9:00 a.m.

The Fannin County Board of Education participated in a Local Board Training/Strategic Planning Session with the following members present: Steve Stanley, Chair; Bobby Bearden; Terry Bramlett; and Lewis DeWeese. Sandra Mercier, Vice-Chair, was absent.

Steve Stanley, Chair, called the meeting to order.

Dr. Richard Krise, Pioneer RESA consultant, presented information to the Board on Reviewing and Revising of System Goals and Priorities. This completed the fourth training session of the Board. As required by the Georgia School Board Association, the Board must participate in three local board training sessions as an entire Board. One local board training session may be conducted with the majority of the board members present.

There being no further business to come before the meeting, a motion was made by Bobby Bearden, seconded by Terry Bramlett, to adjourn subject to being called into special session by the Chair when deemed necessary. All members voted yes; motion carried.

Steve Stanley, Chairperson

Mark Henson, Superintendent
