

CLASSROOM MANAGEMENT PLAN

Elmore County Schools Policy: The Teachers' Bill of Rights requires every teacher to have an approved classroom management plan and affords teachers the right to exclude disruptive students from their classrooms in certain circumstances. The purpose of this policy is to outline the standards applicable to the development and approval of required classroom management plans; the standards applicable to the exclusion of a student from the classroom by a teacher; and the appeal process available to a teacher if a student is returned to the classroom by the principal. Removal of a student should never be the first option.
