Notes from the Superintendent

PARCC Tests to Be Given

The Illinois Assessment of Readiness (IAR) will be administered to students in grades 3, 4, 5, 6, 7, and 8 between March 21-31, 2023. The tests are intended to measure students' progress in meeting the State's Common Core Learning Standards. IAR results may not be available until June. We also report our general academic progress to the community, as the overall results for IAR tests are summarized on our annual State School Report Card. The district is using the NWEA-MAP Assessment and Edgenuity Assessments to guide instruction.

The IAR tests are very important to our school district. We are held accountable for the scores. The Chadwick-Milledgeville teachers and staff have worked very hard to prepare the students, but test results may still be influenced by the physical and emotional condition of the student on the days of the tests. **We ask that you please help your students get plenty of rest the nights before the testing and see that they eat a hearty breakfast on each day of the testing as well.**

Due to the fact that we are utilizing remote learning days when dangerous weather occurs, we have not had to use any of our scheduled emergency days. This means that our spring break and end of year dates are unchanged. So, if you would like to make plans to travel you can be confident in doing so.

Parents and community members please note that Milledgeville High School Graduation will be at **3:00 P.M. on Saturday, May 20, 2023** in the high school gym. We look forward to seeing our parents and community members at the many various spring activities.

Sincerely,
Tim J. Schurman, Superintendent
