STUDENT DRESS CODE

The responsibility for the appearance of the students rests with the parents and the students themselves.

Parents have the right to determine each student's dress, providing that such attire complies with the health code of the State of New Hampshire, does not interfere nor disrupt the educational process of the school, and is in compliance with the school dress code published annually in student handbooks.

The Principal is authorized to issue regulations to implement this policy, provided that such regulations are approved by the Board of Trustees.
