16. **Board Member Comments**

Secretary Tonie Holman stated that his eyes have been opened as to what the board does and he thanked everyone for the opportunity to serve and to do what is best for the children.

Trustee John Hiers commented that both boards have already been working together for two years and that consolidation has gone seamlessly and unnoticed by the two schools. Mr. Hiers made note that a lot of work has already been done behind the scenes by the administration and consolidating services from both districts and that he expects things to continue to work as well as they have in the past. Mr. Hiers concluded by saying that he looks forward to working with the new members and looks forward to good things for Bamberg School District.

Board Chair Janeth Walker thanked her fellow board members for believing in her to lead and to work collectively with each of them for the good of the children and community. Mrs. Walker addressed the community and stated that the district has served and worked together over the years, and that once consolidation became a reality for all, they began to work closely together and collectively with the vision to become one, first by stabilizing administration and then by combining the administration. Now what is being done is stabilizing consolidation. Mrs. Walker believes that consolidation does not cause problems, but reveals the weakness that is within the community. Mrs. Walker concluded by asserting that the board is committed to doing all that they can for the children that they will all serve and again thanked everyone for the opportunity.

Vice Chair Beverly Bonaparte stated that it feels like a “breath of fresh air” because consolidation has been a long time coming. Mrs. Bonaparte stated she has worked closely with Board Chair Janeth Walker over the past three years and that they had Mr. Boykin encouraging them along the way. Mrs. Bonaparte stated that no one knows what the board has actually gone through, but thanked God who has given the strength to maintain a strong board. Mrs. Bonaparte hopes that the board will become a good example to other schools and will show that to move forward, it takes a common denomination of different people coming together for the good of the children. Mrs. Bonaparte vowed to continue to do her utmost best for the children of Bamberg County School District.

Trustee Naomi Eckels echoed all that had already been said and hopes the community knows the board is dedicated to the community and to the children. Mrs. Eckels stated that she hopes the teachers, staff and everyone who continues to put in the work, so the children have a place that they can depend on and have people to depend on, know that the board does not take that lightly. She added that she hopes that they put that trust in the board to help them continue to do their jobs to help the children and the community and further stated she is grateful to be a part of the consolidated board.

Trustee Gwendolyn Bamberg began by saying that she was glad to see the birth of the new board and reiterated that the board is dedicated to seeing the students of Bamberg County rank as high as the larger districts. Mrs. Bamberg stated the board wants the best for the students and that the best is what the board is striving for and that, with the community’s help, it can be done. Mrs. Bamberg further stated that it takes everyone working for the same goal- to come out with what we would have our children to be. Mrs. Bamberg thanked everyone for supporting and believing in the board members, but reminded everyone it is all about the students.

Trustee Blossom Thompson thanked everyone and God for the consolidation opportunity and for the community coming together to make consolidation happen. Mrs. Blossom vowed to work her hardest to make the board work as it should work.

Trustee Harriet Coker stated that she appreciated all of the hard work already put in and knows it has not been easy. Ms. Coker noted she was the “new kid on the block” and knows there’s a lot to learn, but indicated she was ready, willing and able. Ms. Coker further affirmed that she is looking forward to the opportunity and stated that Bamberg School Districts One and Two have had outstanding graduates and feels confident the district will continue to produce outstanding young people.

Trustee Cynthia Hurst stated that being on the board is a wonderful opportunity, with the community’s support to try and create and develop what is best for the students, who she believes are the future for everyone. Mrs. Hurst indicated that she felt a little overwhelmed, but knows there is a lot of expertise on the board and said that she looks forward to the opportunity for the county to excel and shine as it should. Mrs. Hurst thanked everyone for allowing her to be a part of the consolidation.
