Staff Spotlight: New Staff to KCES

Allison Singletary - 2nd Grade Teacher

Mrs. Singletary earned her Bachelor's Degree in Early Childhood Education and Special Education from Middle Georgia State University. In addition, she received a reading endorsement with her degree. She began her teaching career at Pulaski County Elementary School and transferred to Kings Chapel this year. Mrs. Singletary lives in Perry with her spouse, her daughter, and her fur baby. She enjoys traveling, shopping, baking, and spending time with her friends and family.

Molly Schaefer - Music Teacher

My name is Molly Schaefer, I am from Cartersville in North Georgia. I moved here in 2020 and taught at Lindsey Elementary for two years before coming to KCES. This is my third year in Houston County. I am very excited that I get to love, serve, and care for kids at this school and teach them music. When I am not teaching, I enjoy playing my ukulele and saxophone, hanging out with my friends, and spending time with my cats Spunky and Teddy.

Thanksgiving Lunch

Guests of Pre-K, 2nd grade, and 5th grade are invited to Thanksgiving lunch next Thursday, November 10th. Due to food and space limitations, we are only able to host **one** guest per child. The meal is \$5 for guests and **must be paid in advance no later than Wednesday Nov 9th**. Look for lunch times and prepay information in Wednesday folders. Guests for other grades will be invited to upcoming Christmas and Valentines lunches.

Students of the Week

Our **1st Grade Students of the Week** are Tony McKinney, Harper Mattingly, Harrison Sparrow, Millie Knight, Charlie Crisp, and Emry Anne Sirmons!

What is PBIS?

PBIS is a program supported by the Houston County School District to promote positive behaviors and student success. It is a school wide strategy that is meant to help ALL students achieve important social and behavior goals. At Houston County we believe that every student deserves to be in an environment that will ensure their safety, engage their brains, and challenge their abilities. Therefore, students are taught the behaviors we expect to see, reminded to use those behaviors, and acknowledged when they do. As part of our PBIS program, we have seven positively stated expectations that support the school's Creed: **Caring, Outstanding, Unique, Growing, Always Positive, Ready, Safe.** These expectations apply to all students and staff members.

Our **5th Grade Students of the Week** are Smith Greco, LilliAnn Smith, Abigail Arnold, and Weston Rainey!

Way to go, KCES Cougars!

Dismissal Reminder

Parents, don't forget to bring you 3 digit pick up card when picking your child up from school and from club meetings. Please let our front office staff know if your student will not be

staying for clubs or tutoring 😊 **ANY** change of way for students **MUST** be called into our front office for the correct dismissal changes to be made.

Cookie Dough Fundraiser

We want to give a HUGE thank you to our students and parents for all your help with this year's Cookie Dough Fundraiser! KCES raised over \$14,000 that will help go towards new playground equipment for our students 😊

Tomato Soup Can Donations

KCES is working with Perry Volunteer Outreach to create food boxes to feed local families. Please consider helping by sending in non-expired tomato soup cans with your student November 1st - November 18th. Last year we collected 1,753 soup cans! KCES hopes to collect even more this year! Thank you for helping us in this worthy cause.
