August 8, 2021

Ya'at'eeh. My name is Cheryl Grass, I am the high school principal. I am the Reed People clan, born fore Edgewater class, my maternal grandfather of the Manygoats clan and my paternal grandfather is of the Bitterwater clan. I had the privilege to work with the K-8 students at from 2006 to 2019 as a teacher (art, Talent and Gifted, third grade and kindergarten). Now, I get to see the wonderful fruits of our labor at the high school. I am ecstatic to see the K-8 students transform in the young ladies and gentlemen that will lead within our communities and/or nation. I look forward to meeting you at the High School to continue their educational journey and propel them to their future goals and dreams.

This year we will be engaged in hybrid learning. Hybrid instruction is a method of teaching and learning where it is a mix between students are in the building part of the time and the other part of the time they are working on their academic tasks at home. (When they are not scheduled to be in the building, the students are expected to be completing their academic task. It is not a day off.)
