

Dual Enrollment

Perry High School

Different Types of Dual Enrollment

**Houston College
& Career
Academy (HCCA)
Dual Enrollment**

**On PHS Campus
Dual Enrollment**

**Off PHS Campus
Dual Enrollment
(on the college
campus or online)**

HCCA Dual Enrollment

Houston College & Career Academy is an extension of the programs of high schools in Houston County located at an off-campus center of Central Georgia Technical College.

Current Central Georgia Technical College Dual Enrollment Technical CTAE offerings at HCCA:

- Aircraft Structural Technology
- Automotive
- Barbering
- Computer Software Engineering (MGSU)
- Cosmetology
- Criminal Justice
- Cybersecurity
- Emergency Medical Responder
- Engineering
- HVAC
- Industrial Systems
- Information Technology
- Nurse Aide Essentials
- Welding

On Campus Dual Enrollment (College Courses Taken at Perry High School)

Juniors and Seniors who meet the admission requirements for Central Georgia Technical College must enroll in the following dual enrollment courses. Only CGTC courses are taught on the PHS campus:

- DE US History I and DE US History II
- DE Economics
- DE Sociology
- DE English 1101 and DE English 1102

Each course is taught on the Perry High School campus by PHS teachers. Students do not leave campus and each course is one period.

College Campus Dual Enrollment

(includes online courses)

- **Dual Enrollment (DE)**
 - Taught on college campuses or online according to college schedule
 - Students are released from high school up to 2 periods for each college class and required to make a yearlong commitment to attending classes for those release periods
 - Students are responsible for admissions, transportation, and all communication with faculty during enrollment.
 - Course grades do not exceed 100
 - College credit is awarded upon successful completion of the course.
 - Registration completed outside of Evening Advisement
 - PHS counselors do not have access to grades or are not able to communicate with professors

Grade Level Eligibility

- **2024-2025 Juniors and seniors are eligible to apply for Dual Enrollment**
- **2024-2025 Sophomores are only eligible to apply if they have a 1200 SAT score or a 26 ACT score. Sophomores are eligible for some Dual Enrolled CTAE courses taught at HCCA.**
- **2024-2025 Freshman are not eligible for Dual Enrollment**

Things to Consider

Most college level courses will give a student 1 credit per semester instead of $\frac{1}{2}$ unit of credit. This may affect a student's eligibility for sports if the DE course is not passed.

Things to Consider

For every **college** class a student takes, he/she will be released for **two periods** of the high school schedule. Lab courses will be released for **one period**.

Things to Consider

Failing a DE course can affect a student's Satisfactory Academic Progress and his/her ability to earn financial aid upon graduation.

Things to Consider

- Students may drop one DE course by the college deadline, receiving a Z on their transcript. After dropping a second course, the student will lose DE funding.

Things to Consider

DE will not pay for a class twice. If a student drops a class or fails a class, DE will not pay for the class to be taken again. The failing grade cannot be replaced on the high school transcript.

Things to Consider

DE will pay for up to 30 semester hours and 45 quarter hours. Once these hours are used, students will have to pay for any additional hours they take. This includes academic and Career Technical DE courses.

What class should my child take?

Students may take any English, math, science, social studies, foreign language or CTAE courses through dual enrollment.

What class should my child take?

We recommend completing graduation requirements first. Remember that there may be prerequisites for certain college classes.

Class Suggestions:

Juniors:

- American literature is required to graduate but English 1101 and sometimes 1102 are required to be completed first.
- US History 2111 and 2112 (one of these is required for graduation)
- Economics 1101/2105/2106 (one of these is required for graduation)
- College Algebra/Statistics/Precalculus – Must have completed Algebra 2 before these courses may be taken

Class Suggestions:

Seniors

- Economics 1101/2105/2106 (one of these is required for graduation)
- English 1101/1102 (one of these can be used for graduation)
- If you choose a science, you must take a lab section also
- Look at the required core courses for the college you plan to attend upon graduation. Match up their courses with what you can take at your DE college in order to use your funds more wisely.

What to do next?

- Apply to the college of your choice
- Fill out your GAfutures Dual Enrollment Funding Application for the 2024-2025 school year. Your classes will not be paid for until this form is filled out (gafutures.org).
- Once accepted, register for your classes with the college (not the high school).
- Once registered, bring a copy of your class schedule to your counselor as well as the high school checklist.

Deadline for all students to be accepted and registered for classes is May 10, 2024!

What to do next?

- **Evening Advisement will be March 4-6. Your student's advisor will send you an invitation. Please attend even if you plan on participating in Dual Enrollment**
- **PHS counselors will meet with all interested students during PAWS on March 19.**
- **Parents are invited to come meet with a counselor on March 21 from 5:00-7:30. It will be drop-in on a first come, first served basis. To attend, your student must have already been accepted into their DE college. This session is not mandatory.**
