

Agua Caliente Elementary School Site Council

November 25, 2019 Meeting Minutes

In Attendance: Tiffany Thompson, Amy Ashcraft, Dana Martin, Deb Goepfrich,
Chris Rietz, Cyndil Smith, Krista Lange, Lindsey Kowalski, Kris Condra

Decision Matrix

Chris Rietz presented the proposed Decision Matrix to Site Council

The group questioned what is the goal of the matrix?

The group felt that the matrix was not clear enough and a suggestion was made to use a RASCI chart

301 goals should be added to the matrix and who they pertain to

2020-21 Calendar Revised-REVIEW

The group discussed Interim Grading Day and if an email or phone call should be made by the teacher to the parents of students that are struggling

Is it possible to use Professional Development time as an interim grade day to offset early release not being on the calendar?

Teachers discussed wanting to keep grading days

Tax Credit

Request from Svea Anderson for Science Fair Ribbons and Awards -
\$362.52 Unanimous vote of Approval- funds from Greatest Needs

Other Items

Group discussed finding more eco conscious projects for students to participate in. Ideas mentioned -conserving paper, using reusable plastic items, and reducing recycling. Why aren't students recycling their plastics at lunch time? We have tried it in the past and need to come up with a better way to prevent garbage being mixed in with the recycling.

Respectfully Submitted by Kris Condra
