

PUSD #8

Summer Programming Guide

Students grades 6-8

Page Middle School- Summer Programming

Dear Parent/Guardian:

This summer we are offering a wide variety of programming to our middle school students. With the programming, a student also has access to FREE breakfast and lunch as well as transportation. In order to plan for staffing and learning experiences, we ask that you enroll in your program(s) of choice. The attached packet provides you information about daily routines, transportation, food service, and programming. Be aware that programs have limited seats available and some students may be placed on a waiting list. Everyday attendance is expected with each program. Take a look at the calendar to ensure the program dates work with your family's summer schedule. Unless a program states otherwise, the program will run the full 5 weeks of summer school.

Open enrollment has closed. Call Teresa Robbins at 928-608-4310 for information about open seats in each program.

Schedule:

- When: May 31, 2022 – June 30, 2022 - 7:30 am to 12:30 pm
- Where: Page Middle School Campus
- Breakfast & Lunch is served FREE of charge
 - Breakfast - 7:30 am to 7:55 am
 - Programming: 8:00 am to 12:30 pm
 - Lunch - 11:00 am to 11:30 pm

Week 5 - Monday, June 27th - Thursday, June 30th - 7:30 am to 12:30 pm

Program Offerings

VACATION ACADEMIES- 5 week programs

S.T.E.M. Academy (Science, Technology, Engineering, and Mathematics)

- Students engage in hands-on learning opportunities that focus on design thinking and build STEM-based literacy through multidisciplinary, interactive experiences that foster creativity and build problem-solving skills.

Summer Bridge Academies

- Language Development- grades 6-8
 - Students engage in interactive team-building activities that focus on developing a comfortable and connected scholarly community, while accelerating language acquisition and providing access to rigorous language development coursework.
- Algebra Readiness- grades 7-8
 - Students strengthen their understanding of fundamental math and algebraic concepts to provide a solid foundation for success in Algebra 1.
- Math for 7th grade- grades 6-7
 - Students strengthen their understanding of rational number operations and concepts, algebraic expressions and equations, proportionality, and measurements to provide a solid foundation for success in middle school mathematics.
- Mission Possible- grades 6-8
 - Students engage in hands-on science to develop critical thinking and scientific problem-solving skills, and to make science fun! Students will track a dangerous scientist around the world to prevent his release of a deadly microorganism. On their virtual journey students will perform scientific investigations in biology, Chemistry, physics, environmental science and math that relate to the geographic areas where they follow scientists.

ENRICHMENT CAMPS- 5 week programs unless otherwise noted

Art

- Students create a variety of projects predominantly made from exploring many characteristics of paper through cutting, folding and gluing. We will examine various techniques of paper engineering where different types of paper will be used to make simple machines to power kinetic art. We will design and fabricate greeting cards, toys, and our own books as well as reuse old books and magazines in various ways to design different pieces of art such as collages, sculptures, and mobiles.

Basketball Clinic (2 week program- see calendar)

- Students will learn the fundamentals of basketball and have some fun developing new skills to implement into their next school year. They will engage in various skills related fitness components like speed, coordination, balance, power, agility, and reaction time.

eSports (with Page High School)

| ● June 6-9 <ul style="list-style-type: none">○ Rocket League Camp | |

Let's Get Moving (3 week program- see calendar)

- Students will participate in various fitness activities that include desert hikes, the weight and wrestling rooms, individual and team sports.
-

COMMUNITY EDUCATION

- **Navajo Nation Math Circles with Coconino Community College**
 - 2 weeks- see calendar
- **Running and Fitness camp with Wings of America**
 - 2 days - June 22-23

Attendance Expectations and Procedures

Attendance is expected everyday of a program. Take a look at the program calendar to ensure a good fit with your family's summer schedule. If a student enrolls in a program and doesn't show up for summer programming, the school will make efforts to contact the family. If contact is unsuccessful, the school will open the spot for a student on the waiting list to attend. Please keep contact information up-to-date with your child's school to ensure communication gets through.

Behavior Expectations and Procedures

We aim for engaging learning environments during summer programming. In order to achieve this, we expect our students to come to programming ready to participate and learn. The school will utilize their established Code of Conduct in order to deliver engaging learning environments for all students. The school will also utilize their established procedures for intervening on and addressing behavior issues that do not meet the Code of Conduct.

Transportation Information

The district has three (3) summer routes. Make sure to select your primary method of transportation on the application form. Use route information below to make this decision. If your transportation method needs to change, contact your school to communicate the changes. Depending on the timeliness of your communication, the request may or may not be possible.

Accelerate Your Learning

Dear Parent/Guardian:

Your student is invited to attend summer programming due to not meeting the grade level academic criteria set for this school year. Your student has the opportunity to accelerate learning by participating in one of our Academic Academies. With the programming, a student also has access to FREE breakfast and lunch as well as transportation. Programs have limited seats available and some students may be placed on a waiting list. Everyday attendance is expected with each program. Take a look at the calendar to ensure the program dates work with your family's summer schedule.

Get ahead in

By taking
