## WELCOME CHEF MATT

Greetings, my name is Matthew Hoch and I'm very excited to be the new Chef Manager for the Shippensburg Area School District. My wife Serenity and I live in Shippensburg with our two children Elyse who is in 6th grade and Logan who is in 5th grade.

I have been blessed to have always called Shippensburg home. I graduated from Shippensburg Area High School and continued my education through Auguste Escoffier School of Culinary Arts and achieved two degrees both in Culinary Arts and Operations as well as Food and Restaurant Management. During my education, I worked on growing my own local catering business. I have experienced both mass production in large venues as well as being a Chef in an upscale privately owned restaurant. It is truly an honor to serve my neighbors, family and friends in this capacity. My wish is that we all have a fantastic school year.

As we celebrate National Tater Tot Day, (February 2nd) here are some interesting facts to impress your friends and family with:

- The word 'tater' is a slang term for a potato, while 'tot' is short for 'potato'.
- Ore-Ida, the company that invented tater tots, actually got its name from 'Oregon' and 'Idaho', where most of their potatoes were grown.
- The average American eats about 70 tater tots per year, making them a popular snack and side dish.
