## Dinosaur Rock Assembly

We are thankful to the PTO for bringing **Dinosaurs Rock** to our schools to speak about dinosaurs and fossils. The children were able to touch the fossils and see the difference in a dinosaur's size versus their own. They ended the assembly with a fossil hunt and were able to take home a fossil that they found on their hunt. Thank you again to the PTO for all our great programs.

## Mr. Gussen Visits 4th Grade

Mr. Gussen visited with our 4th grade students to discuss Renewable Energy that they are learning about in class. He explained what fossil fuels are and how we need to start using more renewable energy sources. It was a great addition to our lessons in class.

## Spotlight on Preschool

Our preschoolers have been busy exploring the thematic unit *Healthy Me!* The unit focuses on eating healthy foods, washing the germs away, and being safe. Students have been engaged in various activities that promote good nutrition, hygiene, and safety. Pre-K 4 students listened to the story, *Duck on a Bike* by David Shannon and decorated their own helmets. Students enhanced their fine motor skills through coloring and decorating their helmets with stickers. Pre-K 3 students learned about what a germ is and made adorable germ pets!
