

Welcome to Adams Elementary!

I am the proud principal of 480+ students and 50+ staff members. Our teachers and staff work extremely hard with students to improve achievement by creating school communities in which all students can learn, no exceptions!

The efforts and sacrifices of supportive parents and the expertise and commitment of a nurturing staff allow us to create amazing educational experiences for students.

I look forward to meeting each and every one of you. Stop into the office and introduce yourself when you are in the building. I am happy to assist with your child's education and success at Adams Elementary.

Yours In Education,

Tracy Renfro

Principal
