

Ripon USD Google Apps for Education Account Permission and Information

Our district has established a Google Apps for Education account to support teaching and learning and to allow for easy sharing of documents, file storage, and connectivity within our school and classrooms. This software will allow students and teachers to create, collaborate, and share documents, spreadsheets, presentations, websites, calendars, and more, allowing for flexible access from any computer – both at home and school – with Internet access and a web browser. While Google Apps for Education provides for greatly enhanced flexibility over traditional desktop software, it also allows students to work in a safe, protected environment in a private domain. While all documents are stored online, no one outside our district can access them. Google Apps for Education will enable us to take a big step toward developing a paperless environment in our classrooms.

The Google account name will be your child's district ID number (600000000@riponusd.net).

This Google Apps for Education riponusd.net account will be for school purposes only. Emphasis will be made that this account is not to be used for any social or entertainment purposes, and should only be used for school assignments. Elementary students' will not have access to email within RUSD Google Apps. This feature will be disabled.

**As parents of children in this technological age, it is necessary that we take the steps to monitor and protect our children in their usage of technology. No account will be assigned without parent's or guardian's expressed written permission.

Please fill out and return the permission slip to your teacher.

I, _____ give permission for my child (print first and last name), _____ to have a Google Apps for Education riponusd.net account.
