

Serving Fresh, Local Food Daily!

Where flavor meets dedication.

We know food, and we're committed to serving meals that are as delicious as they are nutritious. With locally sourced ingredients and a passion for quality, every bite hits the mark. And we do it all while tacking the job of meeting state and federal requirements!

We are excited for the 2024-2025 school year and look forward to the following to help us offer better, more delicious, scratch cooked meals for our students.
