Superintendent Report:

Campus Projects

Still waiting for the electrician to run power to the handicap doors. System for secured front door access/exit is on backorder with expectation of January delivery and install.

Locker Room Project

New locker room completion goal is January 3rd; our first day back in school after the Holidays. Plumber has installed 95% of the fixtures, Electrician has about 15% remaining. Temporary heaters have been installed due to back order of permanent heating.

Completion of the Coaches' office and officials' room has been pushed back to the end of January

Kitchen

Still waiting for Miller Oil to install our new range and double oven.

Gym HVAC & School Building Entrance

Discussions are underway with our architect about improving our HVAC in the gym. The project would be paid for through grant funds. Initial discussion is also underway about improving the school main entrance. This project would also be paid for with grant funds.

Renew America's Schools grant

This Federal Grant focuses on energy upgrades. I hope to work with a professional grant writer, Robie Culver, to apply for the grant in order to replace all of the school building's exterior/interior doors, improve our current geothermal HVAC system, replace all the ceiling tiles in the building with more energy efficient tiles, fix the roof leak on the north side of the gym, and repair/replace the gym HVAC (maybe use instead of ESSER). Grant awards are expected to range from \$500,000 to \$15,000,000 and require 5% match from the District.

Impact Aid & District Spending Freeze

Ron and I are enacting a spending freeze for nonessential District purchases and new, non-granted funded projects. Our Impact Aid voucher has been held up due to the contentious Federal election season and the failure to pass a continuing resolution, defense spending bill, or omnibus bill. Our estimated voucher amount is approximately \$1,300,000; however, the total is usually dispersed in two or three installments. My discussions with our lobbyists suggest that the folks on Capitol Hill will move to pass a bipartisan bill of some kind soon and that we will likely receive a voucher no later than the end of January.

With no further Business Wilfred made a motion to adjourn. Motion second by Terry Motion. carried 5/0

Clerk, Board of Trustees

Chairman, Board of Trustees
