covid-19 Procedures 2021

The Pottsville School Board along with Superintendent Larry Dugger voted on April 15, 2021, to uphold the current procedures in place for Covid-19 for the remaining of the school year. This applies to extracurricular activities as well. The CDC is recommending the continuation of masks and social distancing as new variants of Covid-19 are spreading, and we want to ensure our students, families and staff stay safe.
