All seniors

**remember** things,

such as: walking into Mr. Bennett's class on Monday morning and having to write 5 pages of notes; the army of ants marching from class to class in hopes that someone dropped a peice

of candy on **the** floor.

Also, we all have been late for class-at least one time-because of our

**good**, old lockers

getting jammed or faced coming back to school after Christmas break and forgetting your locker combination.

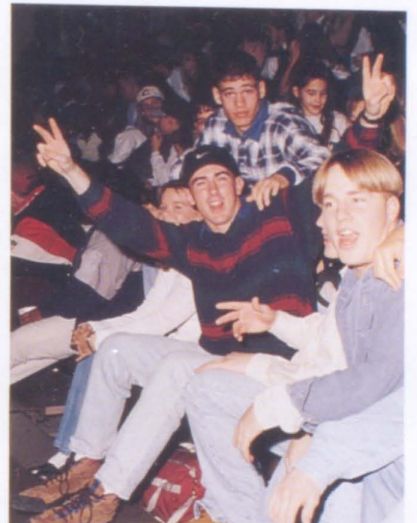

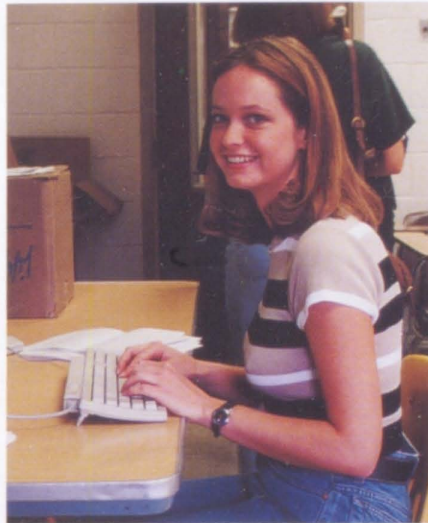

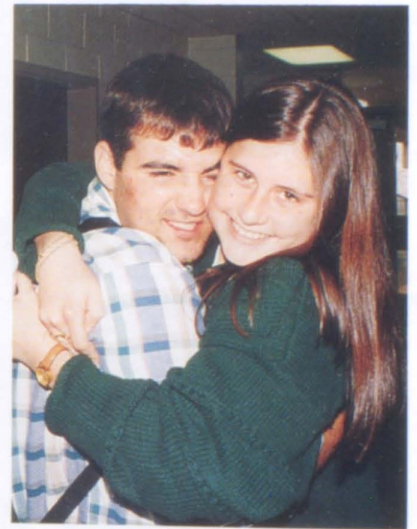

After 3 years of high school, seniors finally got the privilege of going to lunch 5 minutes early so that they could taste the lunchroom food first.

We are going to miss all

of these good **times** - they weren't really that bad.

While the seniors have already made their high school memories, we as the underclassmen have a couple of years until graduation. We are in the same position the seniors were just a few short years ago. They have finished their

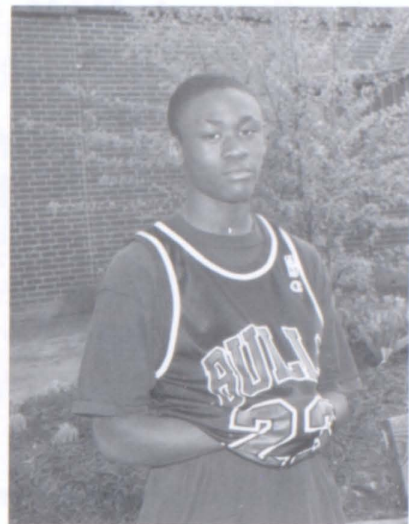

**Journey** while some of us are just getting under way.

The underclassmen have **to** carry out a big role as we hold the majority of the school's population. We work hard at this school as our seniority is about to have its turn.

We are living out **the** same dreams, the same good times, and are convinced that our grade is the best; but, we are all the best due to the fact that we are all so different. As the **end** nears, we realize we're almost there - as the underclassmen!

1999

Teachers are given the greatest gift with which anyone can be trusted - influencing the lives of young people. These two groups, teachers and teenagers, don't always see eye to eye; however, they should realize that mutual respect and trust can be achieved if both keep the following thought in mind, "Other people don't create your spirit, they only reveal it."

We know that it is not possible to win all the time; sometimes you just catch a bad break. However, you should never let yesterday's disappointments overshadow your dreams

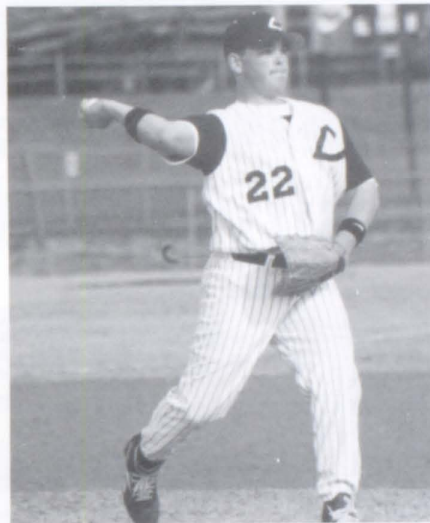

for tomorrow. What matters most is playing to the best of your ability, but if you want to win, it

takes a little more. It takes courage, dedication and determination. It

takes a little something called pride. When you are down, but you know you are not out, you fight back with every ounce of energy and strength you have. Why? Because you have to - because you are a Central Lion.

Here at Central High

School **our** clubs are

outstanding. Every student is actively involved seeking their own special place, whether it be business, civic, or an educational club.

With each new season comes a challenging new project. New faces and new

**leaders** all struggle

toward a shared common goal. Although we are diverse, each student agrees that friendship and community involvement are the key elements that make each club unique.

The many experiences and activities we take part in here at CHS continue to remind us

**of** our future plans. Club

involvement in the community quite often touches each of us in a very special way. The responsibilities, dedication, and participation we learn from our club sponsors are the essential tools we must possess as we grow and change for the world of

**tomorrow.**

## Seniors 96

To long so much for change,  
It's startling winds will certainly sweep a few precious  
leaves from my tree. I suppose fate always wins...  
Other leaves will grow in season, but no two could  
ever have the same shape, or change so beautifully in  
the same shade of fall.

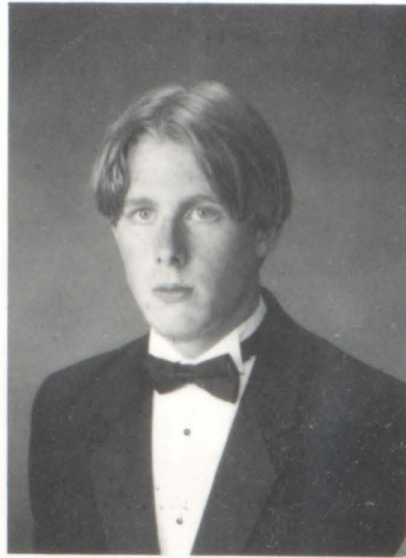

I suppose we all give in order to gain...  
Some things are harder to let go of than others.

Drew McGukin

Emily,

When you look up the meaning of your name, you will find the word ambitious. This word certainly describes you! We thought we would let "Mr. Webster" know that there are many other words that describe you, such as: elegant, graceful, talented, considerate, helpful, intelligent, creative, lovely, and loving.

We have seen you develop into such a wonderful person, and we are extremely proud of you. We expect great things from you in the future because your list of accomplishments has yet to be completed. We love you very much with all of our heart and soul (1,2,3,us). We will always be here for our little "fluffer" no matter what, "cause' we got cooperation!"

Love,

Daddy, Mama, and Allison

## Emily Anne Wilkins - Valedictorian, Class of 1996

BE THE BEST OF WHATEVER YOU ARE

If you can't be a pine on the top of the hill,  
 Be a scrub in the valley—but be  
 The best little scrub by the side of the rill;  
 Be a bush if you can't be a tree.

If you can't be a bush be a bit of the grass,  
 And some highway happier make;  
 If you can't be a muskie then just be a bass—  
 But the liveliest bass in the lake!

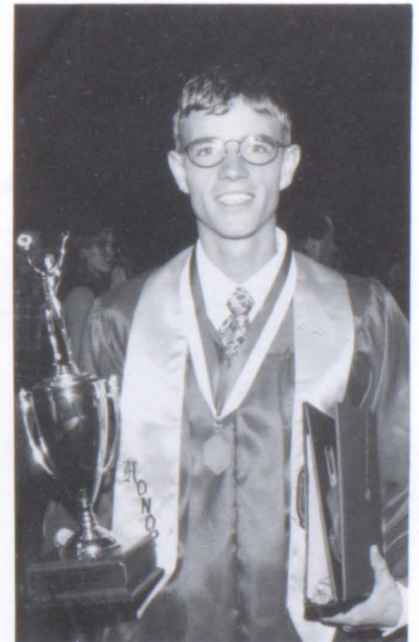

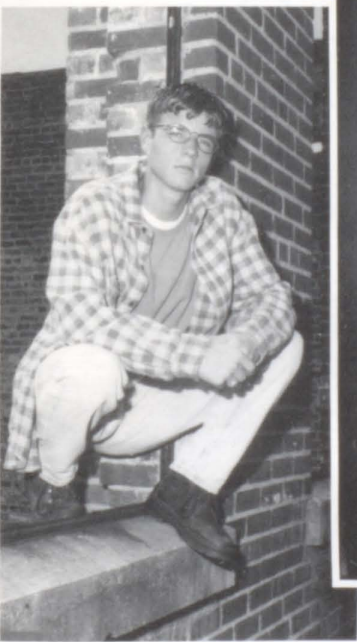

We can't all be captains, we've got to be crew,  
 There's something for all of us here,  
 There's big work to do, and there's lesser to do,  
 And the task you must do is the near.

If you can't be a highway then just be a trail,  
 If you can't be the sun be a star;  
 It isn't by size that you win or you fail—  
 Be the best of whatever you are!

# The Greatest Victory In Sports Is Not In Any Record Book.

Whether you win or lose, sports teach you to come back with a better effort the next time. And that's one of the greatest victories you can achieve.

Sports also teach you teamwork, dedication and determination – values you can apply to every aspect of your life.

NationsBank truly believes in this spirit of sportsmanship. And we are proud to help this spirit grow through our support of sporting events at every level of competition.

After all, sportsmanship has the power to make winners of us all. And we know of no greater victory than that.
