

Alabama Literacy Act for Parents

Tuesday, August 29, 2023

W. S. Harlan Elementary School

The Alabama Literacy Act's and WSH's goal is grade level reading by the end of third grade through classroom instruction based on the science of reading, assessments to monitor progress toward the goal (benchmarks three times per year plus monthly progress monitoring), interventions targeting identified deficits (small-group setting with paraprofessionals, aides, and retired teachers), opportunities outside of the traditional setting (Read-at-Home plans and Summer Reading Camp), and multiple layers of support.
