

Welcome!

RGSD Parents

RGSD CSIP Steering Committee

Greetings Parents,

The Missouri Department of Elementary and Secondary Education (DESE) requires each Local Education Agency/School District to develop a Comprehensive School Improvement Plan (CSIP) or strategic plan of action that outlines the districts focus for the next five years and beyond. Riverview Gardens School District collaborated with various stakeholders and community members to create the district's Comprehensive School Improvement Plan for the following areas:

- Student Performance
- Staffing and Workforce
- Attendance
- College and Career Readiness

It is a state expectation for district's to engage in continuous discussion with stakeholders and community partners regarding the progress of the goals, strategies, and action steps that are embedded in the district's Comprehensive School Improvement Plan (CSIP). The district's goal is to obtain full accreditation. Thus, we would like to invite you to partner with the district's team by joining the CSIP Steering Committee and/or one of the CSIP Subcommittees for one of the strands listed above in this correspondence.

Your input will be very valuable to this process as we collaborate to reach our goal of obtaining full accreditation.

Attend the RGSD Quarterly Steering Committee Meetings for 2023-2024SY

- September 19, 2023
- February 22, 2024
- November 16, 2023
- May 21, 2024

Location: *Riverview Gardens High School Library*
1218 Shepley Drive, St. Louis, MO, 63137
