Houston County Career Academy to Host Campus Visitation for Prospective Students

HOUSTON COUNTY, GA – The Houston County Career Academy will host a campus visitation on Tuesday, February 7 from 4:00 – 6:00 p.m. As an extension of the Houston County School District, the Career Academy focuses on integrating academics and advanced career and technical education programs for students in Grades 10, 11 and 12.

The goal of the Career Academy is to provide students with job skills for employment prior to leaving high school and to build a skilled workforce. Students are able to earn industry-recognized credentials and/or dual enrollment credit.

The campus visitation is open to students currently in Grades 8 – 11. Students and parents will be able to tour the facility, learn more about the programs and meet the instructors for the various career pathways.

The campus visitation will feature instructors from the Houston County Career Academy, Central Georgia Technical College, and Middle Georgia State University. Each program will feature a hands-on activity and will allow parents and students to ask questions about the courses available. Many business partners will also be onsite to speak with students about apprenticeships and career placement opportunities.

Rising juniors and seniors who are interested in the Computer Science pathway are also invited to tour the R. Wayne Lowe Synergy Innovation Center on February 7 from 6:30 – 7:30 pm. The Center is located at 100 Park Place Drive in Warner Robins.

For additional information about the Houston County Career Academy, visit <https://hcca.hcbe.net/>.
