VITAL AGING PARTNERS WITH HEMINGWAY HIGH SCHOOL AND WCSD CAREER & TECHNOLOGY EDUCATION TO OFFER COMPUTER CLASSES FOR SENIORS

Vital Aging is proud to announce its partnership with Hemingway High School and the Williamsburg County School District (WCSD) Career & Technology Education Department to offer computer classes designed specifically for senior citizens in Williamsburg County.

Through this collaborative effort, senior participants gained valuable skills in basic computer use, including word processing, creating presentations with PowerPoint, and essential internet safety practices. These classes provided seniors with the tools and confidence needed to navigate today's digital world, fostering greater independence and connectivity.

This initiative highlights Vital Aging's commitment to lifelong learning and demonstrates the power of partnerships between education and community organizations.
