## CLASSROOM MANAGEMENT

In our class we follow the school wide PBIS protocol by encouraging positive behavior through rewards and incentives. Our school uses the Four B's: Be Safe, Be Kind, Be Respectful and Be Responsible. This year we have a new social skills curriculum that will help students understand what those things mean and how they can contribute to the learning community.

When students are not able to follow school expectations they are subject to consequences that follow a particular procedure that is described in the Student Handbook. Every child is given the opportunity to be successful and to learn from their mistakes.

When our class is able to work together to BE SAFE, KIND, RESPONSIBLE, and RESPECTFUL and are able to listen to what each of us needs to be successful, then I know we will have a great year!
