Dear SESD Families and Staff,

It is with a heavy heart that we share that Stanfield Elementary School District will no longer be able to maintain and fund our Preschool Program moving forward.

For several years, our preschool program has made a tremendous impact on the lives of our youngest learners and their families. We are incredibly proud of the nurturing environment, early learning opportunities, and strong foundation the program has provided to children in our community. Watching our students grow, learn, and begin their educational journey at SESD has been a true reflection of our vision: *Dream! Believe! Achieve!*

Unfortunately, with limited funding sources and tuition fees that have remained intentionally low in an effort to support families, the district is no longer financially able to sustain the program. This decision was not made lightly, as we deeply value early childhood education and recognize the importance of these experiences in preparing children for future success.

At SESD, our mission is to inspire students to dream big and realize their highest potential while fostering a strong sense of belonging through quality instruction and enhanced opportunities. Although this chapter is coming to an end, our commitment to supporting children and families in our community remains strong.

We are grateful for the dedication of our preschool staff, the trust of our families, and the joy our preschool students have brought to our campuses over the years.

Thank you for your understanding and continued support of SESD.

Sincerely,

Jennifer Murrieta
Superintendent
