

ATHLETIC UPDATE: WEEK 3 / 8-26-22

Hello Sport fans,

Below is our Week (4) Sports calendar for next week Aug 30 thru Sept 3. If you plan on going to the Varsity Football game tomorrow night @ San Marcos High School 7pm start time, San Marcos is selling tickets via GoFan only. <https://gofan.co/app/school/CA23116>

Overall, Santa Maria had a nice start to its Fall season. The Varsity **football team** won a back and forth scoring game vs. East Bakersfield (24-22.) The game came down to a 2pt conversion attempt by Bakersfield, but the Saints stopped an inside run play to seal the victory.

The **Girls Golf program** is performing well with two Athletes in the top 13 of League play.

The **Girls tennis program** is going through a transition but with 35 wonderful young ladies on the team and with Coach Dolan back at helm the future looks bright.

The **Girls Volleyball program** has never been stronger. Coach Rodriguez has put together 3 solid teams, Frosh, JV and Varsity. I might sound like a scratched record for those who remember scratched records, "the future looks bright."

The **Girls and Boys programs** are in a rebuilding process. This is year will be a learning year while trying to build up their numbers. If you would like to help, please let our students know it's not too late to start playing Water Polo. Coach Troeger (Girls) and Eisner (Boys) will welcome them with open arms and a big smile.

Our defending CIF Champions **Cross Country** folks are getting in great shape. Their first event is not until Sept 10.
