September 25, 2025

To Parent Teacher & Employee Organizations:

The Demarest Board of Education has contracted with EnviroVision Consultants Inc. to act as their “Designated Person” as defined under the Asbestos Hazard Emergency Response Act (AHERA) of 1986. AHERA required that all educational facilities be inspected for asbestos – containing materials and develop a remedial plan of action on or before May 9, 1989. In addition, each educational facility shall reassess all identified asbestos – containing materials or materials assumed to be asbestos, at least once every six months (Periodic Surveillance) and re-inspect those facilities every three years (Tri-Annual Re-inspection).

The Demarest Board of Education is in compliance with these requirements. The most recent Tri-annual re-inspection was performed in August of 2025. “Periodic Surveillance” inspections are performed every February and August unless a Tri-Annual Re-Inspection is due. The most recent “Periodic Surveillance” was performed this February (2025), with the next one scheduled for February 2026.

Following each inspection, appropriate remedial actions are recommended to the Board of Education by an accredited Asbestos Management Planner. The remedial plans of action and recommended schedules for implementation (Asbestos Management Plans) are available for review at the Demarest Administrative Office, as well as in each school office.

We will continue to keep you informed of our AHERA compliance.

Respectfully,
Cathy DiNardo
EnviroVision Consultants Inc.
Environmental Consultant on behalf
of the Demarest Board of Education
