Houston County SAT Scores Higher than State and National Averages

HOUSTON COUNTY, GA – For the tenth consecutive year, Houston County School District's SAT scores have outperformed the state and national averages. The College Board recently released SAT scores for the Class of 2026. Houston County School District students earned a mean total score of 1,075, which is 64 points higher than the national mean and 44 points above the state mean.

Houston County students outperformed their peers in public schools across the nation by 31 points in *Evidence-Based Reading and Writing* and by 33 points in *Math*. A total of 935 Houston County students in the Class of 2026 took the SAT.

"The Class of 2026 has given us another reason to be proud of the academic accomplishments of our Houston County students," said Dr. Richard Rogers, Superintendent of Schools. "These SAT results reflect the strong preparation our students receive and the high expectations they set for themselves. Reaching this level of performance is a significant accomplishment, and we are grateful to our students, teachers, and families who continue to make academic excellence a priority. We are excited to see where these students go next and all they will accomplish."
