Vocabulary Tips for Parent

When introducing new words to your young learner, keep the following four helpful hints in mind:

First, provide a simple, kid-friendly definition for the new word: Enormous means that something is really, really big.

Second, provide a simple, kid-friendly example that makes sense within their daily life: Remember that really big watermelon we got at the grocery store? That was an enormous watermelon!

Third, encourage your child to develop their own example: What enormous thing can you think of? Can you think of something really big that you saw today? That's right! The bulldozer near the park was enormous! Those tires were huge.

Last, keep your new words active within your house. Over the next few days and weeks, take advantage of opportunities to use each new vocabulary word in conversation. Take the time to share new words and build your child's vocabulary.
