

Converting a Nearpod Lesson to PDF

Select your Nearpod lesson.

Hover over the three dots.

Select Export to PDF

The screenshot displays the Nearpod interface. On the left, a card titled "EXPLORE THE NEARPOD LIBRARY" features an illustration of a computer monitor, books, and a globe. Below this, a lesson card is visible with a profile picture of Allyson Chappell and the title "PhET: States of Matter Intr...". The lesson details include "Allyson Chappell" and "Jul 13, 2021 - 10MB". On the right, a dark-themed context menu is open, listing several actions: "Share With Teachers", "Duplicate", "Add To", "Export PDF" (highlighted in blue), "Reports", and "Delete". The menu also includes a "Drag to folder" option at the top and an "Edit" option at the bottom.
