### **Prohibiting the Use of Corporal Punishment**

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO (LOCAL) in the district’s policy manual.

If you do not want corporal punishment to be administered to your child as a method of student discipline, please note by selecting the appropriate choice below or providing a written statement to the campus principal stating your decision. A signed statement must be provided each year if you do **NOT** want corporal punishment to be administered to your child.

You may choose to revoke this prohibition at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

I, \_\_\_\_\_, have read the regulation and understand that I have the right to choose whether or not corporal punishment may be used in disciplining my child(ren).

I do NOT wish for corporal punishment to be administered to my child.

I hereby authorize the use of corporal punishment to be administered to my child.
