

Matty Jones

The best education is not given to students; it is drawn out of them.

Who am I?

I am a student at Delta State University, majoring in Elementary Education. A.W. James Elementary is allowing me to student teach in Ms. Hooper's classroom this semester. I am so excited to meet all of the students and learn

What I believe...

- I believe in holding ALL students to high, achievable expectations.
- I believe in differentiating my instruction to fit the needs of ALL students.
- I believe in creating experiences where the students can explore their creativity and allow their curiosity to direct their learning.
- I believe that every student deserves to receive the best education possible. It is my job to ensure I am constantly making changes to my lessons, fitting all of my students' educational, social, and emotional needs.
