

Parents with Preschool Children

If you are a Greenwich Township resident and have a child between three and five years of age and suspect that he/she may be displaying a delay in any one of the following areas:

intellectual functioning

speech and language

social/emotional development

gross/fine motor skills

they are eligible for a **free screening**

by the Child Study Team Staff. Screenings will be held on:

Monday, September 12, 2022

BY APPOINTMENT ONLY!

The entire Broad Street registration packet **must** be completed **prior** to your calling for an appointment. We can not schedule an appointment until the completed registration packet is returned to the Broad Street School's Principal's Office.

After you have completed the registration packet, contact the Child Study Team Office to inquire about the schedule or to obtain additional information.

Remember, the earlier you recognize your child's special needs and seek professional help, the greater the possibility that your child can be helped to overcome a problem.

The Greenwich Township School District wants to find some very special Children!!

Call: Child Study Team at 856-224-4920, Ext. 2160
