

2024-25 District Goals

Rhea County Schools will increase the success rate of all students, in all grade levels and all subject areas. Rhea County will exceed the state average in all areas.

2024-25 Rhea Central Elementary School Goals

Increase student proficiency in the Tennessee Academic Standards.

The school focus for reading is: Reading Accuracy, Fluency, and Comprehension

The school focus in math is: Number Sense, Operation, and Mathematical Processes

Parent and Family Engagement

Rhea Central Elementary believes that family engagement means the participation of parents and family members in regular two-way and meaningful communication involving student academic learning and other school activities, including ensuring:

- That parents play an integral role in assisting their child's learning.
- That parents are encouraged to be actively involved in their child's education at school.
- That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

School-Parent Compacts

As part of this plan, Rhea Central Elementary and our families will develop a school-parent compact. A compact is a written agreement that families, teachers, and students jointly develop to explain how everyone will work together to ensure all students reach grade-level standards. The compacts will be reviewed and updated annually based on feedback from families, students, and teachers during various event and the annual School Forum. The school-parent compacts are also displayed in each classroom, are shared with parents during parent-teacher conferences, and posted on our school website (<https://rcerheatn.schoolinsites.com/#>) and extra copies are always available in the front office. If you would like to provide feedback on the compact any time during the year, please contact Caycee White at (423)775-7842 or whitec@rheacounty.org.
