Board Goals/Personnel

5000

The goal of the Board of Trustees is to provide an educational program of the highest possible standards. Success in attaining this goal is dependent in large measure upon the competency of the professional staff and of those who serve in direct supporting positions to the instructional program of the school.

It is the policy of the Board to recruit and retain the highest caliber of professional, certificated personnel and non-certificated employees; to encourage the continued professional preparation of all certificated personnel; and to appoint all personnel only upon the recommendation of the Superintendent.

All District employees are at all times subject to the authority of the Superintendent or designee and to such rules and regulations as he or she may from time to time issue with the consent of the Board.

Nothing contained in the policies or administrative procedures included herein is intended to limit the legal rights of the Board or its agents except as expressly stated.

Should any provision of Board policy or administrative procedure be held to be illegal by a court of competent jurisdiction, all remaining provisions shall continue in full force and effect.

Hiring Process and Criteria

5100

The Board of Trustees has the legal responsibility of hiring all employees. The Board assigns to the Superintendent the process of recruiting staff personnel. The Superintendent may involve various administrative and teaching staff as may be needed in recruiting potential personnel. All personnel selected for employment must be recommended by the Superintendent or designee and approved by the Board. All personnel selected for employment must also go through the applicable screening process outlined in Idaho Code 33-1210.

To aid in obtaining quality staff members, the following non-exclusive list of factors will be considered, along with any other factors relevant to the position: qualifications, training, experience, personality, character, and ability to relate well with students. Every effort will be exerted to maintain wide diversity in staff experience and educational preparation. However, the welfare of the children of the District will be a paramount consideration in the selection of teachers and administrators.

This policy shall be made available to any District employee or person seeking employment with the District.

Guidelines

1. There will be no discrimination in the hiring process. See Policy 5120.
2. Applicants for teaching positions shall provide evidence of meeting State requirements for certification and sign a statement authorizing current and past school district employers, including those outside the state of Idaho, to release to the District all information relating to job performance or job related conduct, and making available to the District copies of all documents in the applicant's previous personnel files, investigative, or other files. Such statement will also release the applicant's current and past employers from any liability for providing such information and documentation. Applicants who do not sign the statement/release shall not be considered for employment. The District will consider information received from current and past school district employers only for the purpose of evaluating applicants' qualifications for employment in the position for which they have applied and no one shall disclose such information to anyone, other than the applicant, who is not directly involved in the process of evaluating the applicants' qualifications for employment. Applicants may be employed on a non- contracted provisional basis as allowed by law. Applicants shall not be prevented from gaining employment if current or past out-of-state employers are prevented from or refuse to cooperate with the District's request. See Forms 5100F1 and 5100F2.
3. Applicants for high school and middle school positions should have a major or its equivalent in the specific teaching field(s). Elementary applicants should have a major or

its equivalent in elementary education or in the special area of assignment(s). Applicants for specific teaching positions shall also meet the applicable State standards.

4. Applicants for all teaching positions should have a minimum over-all grade point average of 2.5 (A-4, B-3, C-2, D-1). All candidates should have a grade point average of 2.75 in their respective major teaching field(s).
5. When considering coaching assignments in secondary schools, preference for hiring will be given to a qualified certificated professional employee in the school where the coaching vacancy exists. The building principal will be responsible for assuring that all qualified and interested applicants within the building have been given consideration. Giving such individuals consideration does not mean that such an individual will necessarily be retained for a coaching position or that another individual may receive the position who is not an employee of the building in question.
6. As required in Idaho Code 65-505, the District will observe preference for veterans and disabled veterans when considering hiring employees to fill vacancies, selecting new employees, or implementing a reduction in force.
7. As required in Idaho Code 33-130 and 33-512(15), the District will conduct a criminal history check for applicable positions. See Policy 5110.
8. Each newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.

The employment of any certified staff member is not official until the contract is approved by the Board and signed by both the Board Chair and the applicant.

To assist administrators in compliance with the above policy for the hiring of professional staff, the following guidelines shall be utilized:

Notice of Vacancies

Vacancies will be posted only after the Board has approved written resignation from a contracted professional employee of the District, a termination has occurred, or if a new position is created within the District. The Superintendent shall develop procedures for the posting of available positions within the District.

1. Job Vacancy Notices: Any notice from Troy School District #287 will contain the following information:
 - A. Position available and job description.
 - B. Requirements for completed application, as applicable for position, include but are not limited to: 1) a completed District application form; 2) official transcripts of all university or college credits; 3) a placement center file; 4) a personal

Hiring Process and Criteria (continued)

resume; 5) verification or eligibility of Idaho certification; and 6) a signed statement/release for current and past school district employers.

- C. Timeline for receiving application.
 - D. Process notification of how applications will be handled.
2. Application Procedures: It will be the responsibility of any applicant to provide the information listed in 1-B above.
- A. Such information must be received prior to the cutoff date for receiving applications as specified in the vacancy notice.
 - B. It will be at the discretion of the Superintendent, the appropriate administrator, and the building administrator to determine whether such deadlines should be extended to accommodate individuals where placement center files, transcripts, or other materials are not yet received by the District for consideration. Such time extension will be restricted to a reasonable time frame.
 - C. In addition to the certification information provided by the applicant, the District will also request from the Office of the Superintendent of Public Instruction verification of certification status, any past or pending violations of the professional code of ethics, any detail as to any prior or pending conditions placed upon a certificate holder's certificate, any prior or pending revocation, suspension, or the existence of any prior letters of reprimand and information relating to job performance.
 - D. Within three business days of receipt of the statement releasing information from prior school district employers, as required by I. C. 33-1210, such statement shall be sent to the prior employers with a request for release of information and documentation to be provided as required by that section.

Because responses to such requests may take up to 20 days, or possibly more for out-of-state school district employers, information received pursuant to such request may be reviewed prior to or after interviews have been concluded, at the discretion of the District. Where possible, such information should be utilized as part of the screening process. However, due to considerations of time, such early review may not be possible, and such information received pursuant to this process may be reviewed or utilized up to any time prior to offering employment to an applicant.

- E. Upon receipt of the completed applications, those applications will be placed in a file for review and consideration at the District Office.

5000 – PERSONNEL

Hiring Process and Criteria (continued)

5100

Preliminary Screening

1. At either the time the job vacancy is published, or prior to the conclusion of the application period, the school administrator will provide notice to the appropriate administrator of the desired number of qualified individuals to be included in the "screening pool". The screening pool shall be defined as the number of individuals having completed applications that may be submitted to the building or program administrator for final screening.
2. Should the building or program administrator desire to have applicants prioritized, he or she shall make such known to the appropriate administrator who will provide the prioritized list of a number consistent with the pool.

Screening

1. The building or program administrator may establish a committee to assist in the final screening process.
2. The committee, upon receiving the written applications from the appropriate administrator, will review those applications for the purpose of:
 - A. Determining those most suited to the position;
 - B. Making personal telephone contact with one or more references submitted by the applicant;
 - C. Contacting individuals who might know the candidate, but were not listed as references, if needed; and
 - D. Inviting the top candidates to be interviewed for the position.
3. The committee will establish the procedures at the building or program level for interviewing the successful applicants.
4. For those applicants who have no prior public school work experience or whose out-of-state former employers will not release documentation requested pursuant to I.C. § 33-1210, the screening committee or administrator may engage in whatever background checks it deems appropriate, but at a minimum shall verify all prior work experience and educational achievement listed by the applicant as the committee or administrator deems appropriate, preferably by contacting the prior employers and/or educational institutions listed by the applicant, and shall communicate with every person listed as a reference by the applicant.
5. Upon determining the qualified applicant, the building administrator will submit to the Superintendent the written recommendation for the applicant to be offered a contract.

Acceptance Procedure

Once the Committee or administrator has selected the final candidate, the name will be provided to the Superintendent who will review the applicant's credentials with the building/program administrator. If the Superintendent concurs with the recommendation, the Superintendent will:

1. Authorize a statement of intention to employ, pending Board approval, to be made to the candidate.
 - A. If, at the time the statement of intention to employ is made, the District has not yet received documentation requested pursuant to I.C. 33-1210(3), the District may provisionally employ such applicant on a non-contracted basis for up to 30 days after receipt of the documentation. Within that thirty day time period, the Board may issue a written statement to the applicant identifying why a standard contract will not be issued and specifying which information justifies such decision. The Board may not identify any reason for non-issuance of a standard contract not based on the documentation received. If, within 30 days from the receipt of the information requested pursuant to I.C. 33-1210(3) no contract is issued or the written statement of non-employment is not provided to the applicant, the employee will be deemed to be employed pursuant to a Category 1 contract. During this provisional employment, the applicant shall be provided the same compensation and benefits as if the employee had been employed on a standard certificated contract.

If no documentation is received from out of state employers, the District may employ the applicant on a standard Category 1 contract without utilizing the provisional, non-contracted employment.
 - B. Upon receiving a verbal or written statement of intention to accept employment, pending Board approval, by the candidate, the Superintendent will prepare the necessary papers for recommendation to the Board of Trustees at the next regular or special Board meeting.
 - C. Submit to the Board of Trustees such recommendation.

Board Action

The Board of Trustees Troy School District #287 will:

1. Have placed before it all candidate names for the position; and
2. Discuss hiring and in situations wherein the individual qualifications of the applicant are discussed go into executive session pursuant to law; and
3. Vote relating to approval or disapproval of the candidates. If members of the Board personally have knowledge not available to the building administrator and the screening committee the Board will not take action until all concerns have been reviewed by the building/program administrator.

5100

Approval

Upon approval by the Board of Trustees, a contract, in a form approved by the State Superintendent of Public Instruction, will be sent or given to the applicant pursuant to the requirements set out in I.C. 33-513. The applicant must sign the contract and return it within ten days from the date the contract is delivered to them. Should the person willfully refuse to acknowledge receipt of the contract or the contract is not signed and returned to the Board in the designated period of time, the Board or designee may declare the position vacant. Should the candidate not be approved, or the person willfully refuse to acknowledge receipt of the contract or the contract is not signed and returned to the Board, the Superintendent will remand the situation to the building administrator and screening committee to provide the next applicant's name for consideration.

Any person on provisional employment pursuant to I.C. 33-1210(7) shall be subject to the same time limits and provisions for return of a signed contract when and if such contract shall be provided to them for signature.

Certification

To qualify for employment, each teacher or administrator must have, and maintain during the entire school year, a valid Idaho teaching/administrative certificate on file in the District Office at the beginning of the school year. If at any time the teacher/administrator's certification lapses, is revoked, or suspended, the certificated employee may be subjected to action declaring a contract violation and possible action to terminate the employment of the individual with the District.

Certificated Personnel Employment

5106

Definitions

Category 1 Certificated Employees: Certificated personnel hired on a limited one year contract after August 1st or the spouse of a Trustee hired under the limited provisions of Section 33-507(3), Idaho Code.

Category 2 Certificated Employees: Certificated personnel in the first and second years of continuous employment within the same school district.

Category 3 Certificated Employees: Certificated personnel in the third year of continuous employment by the same school district.

Renewable Contract Certificated Employees: With the exception of Interim Certificate holders, upon being offered a contract for a fourth full consecutive year of employment as a certificated teacher, certificated personnel may automatically renew their employment with this District, for the next school year, by timely returning their contract.

The District shall have the option to grant renewable contract status when it hires a certificated employee who has been on a renewable contract with another Idaho school district or who has out-of-state experience which would otherwise qualify the certificated employee for renewable contract status in Idaho. Alternatively, the District can place the certificated employee on a Category 3 contract.

Retired: Certificated personnel receiving retirement benefits from the public employee retirement system of Idaho, except those who received benefits under the early retirement program previously provided by the State, hired as at-will employees.

Interim Certificate Holder: A certificated employee who holds an interim certificate while they pursue an alternate route to certification must complete at least nine semester credits annually toward the completion of their alternate route to certification and meet their annual progress goals toward the completion of the alternate route. The District may take action to terminate or non-renew a teacher with an interim certificate who fails to meet these requirements. Such termination or non-renewal shall be carried out in accordance with State law and administrative rules and District policy. Personnel who hold an interim certificate and/or emergency authorization and have not been issued their five year renewable certificate shall not exceed a Category 3 Contract until conditions have been met.

Notice

1. Category 1 certificated employees' contracts are specifically offered for the limited duration of the ensuing school year, and no further notice is required by the District to terminate the contract at the conclusion of the contract year.
2. Category 2 certificated employees shall be provided a written statement of reason for non-reemployment by no later than July 1st and are not entitled to a review of the reasons or decision not to reemploy by the Board.

Certificated Personnel Employment (continued)

3. Category 3 certificated employees shall be provided a written statement of reason for non-reemployment by no later than July 1st and shall, upon written request, be given the opportunity for an informal review of such decision by the Board. The parameters for the informal review will be determined by the Board. Before the Board determines not to renew the contract for the unsatisfactory performance of category 3 certificated employees, such employees shall be entitled to a defined period of probation as established by the Board, following at least one evaluation. In no case shall the probationary period be less than eight weeks. The probation shall be preceded by written notice from the Board, with the reasons for the probationary period and the areas of work which are deficient and with provisions for adequate supervision and evaluation of the employees' performance during the probationary period.
4. Contracts for all renewable contracted certificated employees shall be issued by July 1st. All employees on renewable contracts must timely return their contract. The employee's failure to timely return a renewable contract may be interpreted by the Board as a declination of the right to automatic renewal or the offer of another contract. Before the Board determines not to renew the contract for the unsatisfactory performance of renewable contracted certificated employees, such employees shall be entitled to a defined period of probation as established by the Board, following an observation, evaluation, or partial evaluation. The probation shall be preceded by written notice from the Board, or its designee, with the reasons for the probationary period and with provisions for adequate supervision and evaluation of the employees' performance during the probationary period.
5. Contracts for retired teachers are specifically offered for the limited duration of the ensuing school year, and no further notice is required by the District to terminate the contract at the conclusion of the contract year.

Supplemental Contracts

An extra duty assignment is, and extra duty supplemental contracts may be issued for, an assignment which is not part of a certificated employee's regular teaching duties. A supplemental contract for extra duties shall be separate and apart from the certificated employee's underlying contract (Category 1, 2, 3 or renewable) and no property rights shall attach. A written notice of non-reissuance of the extra duty supplemental contract with a written statement of reasons shall be provided. Upon written request, the certificated employee shall be given the opportunity for an informal review of such decision by the Board. The parameters for the informal review will be determined by the Board. The contract shall be in a form approved by the state superintendent of public instruction.

An extra day assignment is, and supplemental extra day contracts, may be issued for, an assignment of days of service in addition to the standard contract length used for the majority of certificated employees of the District. Such additional days may be in service of the same activities as the employee's regular teaching duties. Any such extra day contracts shall provide the same daily rate of pay and rights to due process and procedures as provided by the certificated employee's underlying contract (Category 1, 2, 3 or renewable). The contract shall be in a form approved by the state superintendent of public instruction.

Delivery of Contract

Delivery of a contract may be made only in person, by certified mail, return receipt requested, or electronically, return receipt requested. If delivery is made in person, the delivery must be acknowledged by a signed receipt.

Return of the Contract

A person who receives a proposed contract from the District shall have _____ days [**no less than ten days**] from the date of delivery to sign and return the contract.

Criminal History/Background Checks

5110

General

It is the policy of the District not to employ or to continue the employment of classified, professional or administrative personnel who may be deemed unsuited for service by reason of arrest and/or criminal conviction. While an arrest or conviction of a crime, in and of itself, may not be an automatic bar to employment, if an arrest or conviction relates to suitability of the individual to perform duties in a particular position, such person may be denied employment or in the case of current employees, may face disciplinary action, up to and including termination.

It is the policy of this District to perform criminal history checks as required by Idaho law and to perform other types of background checks on employees and regular or unsupervised volunteers including, but not limited to:

1. Contacting prior employers for references;
2. Contacting personal references; and/or
3. Contacting other persons who, in the discretion of the District, could provide valuable information to the District.

Where a prior conviction is discovered, the District will consider the nature of the offense, the date of the offense, and the relationship between the offense and the position for which application is sought, or the person is employed.

If an applicant or employee makes any misrepresentation or willful omissions of fact regarding prior criminal history, such misrepresentation or omission shall be sufficient cause for disqualification of the applicant or termination of employment.

Any individual convicted of a felony offense listed in I.C. 33-1208(2) shall not be hired.

Initial Hires

In order to protect the health, safety and welfare of the students of the District, Idaho law requires the following employees to subject to criminal history checks:

1. Certificated and noncertificated employees;
2. All applicants for certificates;
3. Substitute staff;
4. Individuals involved in other types of student training such as practicums and internships; and
5. All individuals who have unsupervised contact with students.

A criminal history check shall be based on a complete ten (10) finger fingerprint card or scan and include, at a minimum, the following:

1. Idaho bureau of criminal identification;
2. Federal bureau of investigation (FBI) criminal history check; and
3. Statewide sex offender register.

TROY SCHOOL DISTRICT #287

Criminal History/Background Checks (continued)

5110

Employees will be required to undergo a criminal history check within five (5) days of starting employment or unsupervised contact with students, whichever is sooner.

The fee charged to an employee shall be what the current cost charged by the State Department of Education. All criminal history check records will be kept on file at the State Department of Education. A copy of the records will be given to the employee upon request. The Department will share the results of each employee's background check with the district.

For the purposes of this policy, "employee" is defined as those individuals hired by this district and paid a salary or wages from which federal and state income taxes are withheld.

Substitute teachers

The State Department of Education shall maintain a statewide list of substitute teachers. To remain on the statewide substitute teacher list, the substitute teacher shall undergo a criminal history check every five (5) years. If a substitute teacher has undergone a criminal history check within five (5) years as a result of employment with another District, the District may, in its sole discretion, not require a substitute to undergo a criminal history check. If the District does desire a substitute teacher who has undergone a criminal history check within the last five (5) years to undergo an additional criminal history check, the District will pay the costs of such check.

Other employees

The District may require that any employee be subjected to criminal history checks. If required, the District will pay the costs of such checks.

Volunteers and Contractors

Any volunteer in the District who has regular unsupervised access to students, as determined by the Superintendent or the Superintendent's designee, shall submit to a fingerprint criminal background investigation conducted by the appropriate law enforcement agency prior to consideration for volunteering in the schools of this District.

Any requirement of a volunteer to submit to a fingerprint background check shall be in compliance with the Volunteers for Children Act of 1998 and applicable federal regulations. If a volunteer has any prior record of arrest or conviction by any local, state, or federal law enforcement agency for an offense other than a minor traffic violation, the facts must be reviewed by the Superintendent, who shall decide whether the volunteer is suitable to be in the presence of the students in the District. Arrests resolved without conviction shall not be considered in the hiring process unless the charges are pending.

The names of all individuals who are contractors (such as bus drivers, service providers, referees, etc.) and who may have direct contact with students, will be placed on a register

Contractors will be required to pay for the criminal history check.

Employee Arrest or Conviction

All employees shall have the continuing duty to notify the District of any arrest or criminal conviction that occurs subsequent to being hired by the District. In the event that any employee, whether full-time or part-time, probationary or non-probationary, classified or certified, is arrested, charged or indicted for a criminal violation of any kind, whether misdemeanor or felony, with the exception of minor traffic infractions, he/she is required to report such arrest promptly to the employee's supervisor or department head within one (1) business day unless mitigating circumstances exist. Additionally, if an employee has a protection order served against him/her, the employee shall follow the same reporting requirements as outlined above.

Supervisors or department heads shall contact the Superintendent or designee upon receiving notification that an employee has been arrested or has a protection order served against him/her. The District reserves the right to determine appropriate disciplinary action in such cases, up to and including termination, depending upon the facts and circumstances surrounding the incident.

It is the discretion of the District to terminate or take other action against any employee that has either been convicted of one (1) or more of the felony offenses set forth in I.C. 33-1208 or made a material misrepresentation or omission on their job application.

Reporting New Employees

5125

The Idaho Legislature has established an automated state directory of new hires to be administered by the Idaho Department of Labor (herein after “Department”). The state directory of new hires provides a means for employers to assist in the state’s efforts to prevent fraud in the welfare, worker’s compensation, and unemployment insurance programs, to locate individuals to establish paternity, to locate absent parents who owe child support, and to collect support from those parents by reporting information concerning newly hired and rehired employees directly to a centralized state database.

The District shall report the hire or rehire of an individual by submitting to the Department a copy of the employee’s completed and signed United States Internal Revenue Service form W-4 (Employee’s Withholding Allowance Certificate). Before submitting the W-4 form, the District shall ensure that the W-4 form contains the following information:

1. The employee’s name, address, and Social Security number;
2. The District’s name, address, and federal Tax Identification number;
3. The District’s Idaho Unemployment Insurance account number, which must be designated at the bottom of the form; and
4. The employee’s date of hire or rehire, which must be designated at the bottom of the form.

This District shall report the hiring or rehiring of any individual to the Department within twenty (20) calendar days of the date the employee actually commences employment for wages or remuneration. The report will be deemed submitted on the postmarked date or, if faxed or electronically submitted, on the date received by the Department. A copy of the report shall be retained by the District, and the copy will set forth the date on which the report was mailed, faxed, or electronically transmitted.

Should the District choose to file its report electronically, the District shall comply with the Department’s regulations of such transmissions. Electronically transmitted reports shall be filed by two monthly transmissions, if necessary, not less than twelve (12) days apart and not more than sixteen (16) days apart.

The District is not liable to the employee for the disclosure or subsequent use of the information by the Department or other agencies to which the Department transmits the information.

Extra-Duty Assignment for Advisors/Coaches

This District may enter into supplemental contracts with certificated employees for extra-duty assignments. An extra-duty assignment is defined as an assignment which is not part of a certificated employee's regular teaching duties. Extra-duty assignments include, but are not limited to, coaching, directing, or otherwise advising extracurricular activities.

Determining the qualifications for extra-duty assignments and selecting individuals to fulfill each extra-duty assignment is the responsibility of the Superintendent or designee.

Any extra-duty assignment will be made on an annual basis and is limited to the duration of the school year or other relevant time period as set forth on the supplemental contract. The supplemental contract is separate and apart from an annual, renewable or limited one (1) year contract and must be in a form approved by the State Superintendent of Public Instruction. Compensation will be paid for the employee's services as set forth on the supplemental contract and approved by the Board.

Employees do not have a property right to an extra duty assignment and are not entitled to automatic reappointment for the next year or season. If the Board does not reissue a supplemental contract to a certificated employee who was last appointed the extra-duty assignment, the Board will give written notice to the employee describing reasons for the decision not to reissue the contract. The employee, upon written request to the Board, will be entitled to an informal review.

The employee must request an informal review within ten (10) calendar days of the date that notice of intent to not reissue the supplemental contract is mailed or hand delivered to the employee. The employee will be given an opportunity to meet with the Board in Executive Session within fifteen (15) calendar days of the date the request for informal review is filed and explain why he/she disagrees with the Board's decision. The employee does not have the right to be represented by an attorney or a representative of the local or state teachers association, present evidence, and/or cross-examine witnesses. The Board will notify the employee of its final decision in the matter within fifteen (15) calendar days of the date of the informal review.

Any individual who is assigned an extracurricular assignment shall be required to comply with all applicable district policies and IHSAA regulations, and shall undergo a criminal history check.

Applicability of Personnel Policies

5200

Except where expressly provided to the contrary, personnel policies apply uniformly to the employed staff of the District. However, where there is a conflict between the terms of a collective bargaining agreement or of an individual contract and the District's policy, the law provides that the terms of the collective bargaining agreement or contract shall prevail for the staff covered by that agreement.

When a matter is not specifically provided for in an applicable collective bargaining agreement, the policies of the Board to effectively and efficiently manage the District shall govern.

The board may, without negotiation or reference to any negotiated agreement, take action that may be necessary to carry out its responsibilities due to emergency situations or acts of God.

Classified employees are employed at will and the district policy manual is not intended to express a term of an employment agreement. The provisions of this policy manual do not create a property right which would modify the District's right to terminate the employment relationship of classified employees at will.

Classified Employment and Assignment

5203

Classified employees are those non-certificated employees who are employed by the District or personnel hired in positions which do not require certification. Recruitment and selection of classified personnel (except for head athletic coaches) shall be delegated to administration with review by the Board of Trustees.

With the exception of those classified employees who are hired for a stated specified time, all classified employees shall be regarded as “at-will” employees and may be dismissed at the will of either party and the employment relationship may be terminated at any time for any or no reason (so long as the same does not violate public policy or violate any other provision of law).

Such at-will designation will be included in all job descriptions as mandated by I.C. 33-517 and in written contracts, should the same be implemented by the District. An employment period, as well as other terms and conditions of employment set forth in a job description and/or written contract shall not create a property right as such are included for the specific purpose only of providing notice to the employee of the service and expectations of the District so long as the employment relationship continues.

Classified employees shall be selected, retained, and promoted on the basis of training, experience, character, and job performance. The Board of Trustees recognizes its right to assign staff at the Board's prerogative contingent upon the qualifications of the staff member and the requirements of the position. The Board will make every effort to assign staff members to a position that he/she requests and is qualified for. The necessity for the work and the availability of sufficient funds may also determine the length of employment.

Classified employees shall have no expectation of continued employment, unless so expressly specified by the District. The District reserves the right to change employment conditions affecting the employee's duties, assignment, supervisor or grade. The Board shall determine the salary and wages for classified personnel.

The grievance procedure for classified employees shall be the Uniform Complaint Policy set forth in Policy No. 5250.

Termination

Resignation by or dismissal of a classified school employee shall normally be given in writing two weeks prior to the final day of intended employment, unless extenuating circumstances occur.

Sexual Harassment/Sexual Intimidation in the Workplace

5240

According to the Equal Employment Opportunity Commission, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, including unwanted touching, verbal comments, sexual name calling, gestures, jokes, profanity, and spreading of sexual rumors.

The District shall do everything in its power to provide employees an employment environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by State and federal law. In addition, principals and supervisors are expected to take appropriate steps to make all employees aware of the contents of this policy. A copy of this policy will be given to all employees.

District employees shall not make sexual advances or request sexual favors or engage in any conduct of a sexual nature when:

Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;

Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or Such conduct has the purpose or effect of substantially interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment prohibited by this policy includes verbal or physical conduct. The terms "intimidating", "hostile", or "offensive" include, but are not limited to, conduct which has the effect of humiliation, embarrassment, or discomfort. Sexual harassment will be evaluated in light of all of the circumstances.

Aggrieved persons who feel comfortable doing so, should directly inform the person engaging in sexually harassing conduct or communication that such conduct or communication is offensive and must stop.

Employees who believe they may have been sexually harassed or intimidated should address the matter as described in Policy 3085 and Procedure 3085P. An individual with a complaint alleging a violation of this policy which does not fall within the scope of Policy 3085 and Procedure 3085P shall follow the Uniform Grievance Procedure.

Investigation

If an allegation of sexual harassment is found to not fall within the scope of Policy 3085 and Procedure 3085, but still claims conduct which violates this policy, the designated school officials will take immediate steps to:

Protect the grievant from further harassment;
Discuss the matter with and obtain a statement from the accused and his or her representative, if any;
Obtain signed statements of witnesses; and
Prepare a report of the investigation.

Confidentiality

Due to the damage that could result to the career and reputation of any person accused falsely or in bad faith of sexual harassment, all investigations and hearings surrounding such matters will be designed, to the maximum extent possible, to protect the privacy of, and minimize suspicion towards, the accused as well as the complainant. Only those persons responsible for investigating and enforcing this policy will have access to confidential communications, unless otherwise required by Policy 3085 or Procedure 3085P. In addition, all persons involved in an allegation which falls within the scope of this policy, and not within the scope of 3085 or 3085P are prohibited from discussing the matter with coworkers and/or other persons not directly involved in resolving the matter.

A violation of this policy may result in discipline, up to and including discharge. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action, up to and including discharge.

Certificated Staff Grievances

5245

It is the Board's desire that procedures for settling certificated staff grievances be an orderly process within which solutions may be pursued. Further, that the procedures provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each certificated employee be assured an opportunity for orderly presentation and review of grievances without fear of reprisal.

Grievance Definition

A grievance pursuant to this policy shall be a written allegation of a violation of Board approved District policies or a written allegation of a violation of the Master Agreement between the District and the teachers' association.

Grievance Procedure

The District will first review the collective bargaining agreement for any applicable grievance procedures. If such a provision exists, such procedures shall govern the resolution of certificated staff grievances.

A staff member with a grievance is encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be addressed according to Policy 3085 and Procedure 3085P, and violation of any other protected status should be discussed with the first line administrator that is not involved in the alleged grievance. This attempt at informal resolution is not a required component of the grievance policy but is suggested in an effort to attempt to resolve disputes informally.

If the grievance is not resolved informally, and the grievant wishes to continue to seek to address the grievance, the grievant shall file the written grievance with their immediate building principal. The written grievance shall state:

The policy or provision of the Master Agreement the employee believes was violated;
The alleged date of violation;
The actor involved in the alleged violation; and
The remedy requested by the employee.

The written grievance must be filed with the immediate building principal within ten working days of the date of the initial event allegedly giving rise to the grievance.

The immediate building principal or designee of the building principal shall meet with the grievant and shall, at the discretion of the principal or designee, conduct whatever additional meetings or investigative activities the principal or designee believes are necessary to address the grievance.

Subsequent to these activities and within a period of ten working days, the principal shall provide the grievant with a written response to the grievance of the certificated employee.

If the grievant is not satisfied with the decision of the principal or designee, the individual shall have a period of five working days to advance the grievance to the Superintendent by submitting a written objection to the decision with the Superintendent.

If the principal or designee does not provide a written response to the grievance at the conclusion of ten working days and no extension of this time period has been agreed to between the grievant and principal or designee, the grievance shall be advanced to the Superintendent without written response of the principal or designee.

Upon receipt by the Superintendent, the Superintendent or his or her designee shall schedule a meeting between the parties and the principal. The parties shall be afforded the opportunity to either dispute or concur with the principal's report. The Superintendent or designee shall, within a period of 15 working days, decide the matter notifying all the parties in writing of the decision. The decision of the Superintendent or designee shall be controlling, regardless of whether it is in agreement or in disagreement with the decision of the principal.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within five days of receiving the Superintendent's decision. The Board is the policy-making body of the District, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within 30 days of that meeting. The decision of the Board will be final.

Grievances will be processed according to the step-by-step process outlined in the Uniform Grievance Procedure 4120, however, in the case where a person designated to hear a grievance is the subject of the grievance, the grievance process will begin at the next highest step and the process shall be modified as needed to meet the objectives of the Grievance Procedure. If a grievance is directly based on official Board action, the grievance shall be directed to the Clerk of the Board. The grievance may be heard by the Board at the sole discretion of the Board.

Uniform Complaint Policy

5250

Board members may listen to the problems brought to their attention by a patron of the District, and should encourage patrons and employees to review particular problems with the Building Principal or Superintendent. A Board member may bring any matter for review to the attention of any member of the administration and/or to the attention of the Board sitting as a whole.

It is the Board's desire that administrative procedures for settling complaints and grievances be an orderly process within which solutions may be pursued. Further, that the procedure provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that members of the community be assured an opportunity for orderly presentation and review of complaints without fear of reprisal.

Community members, parents, employees, and others should use this complaint procedure if they believe that the Board, or its employees or agents have violated their rights guaranteed by the State or federal constitution, State or federal statute, or Board policy.

Exceptions:

Individuals with complaints alleging illegal discrimination should follow the procedure described in Policy 1360.

Individuals seeking to resolve differences dealing with educational services available under Section 504 of the Rehabilitation Act should follow the procedure described in Policy 1370.

The District will endeavor to respond to and resolve complaints without resorting to this complaint procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to the pursuit of other remedies, and use of this complaint procedure does not extend any filing deadline related to the pursuit of other remedies.

Level 1: Informal

An individual with a complaint is encouraged to first discuss it with the teacher, coach, or building administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be discussed with the first line administrator that is not involved in the alleged harassment.

Level 2: Principal or Supervisor

If the complaint is not resolved at Level 1, the complainant may file a written complaint stating: 1) the nature of the complaint, and 2) the remedy requested. It must be signed and dated by the complainant. The Level 2 written complaint must be filed with the Principal or Supervisor within sixty (60) days of the event or incident, or from the date the complainant could reasonably become aware of such occurrence.

Uniform Complaint Policy (continued)

(If the complaint alleges a violation of Board policy or procedure, the Principal or Supervisor shall investigate and attempt to resolve the complaint. If either party is not satisfied with the Principal's or Supervisor's decision, the complaint may be advanced to Level 3 by requesting in writing that the Superintendent review the decision. This request must be submitted to the Superintendent within fifteen [15] days of the Principal's or Supervisor's decision.)

If the complaint alleges a violation of Title IX, Title II, Section 504 of the Rehabilitation Act, or sexual harassment, the Principal or Supervisor shall turn the complaint over to the Nondiscrimination Coordinator who shall investigate the complaint. The Superintendent or appointee shall serve as Nondiscrimination Coordinator, and will assist in the handling of discrimination complaints. The Coordinator will complete the investigation and file the report with the Superintendent within thirty (30) days after receipt of the written grievance. The Coordinator may hire an outside investigator if necessary. If the Superintendent agrees with the recommendation of the Coordinator, the recommendation will be implemented. If the Superintendent rejects the recommendation of the Coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within fifteen (15) days of receiving the report of the Coordinator to the Board for a hearing.

The District will maintain a complete written record of each complaint, the manner in which it was investigated, and the manner in which it was resolved. Such records will be maintained pursuant to the District's record retention policy unless circumstances dictate that the file should be retained for a longer period of time. Written records, to the extent appropriate, will be maintained in a confidential manner in any affected employee's personnel file.

Level 3: Superintendent

Upon receipt of the request for review, the Superintendent shall schedule a meeting between the parties and the Principal or Supervisor. The parties shall be afforded the opportunity to either dispute or concur with the Principal's or Supervisor's report. The Superintendent shall decide the matter within ten (10) days of the meeting and shall notify the parties in writing of the decision. If the Superintendent agrees with the recommendation of the Principal or Supervisor, the recommendation will be implemented. If the Superintendent rejects the recommendation, the matter may either be referred to an outside investigator for further review or resolved by the Superintendent.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within fifteen (15) days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Uniform Complaint Policy (continued)

Level 4: The Board

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board is final.

Abused and Neglected Child Reporting

5260

The personal safety and welfare of each child is of paramount concern to the Board of Trustees, employees and patrons of the Troy School District. It is of particular importance that employees within the District become knowledgeable and thoroughly educated as to their legal and ethical responsibilities on observation and reporting of suspected child abuse, child abandonment, or child neglect. The supervisor shall review with staff the legal requirements concerning suspected child abuse at the commencement of each year.

“Abuse” is defined in Idaho Code 16-1602 as any case in which a child has been the victim of conduct or omissions resulting in skin bruising, bleeding, malnutrition, burns, fracture of any bone, subdural hematoma, soft tissue swelling. Abuse is further defined in I.C. 16-1602 to include sexual conduct including rape, molestation, incest, prostitution, obscene or pornographic photographing, filming or depiction for commercial purposes, or other similar forms of sexual exploitation harming or threatening the child's health or welfare, or mental injury to the child, abandonment or neglect.

"Abandoned" means the failure of the parent to maintain a normal parental relationship with his child including, but not limited to, reasonable support or regular personal contact. Failure to maintain this relationship without just cause for a period of one (1) year shall constitute prima facie evidence of abandonment. I.C. 16-1602(2).

"Neglected" means a child: Who is without proper parental care and control, or subsistence, education, medical or other care or control necessary for his well-being because of the conduct or omission of his parents, guardian or other custodian or their neglect or refusal to provide them with these items; see I.C. 16-1602(25).

A District employee or volunteer who has reasonable cause to suspect that a student may be an abused, abandoned or neglected child or who observes a child being subjected to conditions which would reasonably result in abuse, abandonment or neglect shall report or cause to be reported such a case to local law enforcement or the Department of Health and Welfare within twenty four (24) hours.

Employees of the Troy School District shall notify their supervisor immediately of the case. The supervisor shall immediately notify the Superintendent or the Superintendent's designee, who shall in turn report or caused to be reported the case to local law enforcement or the Department of Health and Welfare.

Because of the specialized training that may be necessary to conduct an investigation of alleged child abuse, abandonment, or neglect, any formal investigations of the matter will be conducted by the Idaho Department of Health and Welfare or the local law enforcement agency. All School District employees and volunteers will cooperate with these organizations in their investigatory capacities.

Any person who has reason to believe that a child has been abused, abandoned or neglected and, acting upon that belief, makes a report of abuse, abandonment or neglect as required in Idaho Code 16-1605 shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed. Any person who reports in bad faith or with malice is not entitled to immunity from any civil or criminal liability that might otherwise be incurred or imposed. I.C. 16-1606.

Abused and Neglected Child Reporting (continued)

5260

In addition, “any person who makes a report or allegation of child abuse, abandonment or neglect knowing the same to be false or who reports or alleges the same in bad faith or with malice shall be liable to the party or parties against whom the report was made for the amount of actual damages sustained or statutory damages of five hundred dollars (\$500), whichever is greater, plus attorney’s fees and costs of suit. If the court finds that the defendant acted with malice or oppression, the court may award treble actual damages or treble statutory damages, whichever is greater.” I.C. 16-1607

Any District employee who fails to report a suspected case of abuse, abandonment or neglect to the Department of Health and Welfare or local law enforcement, or who prevents another person from doing so, may be civilly liable for the damages proximately caused by such failure or prevention, and is guilty of a misdemeanor. The employee will also be subject to disciplinary action up to and including termination.

Reporting Immunity

Any person who has reason to believe that a child has been abused, abandoned, or neglected and, acting upon that belief, makes a report of abuse, abandonment, or neglect, as required, will have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed. Any such participant will have the same immunity in respect to participation in any judicial proceedings resulting from the report. Any person who reports in bad faith or with malice will not be protected. Any privilege between husband and wife, or between any professional person, except the lawyer-client privilege, including, but not limited to, physicians, counselors, hospitals, clinics, day care centers, and schools and their clients, will not be grounds for excluding evidence in any proceedings regarding the abuse, abandonment, or neglect of the child or the cause thereof.

Any person who makes a report or allegation of child abuse, abandonment, or neglect knowing the report to be false, or who reports or alleges such in bad faith or with malice, will be liable to the person or parties against whom the report was made for the amount of actual damages sustained or statutory damages of five hundred dollars (\$500), whichever is greater, plus attorney fees and costs of suit. If a court finds that the individual acted with malice or oppression, the court may award treble actual damages or treble statutory damages, whichever is greater.

Adult Sexual Misconduct

5275

This policy shall apply to all staff, contractors, and volunteers who have contact with students.

For the purposes of this policy, sexual misconduct is defined as any sexual activity directed at a student, regardless of age, with the purpose of developing a romantic or sexual relationship. It includes activities that are:

Physical and non-physical;
Conducted in person or through other modes of communication;
Conducted before, during, or after school;
On District property or elsewhere; and
Legal and illegal.

Illegal sexual misconduct is characterized by sexual contact between an adult and a child under the age of 18 and includes explicit sexual conduct, solicitation of a minor child to participate in a sexual act, sexual exploitation and dissemination of sexual material harmful to minors. Sexual misconduct also includes such inappropriate verbal conduct as sexual comments or questions, jokes, taunting, and teasing and such inappropriate physical conduct as kissing, hair stroking, tickling, and frontal hugging.

Sexual misconduct is prohibited. Staff and volunteers who engage in sexual misconduct shall be subject to disciplinary activity, including termination. They may also be reported to law enforcement and/or the Department of Health and Welfare, as described in Policy 5260.

To avoid the appearance of impropriety, staff should avoid singling students out for personal attention such as frequent hugging or other physical contact; the giving of gifts; frequent compliments directed toward a particular student; overly personal cards, notes, or electronic communications; or teasing that references gender or contains sexual innuendo. Staff should take reasonable measures to avoid being alone with any student unless there is a legitimate, work-related need to be alone with the student. In cases such as before or after school tutoring, teachers may ask another teacher to be present in the classroom, or such tutoring may be conducted in a less private area with other adults present, such as in the school library.

The District recognizes that some student interactions occur outside the classroom. School employees and volunteers should avoid the appearance of impropriety by refraining from the following behavior:

Conducting ongoing, private conversations with individual students that are unrelated to school activities or the well-being of the student and take place in locations inaccessible to others;

Adult Sexual Misconduct (continued)

Inviting a student or students for home visits without informing parents;
Visiting the homes of students without the knowledge of parents;
Inviting students for social contact off school grounds without the permission or knowledge of the parents; and
Transporting students in personal vehicles without the knowledge of parents or supervisors.

Reporting Sexual Misconduct

Any staff member, contractor, or volunteer who has reasonable cause to believe a staff member, contractor, or volunteer has engaged in misconduct or that any other adult has engaged in sexual misconduct on District property or at a District event shall report the misconduct to his or her supervisor, who shall notify the Superintendent or the Superintendent's designee. The matter shall be investigated in accordance with Policy 3085 and Procedure 3085P. Investigation of any report of sexual misconduct shall include an investigation of whether the incident constitutes a violation of Title IX. Sexual misconduct not which does not fall within the definition of sexual harassment provided in Procedure 3085P may still result in disciplinary action up to and including dismissal.

The individual with reasonable cause to believe sexual misconduct has occurred shall also report the incident in accordance with Policy 5260, if applicable.

False Reports

Making a knowingly false report of sexual misconduct is prohibited and may result in the termination of a staff member or volunteer who makes such a report or in the suspension or expulsion of a student who makes such a false report.

Distribution of Policy and Training

This policy shall be posted on the District website and provided to all new employees upon hiring, to all volunteers upon acceptance as volunteers. The employee or volunteer shall sign an acknowledgment, to be retained by the District, indicating that they have received and reviewed a copy of this policy.

The District shall provide training on preventing and reporting sexual misconduct to all staff who have contact with students.

The use of illegal drugs, alcohol, and the misuse of prescription drugs is unacceptable. All District workplaces are hereby declared to be drug- and alcohol-free workplaces.

All employees are prohibited from:

1. Unlawful manufacturing, dispensing, distributing, possessing, being under the influence of a controlled substance, or using illegal drugs or drug paraphernalia, while on District premises, while performing work for the District, or in attendance at District-approved or school-related functions.
2. Distributing, manufacturing, selling, consuming, using, possessing, or being under any degree of intoxication or odor from alcohol while on District premises, while performing work for the District or in attendance at District-approved or school-related functions.
3. Using or taking prescription drugs above the level recommended by the prescribing physician or using prescribed drugs for purposes other than those for which they are intended while on duty. In addition, employees will not distribute a prescribed drug to another employee or student.

As a condition of employment, each employee shall:

1. Abide by the terms of the District policy respecting a drug- and alcohol-free workplace; and,
2. Notify his or her Superintendent of any conviction under any criminal drug statute including but not limited to the use of controlled substances, alcohol, prescription drugs, or over-the-counter drugs for a violation occurring on the District premises or while performing work for the District, no later than five (5) days after such a conviction.

4. "Criminal Drug Law" means a federal or non-federal criminal statute involving the manufacture, distribution, dispensing, possession, or use of any controlled substance.

Drug-Free Workplace (continued)

5. Controlled Substance – means any drug or substance that is:
 - A. not legally obtainable;
 - B. being used in a manner different than prescribed;
 - C. legally obtainable, but has not been legally obtained; or
 - D. referenced in federal or state controlled substance acts.
6. “Substance Abuse” is the misuse or illicit use of alcohol, drugs, or controlled substances, including but not limited to marijuana, heroin, or cocaine.

Confidentiality

Records that pertain to the District’s employee required substance screens are recognized to be private and sensitive records. They shall be maintained by the Superintendent or his designee in a secure fashion to insure confidentiality and privacy and be disclosed only to the extent necessary to address any work-related safety risks occasioned by either the drug or alcohol use. Medical records, and information relating directly thereto, shall be maintained in accordance with provisions of Idaho law and used with the highest regard for employee privacy consistent with law and the purpose of achieving and maintaining a drug free workplace. All personnel records and information regarding referral, evaluation, substance screen results, and treatment shall be maintained in a confidential manner and no entries concerning such shall be placed in an employee's personnel file.

Pre-Employment Testing

Applicants being considered for employment positions may/shall be required to submit to a urinalysis test for the detection of the illegal use of drugs. Applicants shall be given a copy of this policy in advance of employment. Applicants must acknowledge having read or had this policy explained to them and should understand that as a condition of employment they are subject to its contents. Applicants shall sign an acknowledgment prior to substance screening, permitting the summary result to be transmitted to the Superintendent or designee.

An applicant refusing to complete any part of the drug testing procedure shall not be considered a valid candidate for employment with the District, and such will be considered as a withdrawal of the individual's application for employment. If substance screening shows a confirmed positive result for which there is no current physician's prescription, a second confirming test may be requested by the Superintendent or designee. If the first or any requested second confirming test is positive, any job offer shall be revoked.

Physical Examination/Screening Based Upon Reasonable Suspicion

Whenever the Board, through its authorized designee, and/or the Superintendent, reasonably suspects that an employee's work performance or on-the-job behavior may have been affected in any way by illegal drugs or alcohol or that an employee has otherwise violated the District’s Drug-Free Workplace Substance Abuse Policy, the employee may be required to submit a breath, saliva, urine and/or blood sample for drug and alcohol testing. When a supervisor observes or is notified of behaviors or events that lead the supervisor to believe that the

Drug-Free Workplace (continued)

employee is in violation of the Drug-Free Workplace Substance Abuse Policy, the supervisor shall notify the Superintendent.

An employee who is required to submit to drug/alcohol testing based upon reasonable suspicion and refuses shall be charged with insubordination, and necessary procedures will be taken to terminate the employee in accordance with Board policy and state law.

An employee who tests positive on a reasonable suspicion test will be in violation of this policy. Violation of this policy shall constitute grounds for termination in accordance with Board policy and state law.

The District's authorized designee, or the Superintendent, are the only individuals in the District authorized to make the determination that reasonable suspicion or cause exists to order a drug screen and are the only individuals who may order an employee to submit to a drug screen.

Two types of cases for which reasonable suspicion procedures may be invoked are:

1. Chronic Case - Deteriorating job performance or changes in personal traits characteristics where the use of alcohol or drugs may be reasonably suspected as the cause.
2. Acute Case - Appearing to be under the present influence of alcohol and/or drugs or investigation of an accident where the use of alcohol or drugs is reasonably suspected to be a contributing cause in a specific incident or observation.

Circumstances under which substance screening may be considered, in either the chronic or acute cases, include but are not limited to the following:

1. Observed use, possession, or sale of illegal drugs and/or use, possession, sale, or abuse of alcohol and/or the illegal use or sale of prescription drugs.
2. Apparent physical state of impairment of motor functions.
3. Marked changes in personal behavior not attributable to other factors.
4. Employee involvement in or contribution to an accident where the use of alcohol or drugs is reasonably suspected or employee involvement in a pattern of repetitive accidents, whether or not they involve actual or potential injury.
5. Violations of criminal drug law statutes involving the use of illegal drugs, alcohol, or prescription drugs and/or violations of drug statutes.

The circumstances under which substance screening may be considered, as outlined above, are strictly limited in time and place to employee conduct on duty or during work hours, or on or in District property, or at school system-approved or school-related functions.

Post-Accident Testing

Drivers while on school business or operating a school vehicle involved in a motor vehicle accident which involves either a fatality or the issuance of a citation for a moving violation to the District employee may/will be tested for alcohol misuse and controlled substance abuse.

The driver will contact the District at the time of the accident unless he or she is physically impaired as a result of the accident. The District will contact the testing lab. The testing lab will specify where the alcohol and/or controlled substance testing is to be completed.

If a driver is not able to produce enough breath to test for alcohol using a state approved breath analyzer, a blood test may be done for alcohol.

Law enforcement officials may require a driver involved in an accident to submit to tests administered as part of their jurisdiction. For purposes of this policy, only the test results provided by the District testing laboratory will be accepted.

Failure of an employee to submit to testing for either alcohol and/or controlled substance will be considered a positive test and will be determined as cause for disciplinary action.

Testing for alcohol must be done within eight (8) hours of the time of the accident. Testing for controlled substances must be done within thirty-two (32) hours of the time of the accident.

The driver subject to post-accident testing must refrain from consuming alcohol for either eight (8) hours following the accident or until he/she submits to an alcohol test, whichever comes first. Failure to do so will constitute a positive test result and will be determined as cause for disciplinary action.

Opportunity to Contest or Explain Test Results

Employees or job applicants who have a positive confirmed test result may explain or contest the result to the Superintendent or designee within five (5) working days after the Superintendent or designee contacts the employee or job applicant and shows him/her the positive test result as it was received from the laboratory in writing.

Return to Duty Testing

An employee who has been given the opportunity to undergo rehabilitation for drugs or alcohol will, as a condition of returning to duty, shall be required to agree to a reasonable follow-up testing established by the Superintendent or designee. The extent and duration of the follow-up testing will depend upon the safety or security nature of the employee's position and the nature and extent of the employee's substance abuse problem. The Superintendent or designee is to review the conditions of continued employment with the employee prior to the employee's returning to work. Any such condition for continued employment shall be given to the employee in writing. This Agreement must be signed by the employee before the employee is allowed to return to the job. Prior to the employee coming back on the job, the employee must complete a drug and/or alcohol test done which shows negative results.

The Superintendent or designee may consult with the employee's rehabilitation program in determining an appropriate follow-up testing program, including the frequency of any substance screening contained in a follow-up testing program. In no instance shall such screening be ordered by the Superintendent or designee more than one (1) time within a seventy-two (72)

Drug-Free Workplace (continued)

hour period. In the event of positive test results, the Superintendent or designee will work out disciplinary procedures, if any, in accordance with Board policy and state law.

Any employee subject to return to duty testing that has a confirmed positive drug test shall be in violation of this policy. Violation of this policy shall constitute grounds for immediate termination in accordance with Board policy and state law.

Inspections

Employees may be assigned District-owned offices, vehicles, lockers, desks, cabinets, etc. for the mutual convenience of the District and personnel. Employees have no expectation of privacy in any of these locations or any personal belongings which they may place in such areas.

Whenever the Board reasonably suspects that an employee's work performance or on-the-job behavior may have been affected in any way by alcohol or drugs or that an employee has sold, purchased, used or possessed alcohol, drugs or drug paraphernalia on District premises, the Board may search the employee, the employee's locker, desk or other District property under the control of the employee.

Inspections under this policy are limited to investigations into work-related misconduct and offenses. Any searches for law enforcement purposes must comply with all applicable state laws.

District Action Upon Violation of Policy

Employees in violation of the provisions of this policy shall be subject to disciplinary action up to and including termination. Alternatively, the Board may require an employee to successfully complete an appropriate drug- or alcohol-abuse, employee-assistance rehabilitation program. The fact that an employee has been referred for assistance and his/her willingness or ability to rehabilitate are appropriate considerations as to what, if any, disciplinary action may be taken. Should District employees be engaged in the performance of work under a federal contract or grant, or under a state contract or grant of \$5,000 or more, the Superintendent or his designee shall notify the appropriate state or federal agency from which the District receives contract or grant moneys of the employee's conviction, within ten (10) days after receiving notice of the conviction.

In determining whether and to what extent an employee will be disciplined or discharged in regard to violating this policy, the Board will consider the following factors: the degree to which the nature of the criminal offense reduces the District's ability to maintain a safe working environment; the degree to which the nature of the criminal offense unreasonably endangers the safety of other employees and/or students; the degree to which the conviction unreasonably undermines the public confidence in the District's operations; the nature of the criminal offense; the nature of the employee's job with the District; the existence of any explanatory or mitigating facts or circumstances; whether the employee promptly reports the conviction; and any other facts relevant to the employee, including but not limited to years of service and record of performance with the District.

Drug-Free Workplace (continued)

5320

An employee can be discharged for work-related misconduct as provided in I.C. 72-1366, for the following reasons:

1. A confirmed positive drug and/or alcohol test, with a test result of not less than .02 BAC;
2. The employee refusing to provide a sample for testing purposes;
3. The employee altering or attempting to alter a test sample by adding a foreign substance; or
4. The employee submitted a sample that is not his/her own.

Within thirty (30) days after receiving notice of a conviction, the District will take appropriate disciplinary action and/or refer the employee to an appropriate substance abuse rehabilitation program.

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers

5322

School bus and commercial vehicle drivers shall be subject to a drug and alcohol testing program that fulfills the requirements of the Code of Federal Regulations, Title 49, Part 382.

Other persons who drive vehicles designed to transport sixteen (16) or more passengers, including the driver, are likewise subject to the drug and alcohol testing program.

Testing procedures and facilities used for the tests shall conform with the requirements of the Code of Federal Regulations, Title 49, §§ 40, et seq.

Pre-Employment Tests

Tests shall be conducted before the first time a driver performs any safety-sensitive function for the District.

Safety-sensitive functions include all on-duty functions performed from the time a driver begins work or is required to be ready to work, until he/she is relieved from work and all responsibility for performing work. It includes driving; waiting to be dispatched; inspecting and servicing equipment; supervising, performing, or assisting in loading and unloading; repairing or obtaining and waiting for help with a disabled vehicle; performing driver requirements related to accidents; and performing any other work for the District or paid work for any entity.

The tests shall be required of an applicant only after he/she has been offered the position. Exceptions may be made for drivers who have had the alcohol test required by law within the previous six months and participated in the drug testing program required by law within the previous thirty days, provided that the District has been able to make all verifications required by law.

Post-Accident Tests

Alcohol and controlled substance tests shall be conducted as soon after an accident as practicable on any driver:

1. who was performing safety-sensitive functions with respect to the vehicle, if the accident involved loss of human life; or
2. who receives a citation under state or local law, for a moving traffic violation arising from the accident.

Drivers shall make themselves readily available for testing, absent the need for immediate medical attention. No such driver shall use alcohol for eight hours after the accident, or until after he/she undergoes a post-accident alcohol test, whichever occurs first.

If an alcohol test is not administered within two hours or if a drug test is not administered within thirty-two hours, the District shall prepare and maintain records explaining why the test was not conducted. Tests will not be given if not administered within eight hours after the accident for alcohol or within thirty-two hours for drugs.

5000 – PERSONNEL

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers (continued) 5322

Tests conducted by authorized federal, state, or local officials will fulfill post-accident testing requirements provided they conform to applicable legal requirements and are obtained by the District. Breath tests will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations.

Random Tests

Tests shall be conducted on a random basis at unannounced times throughout the year. Tests for alcohol shall be conducted just before, during, or just after the performance of safety-sensitive functions. The number of random alcohol tests annually must equal 25% of the average number of driver positions. The number of random drug tests annually must equal 50% of the average number of driver positions. Drivers shall be selected by a scientifically valid random process, and each driver shall have an equal chance of being tested each time selections are made.

Reasonable Suspicion Tests

Tests shall be conducted when a supervisor or District official trained in accordance with law has reasonable suspicion that the driver has violated the District's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before, or just after the period of the work day when the driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the District shall prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests shall terminate after eight hours.

A supervisor or District official who makes observations leading to a controlled substance reasonable suspicion test shall make a written record of his/her observations within twenty-four hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

Enforcement

Any driver who refuses to submit to a post-accident, random, reasonable suspicion, or follow-up test shall not perform or continue to perform safety-sensitive functions.

Drivers who test positive for alcohol or drugs shall be subject to disciplinary action up to and including dismissal.

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers (continued) 5322

A driver who violates District prohibitions related to drugs and alcohol shall receive from the District the names, addresses, and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol-related problems. The employee shall be evaluated by a substance abuse professional who shall determine what help, if any, the driver needs in resolving such a problem. Any substance abuse professional who determines that a driver needs assistance shall not refer the driver to a private practice, person, or organization in which he/she has a financial interest, except under circumstances allowed by law.

An employee identified as needing help in resolving a drug or alcohol problem shall be evaluated by a substance abuse professional to determine that he/she has properly followed the prescribed rehabilitation program and shall be subject to unannounced follow-up tests after returning to duty.

Return-to-Duty Tests

A drug or alcohol test shall be conducted when a driver who has violated the District's drug or alcohol prohibition returns to performing safety-sensitive duties. Employees whose conduct involved drugs cannot return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result.

Employees whose conduct involved alcohol cannot return to duty in a safety-sensitive function until the return-to-duty alcohol test produces a verified result that meets federal and District standards.

Follow-Up Tests

A driver who violates the District's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as needing assistance in resolving a drug or alcohol problem shall be subject to unannounced follow-up testing as directed by the substance abuse professional in accordance with law. Follow-up alcohol testing shall be conducted just before, during, or just after the time when the driver is performing safety-sensitive functions.

Records

Employee drug and alcohol test results and records shall be maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver shall receive copies of any records pertaining to his/her use of drugs or alcohol, including any records pertaining to his/her drug or alcohol tests. Records shall be made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.

Drug and Alcohol Testing for School Bus and Commercial Vehicle Drivers (continued) 5322

Each driver shall receive educational materials that explain the requirements of the Code of Federal Regulations, Title 49, Part 382, together with a copy of the District's policy and regulations for meeting these requirements. Representatives of employee organizations shall be notified of the availability of this information. The information shall identify:

1. the person designated by the District to answer driver questions about the materials;
2. the categories of drivers who are subject to the Code of Federal Regulations, Title 49, Part 382;
3. sufficient information about the safety-sensitive functions performed by drivers to make clear what period of the work day the driver is required to comply with Part 382;
4. specific information concerning driver conduct that is prohibited by Part 382;
5. the circumstances under which a driver will be tested for drugs and/or alcohol under Part 382;

7. the requirement that a driver submit to drug and alcohol tests administered in accordance with Part 382;
8. an explanation of what constitutes a refusal to submit to a drug or alcohol test and the attendant consequences;
9. the consequences for drivers found to have violated the drug and alcohol prohibitions of Part 382, including the requirement that the driver be removed immediately from safety-sensitive functions and the procedures for referral, evaluation, and treatment;
10. the consequences for drivers found to have an alcohol concentration of 0.02 or greater but less than 0.04; and
11. information concerning the effects of drugs and alcohol on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a coworker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.

Drivers shall also receive information about legal requirements, District policies, and disciplinary consequences related to the use of alcohol and drugs. Each driver shall sign a statement certifying that he/she has received a copy of the above materials.

Before any driver operates a commercial motor vehicle, the District shall provide him/her with post-accident procedures that will make it possible to comply with post-accident testing requirements.

Before drug and alcohol tests are performed, the District shall inform drivers that the tests are given pursuant to the Code of Federal Regulations, Title 49, Part 382. This notice shall be provided only after the compliance date specified in law.

Employee Use of Social Media Sites, Including Personal Sites

Because of the unique nature of social media sites, such as Facebook and Twitter, and because of the District's desire to protect its interest with regard to its electronic records, the following rules have been established to address social media site usage by all employees:

Protect Confidential and Proprietary Information

Employees shall not post confidential or proprietary information about the District, its employees, students, agents, or others. The employee shall adhere to all applicable privacy and confidentiality policies adopted by the District or as provided by State or federal law.

Do Not Use the District's Name, Logos, or Images

Employees shall not use the District logos, images, iconography, etc. on personal social media sites. Nor shall employees use the District name to promote a product, cause, political party, or political candidate. Nor shall employees use personal images of students, names, or data relating to students, absent written authority of the parent of a minor or authority of an adult or emancipated student.

Respect District Time and Property

Limited Use of Social Media on District Equipment Permitted

Employees will use e-mail and social media for personal purposes only during non-work times, such as during lunch or before or after school. Employees are prohibited from downloading the TikTok app or visiting the TikTok website on any District device or using internet access provided by the District. Any use of permissible social media sites must occur during times and places that the use will not interfere with job duties, negatively impact job performance, or otherwise be disruptive to the school environment or its operation.

On Personal Sites

If you identify yourself as a District employee online, it should be clear that the views expressed, posted, or published are personal views, not necessarily those of the District, its Board, employees, or agents.

Opinions expressed by staff on a social networking website have the potential to be disseminated far beyond the speaker's desire or intention, and could undermine the public perception of fitness of the individual to educate students, and thus undermine teaching effectiveness. In this way, the effect of the expression and publication of such opinions could potentially lead to disciplinary

action being taken against the staff member, up to and including termination or nonrenewal of the contract of employment

Keep Personal and Professional Accounts Separate

Staff members who decide to engage in professional social media activities will maintain separate professional and personal email addresses. Staff members will not use their District email address for personal social media activities. Use of District email for this purpose is prohibited and will be considered a violation of District policy that may result in disciplinary action.

Contact with Students

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Pursuant to the Code of Ethics for Idaho Professional Educators, individuals shall maintain a professional relationship with all students, both inside and outside of the classroom. Excessive informal or social involvement with students is therefore prohibited. This includes:

1. Listing current students as “friends” on networking sites wherein personal information is shared or available for review which results in the certificated professional employee not maintaining the Code of Ethics requiring professional relationships with students both inside and outside the classroom;
2. Contacting students through electronic means other than the District’s email and telephone system;
3. Coaches electronically contacting a team member or members without including all team members in the communication;
4. Giving private cell phone or home phone numbers to students without prior approval of the District; and
5. Inappropriate contact of any kind including via electronic media.

Nothing in this policy prohibits District staff and students from the use of education websites or use of social networking websites created for curricular, co-curricular, or extracurricular purposes where the professional relationship is maintained with the student.

Failure to maintain a professional relationship with students, both inside and outside of a classroom setting, including interaction via social networking websites of any nature, e-mailing, texting, or any other electronic methods will result in the required reporting of such conduct to the Professional Standards Commission by the District’s Administration.

Rules Concerning District-Sponsored Social Media Activity

If an employee wishes to use Facebook, Twitter, or other similar social media sites to communicate meetings, activities, games, responsibilities, announcements etc., for a school-based club or a school-based activity or an official school-based organization, the employee must also comply with the following rules:

1. The employee must set up the club, activity, etc. as a group list which will be “closed and moderated”;
2. The employee must set up mechanisms for delivering information to students that are not members of the group via non-electronic means;
3. Members will not be established as “friends” but as members of the group list;
4. Anyone who has access to the communications conveyed through the site may only gain access by the permission of the employee. Persons desiring to access the page may join only after the employee invites them and allows them to join;
5. Parents shall be permitted to access any site that their child has been invited to join. Parents shall report any communications by students or school personnel they believe to be inappropriate to District administration;
6. Access to the site may only be permitted for educational purposes related to the club, activity, organization, or team;
7. The employee responsible for the site will monitor it regularly;
8. The employee’s supervisor shall be permitted access to any site established by the employee for a school-related purpose;
9. Employees are required to maintain appropriate professional boundaries in the establishment and maintenance of all such District-sponsored social media activity. This includes maintaining a separation between the school activity pages and employees’ personal social media profiles and pages;
10. Postings made to the site must comply with the District’s Policy 5335 Employee Use of Electronic Communications Devices; and
11. The Superintendent reserves the right to shut down or discontinue the group if they believe it is in the best overall interest of the students.

The Superintendent or their designee may review any and all email of any employee, at any time, with or without cause. Consequently, employees should always ensure that all information contained in email and internet messages is accurate, appropriate, and lawful. When sending student records or other confidential information by email, staff shall be aware of the security risks involved and shall take all steps directed by the Internet Safety Coordinator to reduce such risks.

The Internet Safety Coordinator shall provide direction to staff on how to send student records or other confidential information by email in a secure manner.

When communicating with students and parents by email, employees should use their District email rather than a personal email account. Email and internet messages by employees may not necessarily reflect the views of the District. Abuse of the email or internet systems, through excessive and/or inappropriate personal use, or use in violation of the law or District policies, will result in disciplinary action, up to and including termination of employment.

Privacy

While the District does not intend to regularly review employees' email and internet records, employees have no right or expectation of privacy in their use of email or the internet via devices or internet access provided by the District, and the District may review any and all email of any employee, at any time, with or without cause. Depending upon content, email and internet communications may potentially be disclosed to any member of the public through a public records request.

Internet Access Conduct Agreements

Each staff member will be required to sign the Procedure 5330F Employee Electronic Mail and Online Services Use Policy Acknowledgment upon the adoption of this policy or upon hiring.

Warranties/Indemnification

The District makes no warranties of any kind, express or implied, in connection with its provision of access to and use of its computer networks and the internet provided under this policy. The District is not responsible for any information that may be lost, damaged, or

unavailable when using the network, or for any information that is retrieved or transmitted via the internet. The District will not be responsible for any unauthorized charges or fees resulting from access to the internet, and any user is fully responsible to the District and shall indemnify and hold the District, its Trustees, administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from such user's access to its computer network and the internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user.

Violations

If any staff member violates this policy, they may be subject to disciplinary action. The system administrator and/or the Internet Safety Coordinator and/or the building principal will make all decisions regarding whether or not a user has violated this policy and any related rules or regulations. Actions which violate local, State, or federal law may be referred to the local law enforcement agency.

Employee Use of Electronic Communications Devices

The Board recognizes that employees may carry electronic communications devices, either District-issued or personally owned, and hereby adopts this policy.

District-Issued Communications Devices

Communication devices issued by the District may include, for example, cellular telephones; walkie-talkies; laptop computers; and citizens band radios, either installed in vehicles or hand-held.

Employees in receipt of District-issued equipment shall be held responsible for the safekeeping of the equipment and for the exercise of reasonable efforts to see that the equipment is not lost, stolen, or damaged. Reckless or irresponsible use of District equipment resulting in loss or damage may result in the employee having to reimburse the District for any associated costs of replacement or repair.

Any such devices issued shall be with the expectation that they are to be used, almost exclusively, for District-related business purposes and are not intended for personal use except in emergencies involving employee health or safety.

Staff members shall refrain from downloading the TikTok app onto any District issued device. If TikTok has already been downloaded onto a device issued to a staff member, they shall delete the app or seek assistance from District technology personnel OR the building principal in deleting it. The District shall take measures to prevent the downloading of TikTok or accessing of the TikTok website onto any District devices or via the District's electronic network.

District-issued equipment shall be used in a manner that does not disrupt instruction or other work-related activities unless there is a reason of personal health or safety involved.

Any District-issued equipment is to be surrendered to the District immediately upon request.

Personally-Owned Communications Devices

Employees may carry and use personally-owned electronic communication devices during the school day on school property Except that

Personally owned hand-held citizens band radios, portable police scanners, and long or short-range walkie-talkies should not be used or carried by employees on school property during the school day unless by specific permission of their immediate supervisor based on a personal health or safety need.

Personal electronic communications devices should not be used during the employee's normal duty times to send or receive messages of a personal nature, but such use is allowable during normal break times, lunch times, and preparation times. Use of personal electronic communication devices should be curtailed during instructional time or at school-sponsored programs, meetings, in-services, parent/guardian conferences, or any other time when there would be a reasonable expectation of quiet attentiveness.

Any employee violating the above rules may be subject to disciplinary action.

Evaluation of Certificated Personnel

5340

The District has a firm commitment to performance evaluation of District personnel, whatever their category and level, through the medium of a formalized system. The primary purpose of such evaluation is to assist personnel in professional development, in achieving District goals, and to assist with decisions regarding personnel actions. This policy applies to certificated personnel, but the District shall differentiate between non-instructional and pupil instructional personnel. The Superintendent is hereby directed to create procedures that differentiate between certificated non-instructional and certificated pupil instructional personnel in a way that aligns with the *Charlotte Danielson Framework for Teaching Second Edition* to the extent possible and aligns to the pupil staff's applicable national standards.

Each certificated staff member shall receive at least one written evaluation to be completed by no later than June 1st for each annual contract year of employment and shall use multiple measures that are research based and aligned to the *Charlotte Danielson Framework for Teaching Second Edition* domains and components. The evaluation of certificated personnel shall annually include a minimum of two documented observations, one of which shall be completed prior to January 1st. In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation is acceptable.

Objectives

The formal performance evaluation system is designed to:

1. Maintain or improve each employee's job satisfaction and morale by letting him or her know that the supervisor is interested in his or her job progress and personal development;
2. Serve as a systematic guide for supervisors in planning each employee's further training;
3. Assure considered opinion of an employee's performance and focus maximum attention on achievement of assigned duties;
4. Assist in determining and recording special talents, skills, and capabilities that might otherwise not be noticed or recognized;
5. Assist in planning personnel moves and placements that will best utilize each employee's capabilities;
6. Provide an opportunity for each employee to discuss job problems and interests with his or her supervisor; and
7. Assemble substantiating data for use as a guide, although not necessarily the sole governing factor, for such purposes as wage adjustments, promotions, disciplinary action, and termination.

Responsibility

The Superintendent or his or her designee shall have the overall responsibility for the administration and monitoring of the Performance Evaluation Program and will ensure the fairness and efficiency of its execution, including:

1. Distributing proper evaluation forms in a timely manner;
2. Ensuring completed evaluations are returned for filing by a specified date;
3. Reviewing evaluations for completeness;
4. Identifying discrepancies;
5. Ensuring proper safeguards and filing of completed evaluations;
6. Creating and implementing a plan for ongoing training for evaluators and certificated personnel on the District's evaluation standards, forms, and processes and a plan for collecting and using data gathered from evaluations;
7. Creating a plan for ongoing review of the District's Performance Evaluation Program that includes stakeholder input from teachers, Board Members, administrators, parents/guardians, and other interested parties;
8. Creating a procedure for remediation for employees that receive evaluations indicating that remediation would be an appropriate course of action; and
9. Creating an individualized evaluation rating system for how evaluations will be used to identify proficiency and record growth over time with a minimum of four rankings used to differentiate performance of certificate holders including: unsatisfactory being equal to a rating of 1; basic being equal to a rating of 2; proficient being equal to a rating of 3; and distinguished being equal to a rating of 4.

The Immediate Supervisor is the employee's evaluator and is responsible for:

1. Continuously observing and evaluating an employee's job performance including a minimum of two documented observations annually for certificated personnel, one of which shall be completed prior to January 1st of each year;
2. Holding periodic counseling sessions with each employee to discuss job performance;
3. Completing Performance Evaluations as required; and

The individuals assigned this responsibility shall have received training in conducting evaluations based on the statewide framework for evaluations within the immediate previous five years of conducting any evaluations.

Written Evaluation

A written summative evaluation will be completed for each certificated employee by June 1st. A copy will be given to the employee. The original will be retained by the Immediate Supervisor. The evaluation should be reviewed annually and revised as necessary to indicate any significant changes in duties or responsibilities. The evaluation is designed to increase planning and relate performance to assigned responsibilities through joint understanding between the evaluator and the employee as to the job description and major performance objectives.

The written evaluation will identify the sources of data used in conducting the evaluation. Aggregate data shall be considered as part of the District and individual school needs assessment in determining professional development offerings.

Evaluation Measures

Observations: Periodic classroom observations will be included in the evaluation process with a minimum of two documented observations annually for certificated personnel, one of which shall be completed prior to January 1st. In situations where certificated personnel are unavailable for two documented classroom observations, due to situations such as long-term illness, late year hire, etc., one documented classroom observation is acceptable.

Professional Practice: A majority of the evaluation of certificated personnel will be comprised of Professional Practice based on the *Charlotte Danielson Framework for Teaching Second Edition*. The evaluation will include at least one of the following as a measure to inform the Professional Practice portion: input received from parents/guardians, input received from students, and/or portfolios. The District has chosen parent/guardian input forms as its measure(s) to inform the Professional Practice portion. The Board shall determine the manner and weight of parental input.

Student Achievement: Instructional staff evaluation ratings must, in part, be based on measurable student achievement as defined in Section 33-1001, Idaho Code, applicable to the subjects and grade ranges taught by the instructional staff. All other certificated staff evaluations must include measurable student achievement or student success indicators as applicable to the position. This portion of the evaluation may be calculated using current and/or the immediate past year's data and may use one or both years' data. Growth in student achievement may be considered as an optional measure for all other school-based and District-based staff, as determined by the Board.

Charlotte Danielson Framework: The evaluation will be aligned with minimum State standards and based upon the *Charlotte Danielson Framework for Teaching Second Edition* and will include, at a minimum, the following general criteria upon which the Professional Practice portion will be based. Individual domain and component ratings must be determined based on a combination of professional practice and student achievement as specified above.

During these sessions, an open dialogue should occur which allows the exchange of performance oriented information. The employee should be informed of how he or she has performed to date. If the employee is not meeting performance expectations, the employee should be informed of the steps necessary to improve performance to the desired level. Counseling sessions should include, but not be limited to, the following: job responsibilities, performance of duties, and attendance. A memorandum for record will be prepared following each counseling session and maintained by the supervisor.

1. Discuss the evaluation with the employee, emphasizing strong and weak points in job performance. Commend the employee for a job well done if applicable and discuss specific corrective action if warranted. Set mutual goals for the employee to reach before the next performance evaluation. Recommendations should specifically state methods to correct weaknesses and/or prepare the employee for future promotions.
2. Allow the employee to make any written comments he or she desires. Inform the employee that he or she may turn in a written rebuttal/appeal of any portion of the evaluation within seven days and outline the process for rebuttal/appeal. Have the employee sign the evaluation indicating that he or she has been given a copy and initial after supervisor's comments.

No earlier than seven days following the meeting, if the supervisor has not received any written rebuttal/appeal, the supervisor will forward the original evaluation in a sealed envelope, marked "Personnel-Evaluation" to the Superintendent, or the designee, for review. The supervisor will also retain a copy of the completed form.

Rebuttals/Appeal

Within seven days from the date of the evaluation meeting with their supervisor, the employee may file a written rebuttal/appeal of any portion of the evaluation. The written rebuttal/appeal shall state the specific content of the evaluation with which the employee disagrees, a statement of the reason(s) for disagreement, and the amendment to the evaluation requested.

If a written rebuttal/appeal is received by the supervisor within seven days, the supervisor may conduct additional meetings or investigative activities necessary to address the rebuttal/appeal. Subsequent to these activities, and within a period of ten working days, the supervisor may provide the employee with a written response either amending the evaluation as requested by the employee or stating the reason(s) why the supervisor will not be amending the evaluation as requested.

If the supervisor chooses to amend the evaluation as requested by the employee then the amended copy of the evaluation will be provided to, and signed by, the employee. The original amended evaluation will then be forwarded to the Superintendent, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed form.

If the supervisor chooses not to amend the evaluation as requested by the employee then the evaluation along with the written rebuttal/appeal, and the supervisor's response, if any, will be forwarded to the Superintendent, or the designee, for review in a sealed envelope, marked Personnel-Evaluation. The supervisor will also retain a copy of the completed evaluation including any rebuttal/appeal and responses.

Action

Each evaluation will include identification of the actions, if any, available to the District as a result of the evaluation as well as the procedure(s) for implementing each action. Available actions include, but are not limited to, recommendations for renewal of employment, non-renewal of employment, probation, and others as determined. Should any action be taken as a result of an evaluation to not renew an individual's contract the District will comply with the requirements and procedures established by State law.

Records

Permanent records of each certificated personnel's evaluation and any properly submitted rebuttal/appeal documentation will be maintained in the employee's personnel file. All evaluation records, including rebuttal/appeal documentation, will be kept confidential within the parameters identified in State and federal law regarding the right to privacy.

Reporting

Any subsequent changes to the District's evaluation plan shall be resubmitted to the State Department of Education for approval. The District shall report the summative rankings, the number of components rated as unsatisfactory, whether a majority of the certificated personnel's students met their measurable student achievement or growth targets or student success indicators as well as what measures were used, and whether an individualized professional learning plan is in place for all certificated personnel evaluations, annually to the State Department of Education.

Evaluation of Non-Certificated Staff

5345

The supervisor of each area shall have specific authority to supervise all employees in his/her department in the performance of their duties, to inspect employees' work, and to make suggestions and give instructions that will result in better service.

Each non-certificated staff member's job performance shall be evaluated by the staff member's direct supervisor. The evaluation process includes scheduled evaluations, on forms applicable to the job classification and description, and day-to-day appraisals.

In no event shall an evaluation change the at-will status of non-certificated employees, nor shall an evaluation be required prior to discharge.

Non-certificated employees shall be evaluated not less than one (1) time per year by the employee's direct supervisor. Supervisors shall review the evaluation with the employee, discuss issues of unsatisfactory performance, and allow the employee to file a rebuttal to the evaluation. The supervisors shall submit written evaluations of each employee to the Superintendent in such manner and at such times as may be determined by the Board of Trustees and/or the Superintendent.

The supervisor shall provide a copy of the completed evaluation to the staff member and shall provide an opportunity to discuss the evaluation. The original should be signed by the staff member and filed with the Superintendent. If the staff member refuses to sign the evaluation, the supervisor should note the refusal and submit the evaluation to the Superintendent. The employee will be allowed the opportunity to attach a rebuttal to any information contained in the evaluation.

In the event the evaluation demonstrates that the employee's performance is unsatisfactory, the Superintendent may take disciplinary action, including, but not limited to, dismissal, probation, reassignment, or reprimand. The District is not required to provide a non-certificated employee a probationary period for unsatisfactory performance; the Superintendent has the discretion to utilize probation on a case-by-case basis. Any non-certificated employee receiving a less than satisfactory evaluation has no right to a probationary period if it is determined that the employment should be terminated.

The District shall establish personnel files for each district employee and any and all materials related to the evaluation of that employee shall be placed in the personnel file within a timely manner. Employees shall be provided timely notice that evaluation material has been placed in the file and afforded the opportunity to attach a rebuttal to such material.

Certified Personnel Resignation (Release from Contract)

5350

Applicants for teaching positions with Troy School District who are issued a contract and employees who are on contract should recognize that their contract with the District carries responsibilities. Certificated personnel will generally be expected to fulfill the terms of their contract unless (1) there are clearly compelling, mitigating circumstances which prevent the certificated individual from doing so; and (2) until such time as the Board releases the certificated individual from the terms of the contract upon the recommendation of the Superintendent.

Employees (including those employees who have just signed their first contract) will not be released from contract during the school year or within 45 days of the start of the school year unless a suitable replacement can be found. The Board may make exceptions to this rule for serious health problems.

The Employee may make a written request for release from contract during the school year or immediately prior to the start of the school year, stating the date of requested release. The request should be submitted to the District offices so that a search for a suitable replacement can be initiated. The request for release will be submitted to the Board at the time specified by the employee. If finding a replacement is not imminent, the District offices will advise the person submitting the request that the administration will recommend to the Board that the request be denied. The District offices will also give the person making the request the opportunity to hold the request until finding a suitable replacement is imminent at which time the resignation would then be submitted to the Board. (If no time is specified for the request to be submitted to the Board, it will be submitted when the administration feels that finding a suitable replacement is imminent. The person making the request will be advised of that action.)

A determination of availability of a suitable replacement will be made by the administration before recommendation will be made to the Board that the employee be released from contract.

If, in the judgment of the administration, there is not a suitable replacement, recommendation will be made that the Board NOT release the employee from contract.

Should any certificated employee desire release from his/her contract after the first day of July, the board of trustees may at its discretion request a hearing before the professional standards commission, alleging that the certificated employee is guilty of unethical and unprofessional practice.

Classified Personnel

Classified Employees not under contract are expected to give due written notice that will permit the District to conduct a search for a suitable replacement. Generally speaking, the Board expects a two-week notice.

All resignations should be in writing. Requests for resignation shall be transmitted to the Board as part of the regular personnel report.

Non-school Employment by Professional Staff Members

5370

The outside work or self-employment by a staff member is of concern to the Board insofar as it may:

- Prevent the employee from performing assigned responsibilities in an effective manner.
- Be prejudicial to proper effectiveness in the position or compromise the District.
- Raise a question of conflict of interest – for example, where the employee’s position in the District permits access to information or other advantage useful to the outside employer.

Therefore a regular, full-time employee’s position in the District shall take precedence over any type of outside work or self-employment. Employees are free to carry on individual work or self-employment projects as long as no District facilities, equipment, or school(s) are used, except as provided by policy, and the outside work or self-employment does not interfere with the employees’ performance of District assigned duties.

In addition, an employee may not perform any duties related to outside work or self-employment during regular District working hours or during the additional time that is needed to fulfill the responsibilities of the District position. Employees who violate this policy are subject to reprimand, suspension, or termination.

Except by prior written authorization from the Superintendent:

- School buildings are not to be used for private tutoring or classes for which students pay a fee to a staff member unless a rental contract has been entered into with the District.
- A staff member is not permitted to provide tutoring for pay to any student who attends or is registered in any of the staff member’s own classes with the exception of music students.
- The Principal shall provide safeguards to assure that equal protection opportunity is provided each student in every music department where a teacher may be involved in tutoring or private lessons.

Dismissal of Certified Employees

Employees Receiving Annual Contracts

Category 1: A limited contract is specifically offered only for the duration of a school year, and this District is under no obligation to give further notice to terminate the contract at the conclusion of the contract year. The District is under no obligation to rehire the employee.

Category 2: If the Board decides not to employ the certificated employee for the ensuing school year, the employee will be provided with a written statement of the reasons for non- reemployment on or before the date prescribed in Idaho Code. Because no property rights attach to a Category 2 employment contract, the employee is not entitled to a review by the Board of the basis for the decision not to reemploy the individual.

Category 3: On or before the date prescribed in Idaho Code, the Board will give written notice whether the employee will be reemployed for the ensuing school year. If the employee will not be rehired, the employee will be given the opportunity for an informal review of the Board's decision, upon submitting a written request for an informal review.

Before a Category 3 employee can be considered for discharge as a result of unsatisfactory performance, the employee is entitled to a reasonable period of probation (not less than eight (8) weeks).

Informal Review

The District will use the following procedure when a certificated employee is entitled to an informal review procedure, including, but not limited to, reassignment of an administrative employee, failure to rehire a Category 3 employee, and failure to reissue a supplemental contract.

The employee must request an informal review within ten (10) days of the date notice of reassignment is mailed or hand delivered to the employee. The employee will be given an opportunity to meet with the Board in Executive Session within fifteen (15) days of the date the request for informal review is filed and explain why he/she disagrees with the Board's decision. The employee does not have the right to be represented by an attorney or a representative of the local or state teachers association, present evidence, and cross-examine witnesses unless specifically agreed to by the Board. The Board will notify the employee, in writing, of its final decision in the matter within fifteen (15) days of the date of the informal review.

Employees Receiving Renewable Contracts

Before the Board can determine not to renew a contract for reasons of an unsatisfactory report of the performance of any certificated person whose contract would otherwise automatically be renewed, or to renew such employee's contract at a reduced salary, the employee will be entitled to a reasonable period of probation. If the discharge is for reasons other than an unsatisfactory report of performance, the Board is not required to establish a reasonable period of probation for the employee.

Dismissal of Certified Employees (continued)

Discharge or Reduction of Salary Procedures

When the Board: 1) discharges any certificated employee (renewable or annual contract) for any reason during the current contract period; 2) does not renew any renewable contract employee at the end of the contract period, or 3) renews the contract of a renewable contract employee at a reduced salary, the following procedures will be followed:

1. The Superintendent or other authorized administrative officer may recommend the discharge of any certificated employee by filing with the Board written notice specifying the alleged reasons for discharge.
2. Upon receipt of the notice, the Board, acting through its designee, will give the affected employee written notice of the allegations and the recommendation of discharge, along with a written notice of a hearing before the Board prior to any determination by the Board.
3. The hearing will be scheduled to take place not less than six (6) days nor more than twenty-one (21) days after receipt of the notice by the employee. The date provided for the hearing may be changed by mutual consent.
4. The hearing will be public unless the employee requests in writing that it be in Executive Session.
5. All testimony at the hearing will be given under oath or affirmation. Any Board member, or the Clerk of the Board, may administer oaths to witnesses or affirmations by witnesses.
6. The employee may be represented by legal counsel and/or by a representative of a local or state teachers association.
7. The Chair of the Board or his or her designee will conduct the hearing.
8. The Board will cause an electronic record of the hearing to be made, or will employ a competent reporter to take stenographic or steno-type notes of all the testimony at the hearing. A transcript of the hearing will be provided at cost by the Board upon request of the employee.
9. At the hearing, the Superintendent or duly authorized administrative officer will present evidence to substantiate the allegations contained in the notice received by the Board.
10. The employee may produce evidence to refute the allegations. Any witness presented by the Superintendent or by the employee will be subject to cross-examination. The Board may also examine witnesses and be represented by counsel.
11. The employee may file written briefs and arguments with the Board within three (3) days after the close of the hearing or such other time as may be agreed upon by the employee and Board.

Employment Referrals and Prevention of Sexual Abuse

5391

All employees, contractors, and agents of the District are prohibited from providing any recommendation for employment or otherwise helping an employee, contractor, or agent of the District in obtaining a job if they know or have probable cause to believe the individual has engaged in sexual misconduct with a student or minor in violation of the law.

This prohibition does not include following routine procedures regarding the transmission of administrative or personnel files.

These prohibitions shall not apply to cases in which the alleged misconduct was properly reported to law enforcement and any other authorities required by federal, state, or local law; and

1. The matter was officially closed;
2. The prosecutor or police with jurisdiction over the case investigated the allegations and notified District officials that there is insufficient information to establish probable cause that individual engaged in sexual misconduct with a minor or student in violation of the law;

The Board of Trustees expects employees of the District to be trustworthy and to conduct themselves in an honorable manner, abiding by all District policies and procedures and by all applicable State and federal laws and administrative rules.

When District employees know or have reasonable cause to believe that serious wrongful conduct has occurred, they should report such wrongful conduct to the Superintendent or his or her designee.

For the purposes of this policy, the term “wrongful conduct” shall mean:

1. Theft or misuse of District funds, property, or resources;
2. Fraud;
3. Violation of federal and state laws or administrative rules; and/or
4. Material violation of District policy or procedure aimed at protecting the health and safety of staff and students.

Employees who know or have reasonable cause to believe that wrongful conduct has occurred shall report such activity to the Superintendent or his or her designee. Upon receiving a report of wrongful conduct, the Superintendent or designee shall take immediate steps to conduct an investigation.

If the person alleged to have committed the wrongful conduct is the designee, the Superintendent shall conduct the investigation. If the person alleged to have committed the wrongful conduct is the Superintendent, the investigation shall be addressed in accordance with Policy 4120.

The Superintendent or designee shall maintain a written record of the allegation; conduct an investigation, refer the matter to law enforcement or other appropriate authorities, if applicable; and notify the Board of the allegation and of the results of the investigation.

The Superintendent or designee shall attempt to protect the identity of a whistleblower, provided that doing so does not interfere with the investigation of the allegations or with the taking corrective action.

The District shall investigate any complaints of such retaliation and take immediate steps to stop any retaliation.

District employees who have engaged in retaliation shall be subject to discipline, which may include dismissal.

Employment Categories

In addition to the employee's regular salary, it is the policy of Troy School District to provide several other benefits and services for employees. These benefits (and other regulations) are based on the category of the employee:

Certificated (or "Certified") Employees are employed in a position for which a state-issued Professional Education Certificate is required. All Certificated employees are also "Exempt" employees.

Each certificated employee is personally responsible for maintaining and renewing his/her teaching certificate and endorsements.

Non-Certificated Personnel are those individuals employed by the district who are not required to have a teaching certificate to qualify for the position.

All non-certificated employees are Classified Employees.

Administrators are certificated or classified employees who report directly to the Superintendent and who may hold individual contracts whose terms may vary from standard policy.

Classified Exempt Employees are those classified employees who are exempt from the overtime and other regulations of the federal Fair Labor Standards Act.

Classified Non-Exempt Employees are those classified employees whose working hours are governed by the overtime and other regulations of the federal Fair Labor Standards Act.

Instructional Personnel are Certificated Employees who are covered by the annually-negotiated Master Agreement, whose terms may vary from standard policy.

Full-time employees regularly work 40 hours per week, or are employed on a 1.0 Full-Time Equivalent (FTE) certificated contract.

Benefit-eligible Employees normally work five months or longer at least 20 hours per week, or are employed on at least a .5 Full-Time Equivalent (FTE) certificated contract.

Twelve-Month Employees are employed by the District on a year-round basis.

Nine- or Ten-Month Employees are employed by the District for nine or ten months per year.

Ancillary Personnel are not District employees. They are specialists who perform duties for the District based on a separate contract (such as Occupational and Physical Therapists, etc.).

Sick Leave

5400

“Sick leave” means a leave of absence, with pay, for a sickness, quarantine, or injury, suffered by an employee or his or her immediate family. “Immediate family” shall mean the employee’s spouse, parents (including father-in-law and mother-in-law), and children residing in the employee’s household. Sick leave rights shall be extended to include any person living with the employee and dependent upon the employee for financial or physical support. Nothing in this policy guarantees approval of the granting of such leave in any instance. Each request shall be judged by the District in accordance with this policy and the needs of the District.

At the beginning of the employment year, all classified employees of this District who regularly work twenty (20) hours or more per week for five months or more, and all certificated employees who work half-time or more per week for five months or more, shall be entitled to sick leave with full pay of one (1) day for each month of service in which they work a majority portion of that month, as projected for the employment year. The District shall provide nine (9) month employees with 10 sick days, and 12 month employees earn thirteen days annually accumulated without limit. Employees who work more than 20 hours per week, but less than full-time, shall have the sick leave prorated by the full-time equivalent (FTE) worked.

“Employment year” is defined as beginning July 1 and continuing through June 30 of the following year.

“Substitute employee” is defined as an employee who works on an as-needed basis and who is not given a regular work schedule.

District compensation shall not be provided for unused sick leave.

Calculation of Sick Leave

Sick leave shall be calculated pursuant to the employee’s “month of service,” as projected at the beginning of the employment year. If it is projected that the employee will work a majority portion of the hours for which he/she is normally scheduled during any given month, he/she shall be entitled to sick leave for that month. Sick leave benefits shall not be credited for those months in which the employee is not projected to work a majority portion of his/her month of service.

Certificated Employees: Sick leave for certificated employees shall be calculated by the day, or percentage thereof, as defined in the individual employee’s contract. Additional sick leave may be provided to certificated personnel when the negotiated agreement between the District and the local education organization so specifies.

Notice of Credited Sick Leave

Each employee shall be credited sick leave for the employment year, and notified of the sick leave benefits to which he/she is entitled, at the beginning of the employment year, or first day of employment if employment commences during the employment year.

Medical Documentation

To protect the District against malingering and false claim of illness, an employee may be required to provide proof of illness, at the discretion of the Superintendent or designee. All sick leave taken immediately before or after vacations or holidays requires notification to the supervisor and may require a physician's statement. The Superintendent or designee may require proof of the employee's ability to return to work following an illness.

Accumulation of Sick Leave

Unused sick leave shall be accumulated from year to year, as long as an employee remains continually in the service of this district. Employees may accumulate unlimited days of unused sick leave. Upon retirement, an employee's accumulated unused sick leave must be reported by the District to the public employee retirement system.

In no event shall the Board compensate an employee for unused sick leave.

If a new employee has been employed by another District or state educational agency during the year immediately preceding, that individual's accumulated sick leave, up to the maximum number of days allowed to accumulate in this District, shall be secured for, and credited to, that new employee.

It is understood that seniority shall accumulate while a teacher or employee is utilizing accumulated sick leave credits. Seniority will not accumulate unless an employee is in a paid status. Abuse of sick leave is cause for discipline up to and including termination.

Sick Leave Bank

5401

Classified Employees

The purpose of the Sick Leave Bank (hereafter referred to below as the Bank) shall be to provide classified employees, who qualify by membership in the Bank, with additional sick leave days as needed to recover for personal illness which causes absence from work and loss of all accumulated personal sick leave. The Bank shall not be used as a reserve for time lost due to short-term illness that would normally be covered by the employee's accumulated sick leave, nor for time due to illness in the family, bereavement, or for a purpose other than personal illness.

1. Administration: The Bank shall be administered by the Sick Leave Council (hereafter referred to below as the Council) in conformance to the regulations set forth in this document. The Council shall be composed of two (2) classified employees elected by the qualified members and two (2) Troy School Board members. In the event of a tie vote by the Council, the Superintendent of Schools shall cast the deciding vote.
2. Eligibility of membership: Membership in the Bank shall be extended to any classified employee of the Troy School District.
3. Membership: Employees who donate one day of sick leave to the Bank prior to October 1 shall be members of the Bank (hereafter referred to as member or members) and eligible for its services throughout the school year.
4. Donations: If the Bank is below maximum capacity, Bank members must donate one day per year until maximum capacity is reached. If the Bank is at maximum capacity, only those who are beginning employment with the District must donate to become members. Continuing members do not donate when the Bank is at maximum capacity and need only sign the sheet indicating that they have donated to continue participation.
5. Maximum Capacity: The maximum number of days in the Sick Leave Bank is 125.
6. Maximum Withdrawal: The maximum number of days that shall be available for withdrawal for employees' use in any one (1) year shall not exceed the Bank's maximum capacity. The maximum number of days available for any one individual employee per school year shall not exceed one hundred and twenty-five (125) days. The maximum number of days that can be given per request is twenty-five (25) days. The member may reapply for more days as needed.
7. Employee Use of the Sick Leave Bank:
 - a. The member, or the classified Council member when the member is incapacitated, shall secure written evidence from the School District's business office that: he/she has used all of their accumulated sick leave, and that he/she has purchased on day of the individual's salary making them eligible to apply for use of Bank days.
 - b. The member, or the representative acting for the member, shall secure written proof of illness adequate to protect the district against malingering and false claims of illness as provided by Idaho Code 33-1216 and 33-1218.
 - c. The member, or the representative acting for the members, shall secure written notification of the member's return to work date. If return to work is on a half day basis, the doctor must specify on the back to work notification. If prolonged illness requires subsequent related periodic visits to the doctor or medical facility during school time, the doctor must specify. Such specified days shall be covered by the Bank provided the maximum number of days drawn does not exceed one hundred and twenty-five (125).

Sick Leave Bank (continued)

5401

- d. The Council member shall forward the above necessary documents to the Sick Leave Council in writing within three (3) days of receipt of Items a, b, and c above.
- e. The Council shall give full consideration to the classified Council representative's recommendations and to the accompanying statements and shall make final approval or disapproval of the request in full or in part in writing to the member within three (3) days of receipt of Items a, b, c, and d above.
- f. In the event the Superintendent of Schools must cast a tie-breaking vote, he/she shall decide and notify the member of his/her decision with three (3) days.
- g. If the member's request is approved, immediate transfer of the approved number of days from the Bank to the member shall be made. Except as provided in subparagraph h below, each unrelated prolonged illness must be preceded by one (1) day of individual member's salary before the same member is eligible to draw from the Bank again in the same school year. Total days drawn cannot exceed one hundred twenty-five (125) days.
- h. In the event of a recurring long term illness, the member or the member's representative must reapply for every twenty-five (25) days sick leave needed from the Bank. It shall not be required that the member purchase an additional one (1) day of individual member's salary before receiving additional days from the Bank.

Leaves of Absence - Military Leave

General Policy

All District employees, other than those who are employed on a temporary basis, are entitled to military leave of absence when ordered to active duty for training as members of the Idaho National Guard or any component of the U.S. Armed Forces. Employees who volunteer, are drafted, or are ordered to extended active duty with any component of the U.S. Armed Forces shall be entitled to reinstatement to their former positions or comparable positions if the right is exercised in a timely manner as noted below.

The District shall notify each employee entitled to rights and benefits under the Uniformed Services Employment and Reemployment Rights Act (USERRA) of their rights, benefits, and obligations under USERRA and those of the District.

Notice to District

All employees should provide either written or oral notice of upcoming military training to the District as soon as reasonably practical. The employee or an appropriate officer of the branch of military in which the employee will serve may provide the notice. Employees who are ordered for such duty shall provide one copy of their orders to the Superintendent. Notice shall include date of departure and date of return for purposes of military training 90 days prior to the date of departure.

Military Leave for Training or Short Term Duty

Employees who are required to attend active duty, inactive-duty training, funeral honors duty, or field or coast defense training as a Reserve of the armed forces or member of the National Guard shall not suffer any loss of salary, seniority, or efficiency rating during the first 15 work days of such absence in any fiscal year. Leave will be without loss of benefits.

In the case of a part-time employee, military leave for training or short-term duty shall accrue at a rate of 15 days per year multiplied by a percentage determined by dividing by 40 the number of hours in the regularly scheduled workweek of that employee during that fiscal year. Unused leave shall accumulate until it totals 15 days.

Completion of Military Training

Upon completion of military training, the employee shall give evidence of the satisfactory completion of such training immediately thereafter. The employee shall be restored to his or her previous or similar position with the same status, pay, vacation leave, sick leave, bonus, advancement, and seniority. Such seniority shall continue to accrue during such period of absence.

Benefits for Uniformed Service Personnel On Active Duty

(Note: Federal law does not require an employer to pay the salary of an employee on military leave except as specified in “Military Leave for Training or Short Term Duty” above.)

Pension and Retirement Plans

Pension and retirement plans are considered a benefit to which reinstated employees are entitled. Any normal contributions will continue to be made for service members who are absent for 90 days or fewer. If the employee has been absent for military service for 91 days or more, the District may elect to delay making retroactive pension contributions until the employee submits satisfactory reemployment documentation.

Medical Insurance

Health benefits will be offered to the extent they are available to other employees on leave. An employee performing military service for 30 days or fewer is not required to pay more than the normal employee share of any health premium. If the employee’s military service is for 31 days to 24 months, the health plan will offer continuous coverage. An employee on military leave may elect to continue health care coverage through the District for up to 24 months after the military leave begins or for the period of military service, whichever is shorter. The District’s obligation to provide health benefits ends once an employee’s military leave exceeds 24 months. When the employee is reinstated, a waiting period or exclusion cannot be imposed if health coverage would have been provided to the employee had he or she not been absent for military service.

Reporting to District Once Military Leave is Complete

The standard military service length and reporting times are:

1 to 30 Days of Military Service: The employee reports to the District by the beginning of the first scheduled work day that falls eight hours after the end of the last calendar day of military service.

31 to 180 Days of Military Service: The employee must submit an application for reemployment no later than 14 days after completion of service in the armed forces. If the 14th day falls on a day when the District’s offices are not open or available to accept a reemployment application, the time extends to the next business day.

5000 – PERSONNEL

Leaves of Absence - Military Leave (continued)

5405

181 Days or More of Military Service: The employee must submit an application for reemployment no later than 90 days after completion of military service. If the 90th day falls on a day when the employee's offices are not open or available to accept a reemployment application, the time extends to the next business day.

Cases of Disability: Employees who are hospitalized or recovering from a disability that was incurred or aggravated during the period of military service leave have up to two years to submit an application for reemployment.

There is an exception to these guidelines for those employees who, through no fault of their own, find themselves in a situation that makes it impossible or unreasonable to meet the required timetables. In those cases the employee must return to work as soon as possible.

Disqualification From Returning to Work

There are four conditions that disqualify an employee from exercising his or her right to reemployment after military service:

1. A dishonorable or bad conduct discharge;
2. Separation from the service under "other than honorable conditions";
3. A commissioned officer's dismissal via court martial or by order of the President; and
4. When a service member has been dropped from the rolls for being absent without authority or for civilian imprisonment.

Reinstatement to Positions After Extended Duty

Employees who volunteer, are drafted, or are called to active duty for extended periods will be placed on "Military Leave of Absence" upon written application and will be entitled to reinstatement to their former or similar positions upon their return and under the following conditions:

1. They must not have remained on active duty beyond their first opportunity for honorable or general release; and
2. They must report to claim reinstatement within the timelines specified under "Reporting to District Once Military Leave is Complete" above.

After an employee has been absent for 31 days or more of military service, the District may ask the employee or the employee's military unit for documentation showing that:

1. The employee submitted a timely application for reemployment;
2. The employee's length of military service has not exceeded the five year limitation; and

5000 – PERSONNEL

Leaves of Absence - Military Leave (continued)

5405

3. The employee’s separation from the military service meets the requirement for reemployment.

As a general rule, employees returning from military service must be reemployed in the job that they previously held, or would have attained had they not been absent for military service. If the employee was disabled while on military duty, or a disability is aggravated by military service, the District will make reasonable efforts to accommodate the disability

Leave of Absence

Continuing contract teachers and other full-time employees with three or more years of continuous service with Troy School District may take a one-year leave of absence provided that:

1. the District can find a suitable replacement for the employee on or before May 15th of the year prior to the employee's planned leave of absence; and
2. the reason(s) for the leave of absence is (are) approved by the Board of Trustees.

If the Board approves the leave of absence it shall allow the following:

1. No loss of sick leave, contract benefits, or full-time employee benefits accumulated prior to the leave of absence.
2. Allow the employee to participate in group insurances while on leave with the employee paying the premium.
3. Upon return, the employee shall be assigned to the same position or at least an equivalent position in his/her area of preparation, unless circumstances such as a Reduction in Force or the behavior of the employee would terminate employment as if the employee had not been absent.

Any full-time employee that is granted leave by the Board under these conditions shall notify the Board in writing of their intent to return to employment with the Troy School District by April 1st of the school year in which the leave is granted. Failure to notify the Board in writing of the intent to return renders null and void any stated obligations including that of re-employment.

Other Employee Absences

5407

Recognizing the need for administrators to make personnel management decisions in a timely manner, and to provide for the efficient operation of this district, the board of trustees delegates to the Superintendent the authority to temporarily place district employees on Administrative Leave with Pay.

The delegation of such authority is limited to circumstances where the Superintendent determines that the employee has or is alleged to have (1) violated the Idaho Code of Ethics; (2) created an immediate or imminent threat to the safety and wellbeing of a student or other district employee; (3) violated a district policy or policies; or (4) when such leave is necessary to conduct an investigation involving alleged misconduct by the employee.

The Board will meet to review the Superintendent's decision to place an employee on Administrative Leave no later than five working days following the initiation of the Administrative Leave. The Board may continue or discontinue the Administrative Leave with Pay or take other action as is determined to be in the best interests of the District.

This policy is not intended to limit the Superintendent's authority to terminate classified employees.

Unexcused Absences

All absences other than those complying with policy shall be deemed unexcused. A deduction for such unexcused absences will be computed by dividing the employee's annual salary by the number of days for which he/she is contracted and then multiplying this amount by the number of days absent. Excessive absences beyond those complying with policy can lead to disciplining or termination of the employee.

Family and Medical Leave

5410

In accordance with the provisions of the Family Medical Leave Act of 1993, a leave of absence of up to twelve (12) weeks during a twelve-(12)-month period may be granted to an eligible employee for the following reasons:

1. the birth of a child;
2. the placement of a child for adoption or foster care;
3. because of a serious health condition that makes the employee unable to perform the functions of the job;
4. to care for the employee's spouse, child or parent with a serious health condition; or
5. for any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent of the employee is on active duty status, or has been notified of an impending call to active duty status, in support of a contingency operation.

An employee is eligible to take FMLA leave if the employee has been employed for at least twelve (12) months, and has worked at least one thousand two hundred fifty (1,250) hours during the twelve (12) months immediately prior to the date when the leave is requested and if there have been at least fifty (50) District employees within seventy-five (75) miles for each working day during twenty (20) or more workweeks in the current or preceding calendar year.

Employees will not be required to use appropriate paid leave while on FMLA Leave. Workers Compensation absences will not be designated FMLA Leave.

The Board has determined that the twelve-(12)-month period during which an employee may take FMLA leave is twelve (12) months backward from the date of FMLA Leave.

Medical certification shall be required to determine FMLA initial or continued eligibility as well as fitness for duty.

For leaves under the Family and Medical Leave Act that are projected to be longer than six consecutive school days during a school year, the substitute teacher overlaps with the departing teacher two working days before leave begins and one day after the teacher returns.

An employee returning from Family and Medical Leave who has taken part or all of it as unpaid leave may request that the remaining salary amounts yet to be paid that year be divided evenly among the remaining paychecks.

Job Sharing

5455

The Board of Trustees, in its desire to maintain the best possible teaching and learning environment for the students enrolled in this district, believes that a significant contribution can be made by teachers wishing to job-share, on a part-time basis. To this end, the Board may employ a teacher on a continuing part-time job-sharing basis if such part-time status meets the needs of the District.

Approval Process

Requests for continuing part-time job-sharing employment shall be considered as follows:

1. Job sharing status will be reviewed and approved or denied on an annual basis.
2. Requests to job share for the upcoming school year must be made in writing to the Superintendent no later than March 31. A teacher granted continuing part-time job-sharing status must inform the Superintendent no later than March 31 of his/her intent regarding employment at the beginning of the next school year. Preference will be given to those applications which will enhance the learning situation.
3. Arrangements for continuing part-time employment will be made by May 15 or as soon thereafter as possible by the Superintendent and the Building Principal. If the result of the organization review of the school does not permit a continuing part-time job-sharing assignment the staff member will be requested to apply for continuing full-time appointment or transfer to a continuing part-time position at another school.
4. Teachers who job share shall have all benefits and salary prorated in relation to a full-time equivalent position. In the event a teacher works less than 20 hours a week, no benefits will be offered.
5. Preference will be given to applicants on the basis of years of employment with this School District.

Expectations

Teachers accepting continuing part-time employment shall be expected, as are all other teachers, to:

1. Participate in appropriate professional development programs as necessary to maintain certification;
2. Attend staff meetings required for the normal operation of the school;
3. Be available for parent and/or student conferences as required;
4. Attend school functions as required by the principal;
5. Fulfill other duties and responsibilities on a job-sharing basis;
6. Assume full-time continuing duty should suitable part-time placement not be available.

Workers' Compensation Benefits

5460

All employees of the District are covered by Workers' Compensation benefits. In the event of an industrial accident, an employee should:

1. attend to first aid and/or medical treatment if emergency prevails;
2. correct, or report as needing correction, the hazardous situation as soon as possible after the emergency is stabilized;
3. report the injury or disabling condition (whether actual or possible) to the immediate supervisor within forty-eight (48) hours; and
4. call or visit the administrative office after medical treatment if needed to complete the necessary report of accident and injury.

The administrator shall notify the immediate supervisor of the report, and shall include the immediate supervisor in completing the any and all reporting as required.

An employee who is injured in an industrial accident may be eligible for Workers' Compensation benefits.

In the event of a disability incurred on the job and covered by Worker's Compensation, the employee shall be given the choice of either (1) entering a period of leave of absence without pay and receiving Worker's Compensation to which entitled; or (2) utilizing a portion of accrued sick leave to supplement worker's compensation benefits to maintain his/her regular salary insofar as the combined total of Worker's Compensation benefits does not exceed 100% of the salary to which he/she would otherwise be entitled. Use of accrued sick leave to augment Worker's Compensation payments shall terminate when an employee either a) returns to work, b) is no longer disabled in the opinion of a licensed physician, or c) terminates employment with the District.

The District will not automatically and simply defer to a report of industrial accident. The District shall investigate as it deems appropriate to determine (1) whether continuing hazardous conditions exist that need to be eliminated, and (2) whether in fact an accident attributable to the District's working environment did occur as reported. The District may require the employee to authorize the employee's physician to release pertinent medical information to the District or to a physician of the District's choice, should an actual claim be filed against the Workers' Compensation Division which could result in additional fees levied against the District.

Social Security Program

The Social Security program covers all employees with its provisions and benefits. The payroll department is required by law to withhold monthly, an amount established by the Federal Social Security System up to a specified maximum as stipulated by law. The School District, as employer, also pays an amount equal to that which is withheld from employees as stipulated by law.

Public Employees Retirement Plan

Membership in the Public Employees Retirement System of Idaho (PERSI) is compulsory for all Benefit-Eligible employees who are not members of any other State Retirement System of Idaho. The personal deductions are credited to the member's account and earn interest while in that account. Employee contributions may be withdrawn if the employee leaves eligible employment. The Troy School District also contributes an amount based on the percentage rate currently established by PERSI. These employer contributions are included in the determination of the monthly benefit payment when an employee becomes eligible for retirement benefits. PERSI also offers a 401(k) "Choice Plan" for employee voluntary contributions.

Retirement Severance Pay

The Board of Trustees establishes this policy allowing for the granting of retirement severance pay pursuant to Idaho Code Section 33-1216. This policy does not mandate the granting of retirement severance pay to any employee. Rather, the Board has discretion to grant retirement severance pay, which shall be negotiated and memorialized in a written agreement between the individual employee and the Board of Trustees.

Salary Deductions – Exempt Employees

5481

The District is authorized to take deductions from an exempt employee's salary in the following circumstances, unless otherwise governed by the Negotiated Agreement or individual contract:

(NOTE: The District Workweek consists of five consecutive days during a seven-day period. The regular workweek begins at midnight Saturday and ends at midnight the following Saturday, although a regular work schedule is generally based on a Monday through Friday week.)

1. An exempt employee is absent from work for one or more full days for personal reasons, other than sickness or disability, and the employee has no accumulated personal leave.
2. An exempt employee is absent for one or more full days due to sickness or disability (including work-related accidents), and the employee has no accumulated sick leave.
3. An exempt employee violates any safety rule of major significance and the Board imposes such a deduction in pay as a disciplinary action.
4. An exempt employee violates District rules or is otherwise disciplined pursuant to Idaho Code Section 33-513, and the Board imposes an unpaid disciplinary suspension of one or more full days.
5. The District will not pay exempt employees for any workweek in which they perform no work. The District will pay a proportionate share of an exempt employee's full salary for the time actually worked in the first and last week of employment, basing the payment on an hourly or daily equivalent of the employee's full salary for the time actually worked.
6. Exempt employees on unpaid leave, pursuant to the Family and Medical Leave Act, will be paid a proportionate share of their full salary for time actually worked.
7. The District may offset any amounts received by an exempt employee for jury fees, witness fees, or military pay against the salary due for that particular workweek.
8. The District will make other deductions from the exempt employee's salary, as authorized in writing by the employee or ordered by a court of competent jurisdiction.

When calculating the amount of a deduction, the District may use the hourly or daily equivalent of the exempt employee's full weekly salary or any other amount proportional to the time actually missed by the employee. A deduction from pay as a penalty for violations of major safety rules may be made in any amount.

It is the intent of this District that all salaried employees are properly compensated. This District will not allow improper pay deductions to occur. In the event an exempt employee feels that an improper pay deduction has occurred, the employee may file a written complaint with the payroll office. The payroll office shall review the matter, and determine whether an improper pay deduction occurred. In the event it is determined that an improper deduction did occur, the employee shall be reimbursed the proper amount in his/her next regularly scheduled paycheck.

Compensatory Time and Overtime/Classified Employees

5495

This District shall follow all requirements set forth in the Fair Labor Standards Act (FLSA). Non-exempt employees covered by the FLSA will be identified and compensated for overtime hours in accordance with this policy. All District supervisors and administrators must ensure that FLSA provisions relating to overtime and hours worked are strictly adhered to, in compliance with federal law.

Definitions

“Compensatory (comp) time” means time off in lieu of monetary overtime compensation, calculated at one and one-half (1½) hours for each hour worked over forty (40) hours in any one (1) workweek.

“Non-exempt employees” means those employees included in the overtime provisions of FLSA. Additional compensation or compensatory time off will be provided for hours over forty (40) worked during the workweek. Most non-certificated employees are non-exempt employees.

“Overtime hours” means hours worked in excess of forty (40) hours in any workweek, midnight Saturday to midnight the following Saturday.

“Workweek” means five (5) consecutive days during a seven (7) day period. In this District, the regular workweek begins at midnight Saturday and ends at midnight the following Saturday, although a regular work schedule is generally based on a Monday through Friday week.

Work Hours

All non-exempt employees shall be scheduled to work forty (40) hours or less per week within the established workweek of midnight Saturday to midnight the following Saturday.

The District is not required by law to provide paid rest breaks. However, regular full-time classified employees will generally be given the opportunity to take a fifteen (15) minute paid rest break during the middle of the workday, if desired. The supervisor will schedule such breaks so as to not disrupt the workflow. If an employee does not take a rest break during the scheduled time, he or she is not allowed to use this as “make-up time.” An employee may not use the rest break to adjust his or her work hours and come in late or leave early on either a daily or weekly basis.

Non-exempt employees are given a minimum thirty (30) minute unpaid lunch break, which the supervisor will schedule so as to not disrupt the workflow. If required to work during the lunch break, employees will be paid or will receive comp time. Employees must receive supervisor approval before working through a lunch break.

Overtime

Non-exempt employees who work in excess of forty (40) hours in any workweek shall be paid one and one-half (1½) times the regular hourly wage or given compensatory time equal to one and one-half (1½) times the overtime hours actually worked, as defined in this policy.

Compensatory Time and Overtime/Classified Employees (continued)

5495

Overtime payments or comp time accrual shall be computed on the basis of hours actually worked during a single workweek, as recorded on the employee's timecard. Holidays, vacation, sick leave, emergency leave, and other hours paid but not worked are not hours worked for the purpose of overtime calculation.

Overtime hours shall not be used routinely to complete regular job responsibilities. A non-exempt employee will be allowed to work hours in excess of the employee's scheduled hours only upon the prior approval of his or her immediate supervisor, except in the case of a documented emergency. In the event of an emergency, the employee must make a reasonable attempt to obtain prior approval from his or her supervisor for the overtime. If prior approval cannot be obtained, the employee must notify the supervisor that excess hours were worked and the nature of the emergency during the employee's next regularly scheduled shift.

Any employee who works unauthorized overtime will be subject to disciplinary action, which may include suspension without pay and/or termination, as determined appropriate.

The supervisor may adjust an employee's work schedule for the remainder of the workweek to prevent the total number of hours for that workweek exceeding the number of hours regularly worked.

The employee must submit verification of the additional hours worked to the supervisor and payroll clerk at the end of each payroll period in which the additional hours were worked.

A pro-rata blended rate will be used as the base rate for those district employees who work in two (2) or more positions with different pay rates.

Records

All non-exempt employees covered by this policy are required to maintain a daily time log showing actual hours worked and noting the times taken for meal periods. The employee and his or her immediate supervisor must sign the time log on a weekly basis, acknowledging that the work hours set forth are true and accurate. Employees will be compensated for overtime or will accrue comp time based on the completed time log. Failure to maintain accurate logs, or falsification of such logs will be grounds for disciplinary action. No supervisor shall knowingly allow an employee to work unreported overtime to avoid overtime payments.

The District will maintain all payroll records for at least three (3) years. Such payroll records include any documentation (electronic or hard copy) on which wage computations are based, including, but not limited to, timesheets, work schedules, and records of additions to or deductions from wages.

A non-exempt classified employee may not volunteer work time in an assignment similar to his or her regular work without pay.

Medical Examinations

Through its overall safety program and various policies pertaining to school personnel, the Board shall promote the safety of employees during working hours and assist them in the maintenance of good health. It shall encourage all its employees to maintain optimum health through the practice of good health habits.

Under the circumstances defined below, the Board may require physical examinations of its employees. Results of such physical examinations shall be maintained in separate medical files and not in the employee's personnel file and may be released only as permitted by law.

Physical Examinations

If the work is of a physically demanding nature, subsequent to a conditional offer of employment and prior to a commencement of work, the District may require an applicant to have a medical examination and to meet any other health requirements that may be imposed by the State. The District may condition an offer of employment on the results of such examination, if all entering employees in the applicable job category are subject to such examination. If approved by personnel services, a thirty-(30)-day grace period beginning from the date of employment may be allowed for the employee to obtain the required medical examination.

All bus drivers, including full-time, regular part-time or temporary part-time drivers, shall be required to have a satisfactory medical examination prior to employment.

Contagious or Infectious Diseases

If a staff person has a contagious or infectious disease and has knowledge that a person with compromised or suppressed immunity attends the school, the staff person must notify the supervisor that he or she has a contagious or infectious disease which could be life threatening to an immune compromised person. The school nurse or other designated person must determine, after consultation with and on the advice of public health, if the immune compromised person needs appropriate accommodation to protect their health and safety.

An employee with a contagious or infectious disease shall not report to work during the period of time in which the employee is infectious. An employee afflicted with a contagious or infectious disease capable of being readily transmitted in the school setting (e.g., airborne transmission of tuberculosis) shall be encouraged to report the existence of the illness in case there are precautions that must be taken to protect the health of others. The District reserves the right to require a statement from the employee's primary care provider prior to the employee's return to work.

Paraprofessionals, Teachers' Aides, and Paraeducators

5710

Teachers' aides, and paraeducators, as defined in the appropriate job descriptions, are under the supervision of a principal and a teacher to whom the principal may have delegated responsibility for close direction. The nature of the work accomplished by paraeducators will encompass a variety of tasks that may be inclusive of "limited instructional duties."

Under federal law, a paraprofessional, also known as a "paraeducator," an "education assistant" or an "instructional assistant," is defined as an individual who is employed in a preschool, elementary school, or secondary school under the supervision of a certificated or licensed teacher, and includes persons employed in language instruction educational programs, special education programs, and migrant education programs.

Paraeducators are employed by the District mainly to assist the teacher. A paraeducator is an extension of the teacher, who legally has the direct control and supervision of the classroom or playground and is responsible for the control and welfare of the students.

In compliance with applicable legal requirements, the Board shall require all paraeducators with instructional duties that are newly hired in a Title I school-wide program to have a high school diploma or general equivalency diploma (GED) and:

1. Demonstrate through a state approved academic assessment knowledge of and the ability to assist in instructing or preparing students to be instructed as applicable to the academic areas they are providing support in; or
2. Have completed at least two (2) years of study at an accredited postsecondary educational institution; or
3. Obtained an associate degree or higher level degree;

It is the responsibility of each principal and teacher to provide adequate training for a paraeducator. This training should take into account the unique situations in which a paraeducator works and should be designed to cover the general contingencies that might be expected to pertain to that situation. During the first 30 days of employment, the supervising teacher or administrator shall continue to assess the skills and ability of the paraeducator to assist in reading, writing, and mathematics instruction.

The Superintendent shall develop and implement procedures for an annual evaluation of teachers' aides and paraeducators. Evaluation results shall be a factor in future employment decisions.

Volunteers/Contractors

5720

The District recognizes the valuable contributions made to the total school program by members of the community who act as volunteers. A volunteer by law is an individual who:

1. has not entered into an express or implied compensation agreement with the District;
2. is excluded from the definition of “employee” under the appropriate state and federal statutes;
3. may be paid expenses, reasonable benefits and/or nominal fees in some situations;
and
4. is not employed by the District in the same or similar capacity for which he/she is volunteering.

District employees who work with volunteers shall clearly explain duties for supervising children in school, on the playground and on field trips. An appropriate degree of training and/or supervision of each volunteer shall be administered commensurate with the responsibility undertaken. Volunteers who are not Troy School District students must be at least 21 years of age, unless the Principal grants an exception.

Volunteers who have unsupervised access to children are subject to the District’s policy mandating criminal background checks.

In order to maintain a safe environment for the students of this District, the names of all contractors (including subcontractors) who perform work on school property will be provided to the District in advance of performing work on school property. The names of contractors will be checked against the statewide sex offender register and any contractor who is listed on such registry will not be allowed to perform work on school property.

Employee Volunteers

Non-exempt employees may not volunteer their time and service with this School District when the volunteer hours involve the same type of service which the employee is employed to perform. In other words, employees may not volunteer to do what they are otherwise paid to do. Factors to consider in determining whether this policy is being complied with include:

1. The duties of the employee; and
2. The facts and circumstances in each particular case, including whether the volunteer service is closely related to the actual duties performed by or responsibilities assigned to an employee.

“Non-exempt employees” means those employees included in the overtime provisions of the Fair Labor Standards Act. Additional compensation or compensatory time off will be provided for hours over forty (40) worked during the workweek. Most non-certificated employees are non-exempt employees.

The District encourages the use of private service providers and professional consultants as resource individuals when such consultative services will be helpful in the improvement of the educational program of the District. The District, through the Superintendent as its designee, may enter into contracts with private service providers and/or consultants to provide necessary services to students.

Services provided by a private service provider/consultant (hereinafter referred to as “PSP”), and the frequency and duration of such services, shall be pursuant to the terms of the contract between the PSP and the District. Any contract the District enters into with the PSP shall provide the responsibility for eligibility determination, choice of educational methodology, and other determinations of educational services and programs which shall be retained at all times by the District.

Prior to being hired, the PSP shall undergo a background check the same as any new employee or volunteer of the District. The same requirements shall apply to the PSP.

The Superintendent or designee shall conduct periodic reviews of the services of the PSP. The Board may request that the Superintendent provide the Board with the review findings of the PSP.

Consultants shall exercise no authority over the work of District employees, but shall act only as advisors in those fields in which they are qualified to offer assistance and for which they are employed.

Compensation

PSP compensation shall be approved by the Board prior to invitation and arrangement for visitation by such person or persons to the District except when such compensation is within the amount specifically budgeted. If reimbursement is obtained through Medicaid, the PSP shall agree in the contract that those services will not exceed the approved Medicaid rate.

All consultants shall be hired based on a written contract which shall not exceed twelve (12) months.

Confidentiality

The PSP shall at all times maintain confidentiality pursuant to the Family Educational Records and Privacy Act (FERPA) of all records of services, including, but not limited to, identifying information regarding the student and services, observations, evaluations and/or assessments.

Reduction in Force

5740

It is recognized that the Board has the responsibility to maintain good public elementary and secondary schools and to implement the educational interest of the state, consistent with state and federal educational requirements, including District and school attainment of Adequate Yearly Progress, improvement plans, accreditation requirements, and other school-based issues. However, recognizing also that it may become necessary to eliminate certificated staff positions in certain circumstances, this policy is adopted to provide a fair and orderly process should such elimination become necessary.

The Board has the sole and exclusive authority to determine the appropriate number of certificated employees and to eliminate certified staff positions consistent with the provisions of the State statutes. A reduction of certified employees may occur as a result of, but not be limited to, the following examples or from other conditions necessitating reductions:

- a. Decreases in student enrollment
- b. Changes in curriculum
- c. Financial conditions or limitations of the District

The need for implementation of a Reduction in Force and/or the elimination of certificated positions is left to the sole discretion of the Board.

The Board may choose to implement a RIF through:

- a. the elimination of an entire program or portions of programs;
- b. the elimination of positions in certain grade levels only;
- c. the elimination of positions by category;
- d. the elimination of positions in an overall review of the District;
- e. the elimination of positions through other considerations and implementation decisions;
- f. the elimination of a portion or percentage of a position(s) or any combination of the above.

Reduction in Force Process

5740A

The following definition and procedures shall be used for conducting a Reduction in Force.

Definition

As used in this policy, “teacher” shall apply to any employee of the District who holds a certificate issued by the State Board of Education who is employed in a teaching or administrative position, below the rank of Superintendent.

Procedures

1. Prior to commencing action to terminate teacher contracts under these procedures, the Board will give due consideration to its ability to effectuate position elimination and/or reduction in staff by:
 - a. Voluntary retirements
 - b. Voluntary resignations
 - c. Transfer of existing staff members
 - d. Voluntary leaves of absence
2. In the event a Reduction in Force is required, teachers who are retained pursuant to these procedures may be reassigned if suitable position openings are available in instructional areas for which they are Highly Qualified and for which the principal has approved transfer pursuant to Idaho Code.
3. In the Board’s determination as to the individuals to be released pursuant to the Reduction in Force consideration will be given to the criteria set out below. Each criterion shall be considered in terms of the total context when selecting those employees who are to be considered for release pursuant to the provisions of these procedures. The following criteria will be considered:
 - a. Area(s) of certification for which the teacher is Highly Qualified which are classified by the District as Hard to Fill positions
 - b. Number of areas of certification for which the teacher is Highly Qualified
 - c. Educational/Degree Status
 - d. National Certifications Held
 - e. Position as a Lead or Master Teacher within the District
 - f. Whether or not the teacher is Highly Qualified in a course necessary for High School Graduation requirements
 - g. Whether or not the teacher is Highly Qualified in a course necessary for middle school advancement
 - h. Contribution and/or involvement in extra-curricular or co-curricular positions with students
 - i. Compliance with Professional Standards and Conduct over the course of employment with the District
 - j. Teacher evaluation, including components required by Idaho Code to be encompassed in teacher evaluation

Reduction in Force Process (continued)

5740A

It is the intent of the Board that the individual and cumulative effect of each criterion on the welfare of students and the best long-term and short-term interest of the District be considered.

It is further the intent of the Board that primary consideration be the quality of instruction and the progress that students are making throughout the course of the school year as well as properly endorsed Highly Qualified instructors to be in classroom positions in order for the District to be compliant with federal and state education requirements. Thus, each criterion shall be considered in terms of this total context.

The factors for consideration shall be reviewed on an annual basis by the District's Administration to determine whether factors should be added, eliminated, or weighted differently. Such recommendations for modification will then be brought before the Board for consideration.

4. The District shall advance notice of the possible Reduction in Force to all teachers who may be released, based upon the number of teachers who may be released, in full or in part, and the school programs, teacher positions, or categories of positions that may be affected.
5. Upon receipt of this notification, it is recommended that the subject teachers review their personnel file materials with the District's Administrative Office to assure that the school has appropriate information relating to the various criteria referenced above.
 - a. If a teacher believes that there is an error, the teacher shall notify the District's Administrative Office of their concern of an error, in writing, by the close of the school day on the fifth school day after the teacher has received notice of the possible Reduction in Force.
 - b. This written notice shall specifically identify what element or elements of the teacher's personnel file and criteria are believed to be erroneous and explain specifically why the element(s) is believed to be in error.
 - c. If the District receives notice of possible error, each such written notice, timely received, shall be individually reviewed for possible reconsideration or evaluation of the information used in consideration of the Reduction in Force.
 - d. Should a teacher fail to inspect their personnel file and have inaccurate information in their personnel file and/or have failed to provide the District with updated information, the information contained in the file will be utilized for the Reduction in Force determination and the teacher will not have the opportunity to subsequently correct such information after the Reduction in Force has been implemented.
6. If the Board determines that a Reduction in Force in fact will be implemented, the Superintendent shall submit a list of the teachers recommended for release, through use of the above process, and shall make recommendation to the Board as to what due process, if any, the Board needs to implement for each individual personnel situation.
7. All releases shall be done in conformance with the applicable provisions of Idaho Code and all affected teachers will be promptly notified, in writing, of the Board's decision or

Reduction in Force Process (continued)

5740A

actions that need to be taken by the Board relating to applicable due process activities, if any.

8. Recall Provisions - If the contract of employment of a teacher is terminated because of the implementation of a Reduction in Force, the name of the teacher shall be placed upon a reappointment list and remain on such list for a period of one (1) year.

If a position becomes open during such period, and the teacher has been selected by the Board as a person on the recall list who is Highly Qualified and most capable of holding the position, then the teacher will be notified in writing by certified mail, sent to the last known address, at least thirty (30) days prior to the anticipated date of employment, when possible.

In determining whether a teacher is qualified for reappointment, the Board shall consider the criteria as set forth in these procedures. The teacher shall accept or reject the appointment in writing within seven (7) days after receipt of such notification. If the appointment is accepted, the teacher shall receive a written contract within twenty (20) days of receipt of the teacher's reply by the Board. If the teacher rejects the appointment offer or does not respond according to this procedure within seven (7) days after receipt of such notification, the name of the teacher will be removed from the recall list.

Employing Retired Teachers and Administrators

One of the Board's personnel goals is to recruit, select, and employ the best qualified personnel to staff the schools within the District. As such, retired employees who leave the District in good standing may be re-employed according to the following guidelines:

1. The District may employ certificated teachers and administrators who are receiving retirement benefits from the public employee retirement system of Idaho (PERSI) for positions requiring such certification provided such individuals were not promised "rehire" by the District before their retirement was in effect. Said employees are hereinafter referred to as "retiree" or "retirees".

These employees shall be employed on a Standard Retired Teacher Contract or Standard Retired Administrator Contract form that has been approved by the State Superintendent of Public Instruction.

2. Any employment contract between the District and retirees shall be separate and apart from the collective bargaining agreement or master agreement between the District and the local teachers association.
3. Retirees employed consistent with this policy and State law shall accrue one (1) day per month of sick leave or as agreed upon by the board. No annual sick leave shall be accumulated unless additional sick leave has been negotiated between each individual retiree and the District at the time of employment. Sick leave accrued under Idaho Code § 33-1004H does not qualify for unused sick leave benefits under Idaho Code § 33-1228.
4. The District will provide health insurance and life insurance benefits for retirees hired consistent with this policy.
5. The District shall not employ certificated teachers and administrators who receive or received benefits under the previously existing early retirement program provided in now repealed Idaho Code 33-1004G.
6. Retirees who qualify to be rehired are those who have:
 - A. Reached the Rule of 90;
 - B. Are not participating in the early retirement program;
 - C. Who are retired at or after 60 years of age;
 - D. Have never received a "promise of rehire" before their retirement date; and
 - E. Have received at least one payment from their PERSI retirement account;

Classified Employment and Assignment

5800

Classified employees are those noncertificated employees who are employed by the District or personnel hired in positions which do not require certification.

With the exception of those classified employees who are hired for a stated specified time, all classified employees shall be regarded as “at-will” employees and may be dismissed at the will of either party and the employment relationship may be terminated at any time for any or no reason (so long as the same does not violate public policy or violate any other provision of law). Such at-will designation will be included in all job descriptions as mandated by I.C. § 33-517 and in written contracts, should the same be implemented by the District. An employment period, as well as other terms and conditions of employment set forth in a job description and/or written contract shall not create a property right as such are included for the specific purpose only of providing notice to the employee of the service and expectations of the District so long as the employment relationship continues.

Classified employees shall have no expectation of continued employment, unless so expressly specified by the District. The District reserves the right to change employment conditions affecting the employee’s duties, assignment, supervisor or grade.

The Board shall determine the salary and wages for classified personnel.

The grievance procedure for classified employees shall be the procedure set forth in I.C. 33-517. Classified employees may file a written grievance alleging unfair treatment or a violation of District policy. However, neither the rate of pay nor the decision to terminate an employee during the initial 180 days of employment shall be regarded as a proper grievable matter.
