

CHAPTER 1.00 – DISTRICT PHILOSOPHY

MISSION and IDENTIFICATION

1.10

- I. **Mission:** The mission of the Gadsden County School District is to collaborate with and engage all stakeholders in providing safe, caring, rigorous and engaging environments in which students can learn and succeed.
- II. **Name:** The School Board of this district shall be known officially as The School Board of Gadsden County, Florida
- III. **Address:** The official address of the School Board is Gadsden County Public Schools 35 Martin Luther King Jr. Boulevard, Quincy, Florida 32351.
- IV. **Purpose of The Board:** A School Board is a legal entity for providing a system of public education within a geographic area of the State of Florida. The system was created by, and is governed by, State statutes. Members of a Board are, therefore, State officers chosen by citizens to represent them and the State in the legislative management of the local schools.

The Board has the dual responsibility for implementing statutory requirements pertaining to public education and for meeting the desires of the citizens. While the Board has an obligation to determine and assess citizen desires, it is understood that when the citizens elect delegates to represent them in the conduct of specified educational programs, they, at the same time, endow their representatives with the authority to exercise their best judgment in determining policies, making decisions, and approving procedures for carrying out the responsibility.

The Board declares and, thereby, reaffirms its intent to:

- A. maintain open communications with citizens of the District. The Board shall keep them informed of the progress and problems of the District, and the citizens shall be encouraged to bring their thoughts and concerns about the educational system to the attention of this body;
- B. establish policies and make decisions on the basis of declared educational philosophy and goals; and
- C. act as a truly representative body for citizens in all matters related to programs and operations. The Board recognizes that ultimate responsibility for public education rests with the State, but the Board has been assigned specific authority through statute, and the Board shall not relinquish or fail to exercise that authority.

All policies are adopted to encourage use of the basic principles of due process. Consistent, fair, flexible and equitable practices are expected by all involved in order to foster respect for self, the school system, and the society.

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

SCHOOL BOARD RULES

2.23*

As used in these rules, the term *rule* and *policy* shall have the same definition.

These rules may be amended, repealed, or a new rule adopted as hereinafter prescribed. The term *rule* is defined in Florida Statutes; it does not include “curricula by an educational unit,” thereby, removing the development or prescription of curriculum by a School Board from the procedural requirements established for rule making.

- I. Unless an emergency exists, any proposal relating to a rule amendment, the repeal of any rule, or the adoption of a new rule shall be presented in writing to the School Board including a written explanation of the proposal.
 - A. The Superintendent shall give immediate and proper written notice to the public pursuant to the provisions of Florida Statutes, when the School Board has determined that it will give due consideration to the proposal for adoption, amendment, or repeal of a rule. The notice of a public hearing shall be advertised twenty-eight (28) days prior to the date of the hearing. The notice shall include a brief and concise explanation of the proposed rule’s purpose and effect, the estimate of economic impact to all individuals affected by the proposed rule or rule amendment, the specific legal authority for the School Board’s action, and the location where the text of the proposed change may be obtained.
 - B. Any person who is substantially affected by a proposed rule, rule amendment, or the repeal of a rule, may within twenty-one (21) days following notice of intent to adopt or repeal such rule, file a written request with the School Board seeking an administrative determination as to the validity of the proposed rule action.
 - C. The Superintendent shall file immediately in his/her office a copy of any new rule, rule amendment, or repeal of rule adopted by the School Board; policy handbooks shall be amended accordingly.
 - D. Such rules shall become effective upon adoption by the School Board unless a time certain date is specified therein.

- II. Any person substantially affected by an existing School Board rule may petition the Division of Administrative Hearings, Florida Department of Administration, to conduct a hearing on the rule validity pursuant to Florida Statutes. Any hearing examiner’s decision which is adverse to the School Board may, upon the School Board’s appeal, be

judicially reviewed. Any hearing examiner's decision which is adverse to the person substantially affected may, upon that person's appeal, be judicially reviewed.

- III. The School Board may determine that the public health, safety, or welfare is endangered and that immediate action is required to protect the public interest. When this occurs, the School Board, at any meeting in which a quorum is present, may adopt emergency rules, without complying with the waiting period as provided in section I. herein for public hearings and other similar requirements. The Superintendent shall properly record the effective date for any such emergency rule. Any emergency rule shall not be valid in excess of ninety (90) days from the adoption or effective date.
- IV. Any School Board employee, citizen, or agency may obtain information relating to the method for proposing a rule or may submit a rule proposal to the Superintendent's office.
- V. A copy of the compiled rules shall be available for inspection in the Superintendent's office, the principal's office, and in the library of any school.
- VI. The School Board rules shall be placed on the District's website.
 - A. A copy of any rule change shall be made available by the Superintendent to each holder of the compilation of School Board Rules who shall be responsible for entering all changes immediately upon receipt.
 - B. A copy of the School Board Rules manual shall be available to all staff members either in the principal's office or school library. The school principal shall keep the compilation current.
 - C. The principal shall inform his/her staff members of the location of the School Board Rules and any changes.
- VII. A School Board rule may be waived only to provide and implement overall goals and objectives of the School Board and to protect and preserve the health, safety, and welfare of the affected individual(s). Waiver of a School Board rule shall be addressed and a decision rendered regarding its waiver at a regular, special or emergency School Board meeting. A waiver of a School Board rule shall not render the policy void with respect to the continued implementation of the rule which is sought to be waived not to the application of said rule to said situations which may arise in the future.
- VIII. Any citizen may appeal to the Board for a variation or waiver with regard to any policy. The appeal process shall be that a written request shall be made to the Superintendent who shall review the matter and present recommendations to resolve the problem at the next regular School Board meeting to which the item may be added as a part of the agenda. In cases where an appeal process has been developed for a specific policy, the appeal shall be made in accordance with that procedure.

- IX. Periodically it may be necessary to make technical corrections to policies that have already been adopted through normal procedures. These technical corrections may include consolidation of sections, transfer of sections, combining or dividing sections, renumbering subsections, sections, chapters and titles, and corrections or additions for grammatical or typographical errors not affecting the constructions or meaning of those sections, subsections, chapters, titles, or policies as a whole.

Should the School Board choose to make such technical corrections, it may be accomplished by resolution as part of the consent agenda without going through the normal policy adoption procedure.

Any supportive measures provided to the complainant or respondent are maintained as confidential, to the extent that maintaining such confidentiality does not impair the ability to provide supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

B. Title IX Complaint (Grievance) Process

1. Any person may report sex discrimination prohibited by Title IX, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. 4. Nothing herein precludes a respondent from being removed from the School's education program or activity on an emergency basis, provided that an individualized safety and risk assessment determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and that the respondent is provided with notice and an opportunity to challenge the decision immediately following the removal.
5. Nothing herein precludes a non-student employee respondent from being placed on administrative leave during the pendency of a grievance process.
6. This grievance process treats complainants and respondents equitably by providing remedies to complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following this process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. 7. The respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

9. Any Title IX Coordinator, investigator, decision-maker, or any person who facilitates an informal resolution process may not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
10. Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process must receive training on the definition of sexual harassment prohibited by Title IX, the scope of the School's education program or activity, how to conduct an investigation and grievance process including appeals, and informal resolution processes, and how to serve impartially, including by avoiding pre-judgment of the facts at issue, conflicts of interest, and bias. Decision-makers receive training on

issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. Investigators receive training on issues of relevance in order to create investigative reports that fairly summarize relevant evidence.

12. The standard of evidence used to determine responsibility is preponderance of the evidence.
13. This grievance process does not allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege unless the person holding such privilege has waived the privilege.

- b. Such a dismissal does not preclude action under another provision of the School Board's code of conduct.
- c. A formal complaint or any allegations therein may be dismissed if at any time during the investigation: a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the School Board; or specific circumstances prevent the School Board from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

17. Investigation of formal complaint

- a. When investigating a formal complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the School Board and not on the parties provided that a party's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party are not accessed, considered, disclosed or otherwise used without the voluntary, written consent of the party's parent, or the party if the party is an eligible student, to do so for this grievance procedure.
- b. The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
- c. The ability of the parties to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.

- d. The parties have the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The choice or presence of advisor for either the complainant for respondent is not limited in any meeting or grievance proceeding.
- e. Any party whose participation is invited or expected is provided written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings with sufficient time for the party to prepare to participate.
- f. The investigator provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence which will not be relied upon in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to the completion of the investigative report, the investigator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.
- g. The investigator creates an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the time a determination regarding responsibility is made, sends to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.
- h. After the investigator has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The

decision-maker(s) must explain to the party proposing the question any decision to exclude a question as not relevant.

18. Determination regarding responsibility
 - a. The decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, must issue a written determination regarding responsibility.
 - b. The written determination must include:
 - (1) identification of the allegations potentially constituting sexual harassment prohibited by Title IX;
 - (2) a description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence; findings of fact supporting the determination;
 - (3) conclusions regarding the application of the School Board's code of conduct to the facts;
 - (4) a statement of, and rationale for, the result as to each allegation including a determination regarding responsibility, any disciplinary sanctions the School Board imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School Board's education program or activity will be provided to the complainant; and the procedures and permissible bases for the complainant and respondent to appeal.
 - c. The decision-maker must provide the written determination regarding responsibility to the parties simultaneously.
 - d. The determination regarding responsibility becomes final either on the date that the parties are provided with the written determination of the result of the appeal, if an appeal is filed, or, if an appeal is not filed, the date on which an appeal would no longer be considered timely.
 - e. The Title IX Coordinator is responsible for effective implementation of any remedies.
19. Appeals
 - a. Either party may appeal from a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, for the following reasons:
 - (1) procedural irregularity that affected the outcome of the matter;
 - (2) new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

- (3) the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
 - b. Notification of appeal must be given in writing to the Title IX Coordinator.
 - c. As to all appeals, the Title IX Coordinator
 - (1) notifies the other party in writing when an appeal is filed and implements appeal procedures equally for both parties;
 - (2) ensures that the decision-maker for the appeal is not the same person as the decision-maker that reached the determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator; and ensures that the decision-maker for the appeal complies with the standards set forth in Title IX and this policy.
 - d. The appeal decision-maker
 - (1) gives both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
 - (2) reviews the evidence gathered by the investigator, the investigator's report, and the decision-maker's written decision;
 - (3) issues a written decision describing the result of the appeal and the rationale for the result; and provides the written decision simultaneously to both parties and the Title IX Coordinator.
20. Timelines
- a. The investigative report will be provided to the parties within 35 days from the date the formal complaint is filed.
 - b. A decision will be issued within 10 working days from the date the investigative report is submitted to the decision-maker.
 - c. Either party may appeal within 5 working days from the date the written determination regarding responsibility is given to the parties.
 - d. Any appeal will be resolved with 15 calendar days from the filing of the appeal.
 - e. If the parties agree to an informal resolution process, these deadlines are tolled from the time one party requests an informal resolution process until either the time the other party responds, if that party does not agree to the informal resolution process, or until either party withdraws from the informal resolution processed.
 - f. Temporary delays of the grievance process or the limited extension of time frames for good cause with written notice to the complainant

and the respondent of the delay or extension and the reasons for the action are permitted. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; disciplinary processes required by law or School Board policy; or the need for language assistance or accommodation of disabilities.

VI. Informal Resolution Process

- A. At any time during the formal complaint process and prior to reaching a determination regarding responsibility, the parties may participate in an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility. When one party requests an informal resolution process, the other party must respond to the request within 3 days. The informal resolution process must be completed within 10 days of the agreement to participate in the process.
- B. The informal resolution process may be facilitated by a trained educational professional, consultant, or other individual selected by the Title IX Coordinator under the following conditions:
 - 1. The parties are provided a written notice disclosing the allegations, the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; provided, however that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process, resume the grievance process with respect to the formal complaint, and be informed of any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
 - 2. The parties, voluntarily and in writing, consent to the informal resolution process; and
 - 3. The informal resolution process cannot be used to resolve allegations that an employee sexually harassed a student.
- C. If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the resolution, have both parties sign the document and receive a copy, and forward it to the title IX Coordinator. If the matter is not resolved, the formal complaint process is resumed.
- D. Parties cannot be required to participate in an informal resolution process.
- E. An informal resolution process is not offered unless a formal complaint is filed.

VII. Training

- A. Training is mandatory for all school-based Title IX Coordinators, investigators, decision-makers, hearing officers, and appeals decision-makers.
- B. All training materials is available to the public on request and is located on the district's website.

- A. The School Board will maintain for a period of seven (7) years records of:
1. Each investigation of allegations of sexual harassment prohibited by Title IX including any determination regarding responsibility and any audio or audiovisual recording or transcript, if any, required under the Title IX regulations, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the school's education program or activity.
 2. Any Appeal and the result therefrom;
 3. Any informal resolution and the result therefrom; and
 4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
 5. For each response required under 34 C.F.R. §106.44, the School Board must create, and maintain for a period of seven (7) years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment prohibited by Title IX. In each instance, the School Board will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to its education program or activity. If the School Board does not provide a complainant with supportive measures, then it will document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

IX. Retaliation Prohibited

- A. Any act of retaliation against an individual who files a complaint alleging a violation of the District's antidiscrimination policy and/or sexual or illegal harassment policy or who participates in the investigation of a discrimination complaint is prohibited.
- B. Retaliation may include, but is not limited to, any form of intimidation, reprisal or harassment based upon participation in the investigation of, or filing a complaint of discrimination.

CHAPTER 2.00 - SCHOOL BOARD GOVERNANCE AND ORGANIZATION

REPORTING CHILD ABUSE

2.80*+

- I. Definitions of Child Abuse, Abandonment or Neglect
- A. *Abuse* means any willful or threatened act that results in any physical, mental or sexual injury or harm that causes, or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Abuse of a child includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.
- B. *Abandonment* means a situation in which the parent or legal custodian of a child, or in absence of the parent or legal custodian, the caregiver responsible for the child's welfare, while being able, makes no provision for the child's support and makes no effort to communicate with the child, which situation is sufficient to evince a willful rejection of parental obligations.
- C. *Neglect* occurs when a child is deprived of or is allowed to be deprived of, necessary food, clothing, shelter or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired. The foregoing circumstances shall not be considered neglect if caused primarily by financial inability, unless actual services for relief have been offered and rejected. A parent or legal custodian legitimately practicing religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child shall not, for that reason alone, be considered a negligent parent or legal custodian.
- II. Notification of Responsibility
- A notice providing the following information shall be posted in a prominent place in each school:
- A. All employees of the District have the responsibility to report all actual and suspected cases of child abuse, abandonment or neglect; immunity from liability if they report such cases in good faith; and the responsibility to comply with child protective investigations and all other provisions of law related to child abuse, abandonment or neglect.

B. Statewide toll-free telephone number for the central abuse hotline.

III. Prohibition Against Child Abuse, Abandonment or Neglect

The School Board strongly prohibits any action or omission constituting child abuse, neglect, or abandonment by any of its employees, agents, volunteers, or by other persons affiliated in any way with the School District. Further, all employees, agents, and volunteers of the School District must comply with Florida law requiring reporting of child abuse, neglect, or abandonment.

IV. Requirements for Reporting Child Abuse, Abandonment or Neglect

A. Florida Statute requires that any person-including but not limited to:

1. Physician, osteopathic physician, medical examiner, chiropractic physician, nurse, or hospital personnel engaged in the admission, examination, care or treatment of persons;
2. Health or mental health professional other than one listed in A1 above;
3. Practitioner who relies solely on spiritual means for healing;
4. School teacher or other school official or personnel;
5. Social worker, day care center worker, or other professional child care, foster care, residential, or institutional worker; or
6. Law enforcement officer or judge

who knows, or has reasonable cause to suspect, that a child is abused, abandoned, or neglected by a parent, legal custodian, caregiver, or other person responsible for the child's welfare, shall report such knowledge or suspicion to the Department of Children and Family Services.

B. Each report of known or suspected child abuse, abandonment, or neglect shall be made immediately to the Department of Children and Family Service's abuse hotline, on the single statewide toll-free telephone number. The teacher or staff member may also contact the principal, a school designee, district office or support person to let them know the case has been reported, and for their own documentation and protection file a Child Abuse Incident Referral Report.

C. Reporters in the categories specified in A. above, will be required to provide their names to hotline staff. The extent of confidentiality of the reporter's name, with respect to the Department's records, is governed by Florida Statute.

- D. In accordance with state law, the Department of Children and Family Services, in conjunction with applicable law enforcement agencies, are responsible for investigating allegations of child abuse, abandonment, or neglect.
- E. Complaint Against School District Employee, Volunteer or Agent - If a complaint is made against a School District employee, volunteer, agent or other person affiliated with the School District which, if true, would constitute child abuse, neglect or abandonment by that person, that complaint shall be immediately forwarded to the Superintendent. The Superintendent shall forward the complaint to the Department of Children and Family Services for investigation as provided by statute. The person accused of child abuse, abandonment or neglect may be suspended or reassigned from duties involving interaction with children pending investigation of the allegations. If the allegations are substantiated by the Department of Children and Family Services, the Superintendent shall take appropriate disciplinary action. School District staff shall in good faith cooperate with, and participate only as directed by, the Department of Children and Family Services and law enforcement during the investigation, and with respect to any subsequent criminal proceedings.
- F. When a report of child abuse, neglect or abandonment has been made to the Department of Children and Family Services or law enforcement agencies, a teacher, staff member, volunteer or agent should not take it upon himself/herself to interview the child, talk with the suspected abuser, discuss the allegations with other potential witnesses or otherwise investigate the case. Nor should a teacher, staff member, volunteer or agent divulge information relating to the complaint to persons other than school officials, the Child Protection Team, the Department of Children and Family Services, law enforcement, the State Attorney or other court designee. If a parent, caregiver, or legal guardian desires information related to a complaint of child abuse, that person should be directed to contact the Department of Children and Family Services and/or the applicable local law enforcement agency.
- G. Florida Statute provides that a person required by state law to report child abuse, abandonment, or neglect, but who willingly and knowingly fails to do so, or prevents another from doing so, is guilty of a first-degree misdemeanor. Likewise, knowingly and willingly filing a false report of child abuse, neglect, or abandonment or advising another to do so constitutes a third-degree misdemeanor.
- H. Child Abuse Prevention Training for School District employees, staff, volunteers shall be provided in compliance with and as specified in Florida Statute.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION

EXERTIONAL HEAT ILLNESS

4.23*+

I. Purpose of policy:

This policy describes the best practice procedures for the prevention, monitoring, and when necessary, the treatment of exertional heat illnesses for students/athletes, faculty, and staff of The Gadsden County School District. This policy applies to all staff members, including but not limited to athletic trainers, physicians, athletic administrators, coaches, strength and conditioning staff, and school administrators who are associated with activities where heat illness poses a risk, including but not limited to, outdoor and indoor activities where high temperature and specifically, high humidity environmental risks are present (e.g., athletics, intramurals, course instruction, marching band). Exertional heat illness includes exercise-associated muscle cramps, heat syncope, heat exhaustion, and exertional heat stroke (EHS)). Current best practice guidelines suggest that the risk of exertional heat injuries can be minimized with heat acclimatization and diligent attention to monitoring individuals participating in activities that place them at a higher risk for these types of injuries. In the event an athlete sustains a heat illness, immediate and proper treatment is necessary.

II. Definitions:

- A. *Acclimatization* – The process of gradually increasing the intensity of activity in a progressive manner that improves the body’s ability to adapt to and tolerate exercise in the heat. The acclimatization period is defined as the first 14 calendar days of a student-athletes’ participation, beginning with the first allowable date of practice in the sport of the first day an athlete begins official practice, whichever is later.
- B. *Wet Bulb Globe Temperature* – The WBGT is a measurement tool that uses ambient temperature, relative humidity, wind, and solar radiation from the sun to get a comprehensive measure that can be used to monitor environmental conditions during exercise. WBGT is different than heat index, as it is a more comprehensive measurement of environmental heat stress on the body.
- C. *Non-Practice Activities* – Activities that include meetings, injury treatment, and film study.
- D. *Practice* – The period of time that a student-athlete engages in coach-supervised, school approved sport or conditioning related-activity. Practice time includes from the time the players report to the field until they leave.

- E. *Walk Through* – A period of time where players are reviewing positional strategy and rehearsing plays. Players do not experience contact and thus they do not wear equipment and the intensity of the activity is minimal often involving walking. This period of time shall last no more than one hour. It is not considered part of the practice time regulation. It may not involve conditioning or weight room activities. Players may not wear protective equipment during the walk through.
 - F. *Recovery Time* – This period of time is defined as non-activity time outside of practices or games. NO ACTIVITY, including non-practice activity, can occur during this time. When it is possible, proper recovery should occur in an air-conditioned facility for a minimum of 3 hours in duration.
 - G. *Rest Breaks* – This period of time occurs during practice and is a non-activity time that is in a ‘cool zone’ out of direct sunlight.
 - H. *Exertional Heat Stroke (EHS)*– Defined as having a rectal temperature over 104°F-105°F (40.5°C), and central nervous system dysfunction (e.g. irrational behavior, confusion, irritability, emotional instability, altered consciousness, collapse, coma, dizzy, etc.).
 - I. *Cooling Zone*- An area out of direct sunlight with adequate air flow to assist in cooling. A cold-water or ice tub and ice towels should be available to immerse or soak a patient with suspected heat illness This may be outdoors or indoors depending on proximity to field.
 - J. *Qualified Health Care Professional (QHP)* - As defined by the American Medical Association (AMA), “is an individual who is qualified by education, training, licensure/regulation (when applicable), and facility privileging (when applicable) who performs a professional service within his/her scope of practice and independently reports that professional service.”
 - K. *Hypohydration*- (reduced hydration status) is a deficit of body water that is caused by acute or chronic dehydration.
 - L. *Central Nervous System dysfunction*- includes any sign or symptom that the central nervous system is not working properly, including: dizziness, drowsiness, irrational behavior, confusion, irritability, emotional instability, hysteria, apathy, aggressiveness, delirium, disorientation, staggering, seizures, loss of consciousness, coma, etc.
- III. **Monitoring Heat Stress** - Schools must monitor heat stress. Heat stress is determined by measuring the ambient temperature, humidity, wind speed, sun angle and cloud cover at

the site of the athletic activity. Schools are required to follow and adhere to the guidelines set forth by the FHSAA for heat stress readings.

- A. A pre-participation history and physical exam is required. Individuals with risk factors will be identified and counseled on heat illness.
 - B. The athletic trainer or persons responsible will be notified of individuals with pre-existing conditions that place the individual at risk of exertional illness.
 - C. Coaches will be notified of individuals at higher risk as needed.
- IV. Each athletic coach involving outdoor practices or events shall annually complete training in exertional heat illness identification, prevention, and response, including the effective administration of cooling zones.
- V. Environmental Monitoring and Activity modification/Cancellation
- A. Environmental monitoring will occur utilizing a WBGT device (insert school device here)
 - B. Environmental monitoring will occur any time it is warm outside (i.e. over 70°F)
 - C. Environmental monitoring and activity modifications may be necessary for certain types of indoor facilities.
 - D. Monitoring of WBGT will occur every 30 minutes beginning at the scheduled practice time.
 - E. All environmental monitoring will be recorded and stored either hard copy or electronically.
 - F. Modifications will be made in accordance with the best practice guidelines for our region. (School District) is in the southern region and will follow the guidelines based on the Florida High School Athletic Association policy.
- VI. Acclimatization protocols apply to all sports. Days 1 through 5 of the heat acclimatization period consists of the first 5 days of formal practice. During this time, athletes may not participate in more than one (1) practice per day. If a practice is interrupted by inclement weather or heat restrictions, the practice will recommence once conditions are deemed safe. Total practice time will not exceed 3 hours in a single day. A 1-hour maximum walk-through is permitted during days 1-5 of the heat acclimatization

period. A 1-hour recovery period will take place between the practice and walk-through (or vice versa).

- VII. Student-athletes who participate in activities that last for an extended amount of time or multiple activities in a day should be provided electrolytes to assist in rehydration. Rest breaks must involve unlimited hydration intake and rest without any activity involved.
- VIII. Coaches are required to adopt a heat injury prevention philosophy by promoting unrestricted access to water at all times. A student-athlete should never be denied access to water.
- IX. The school's emergency action plan must include a procedure for onsite cooling using cold-water immersion or equivalent means before a student-athlete is transported to a hospital for exertional heatstroke.
- X. Cooling zones must be available for each outdoor athletic contest, practice, workout, or conditioning session. Cooling zones must include the immediate availability of cold-water immersion tubs or equivalent and may also include ice sponges and towels or tarps that can be filled with ice and wrapped around individuals to rapidly cool internal body temperature. An employee or volunteer trained to administer cold-water immersion must be present.

CHAPTER 4.00 – CURRICULUM AND INSTRUCTION

EXTRACURRICULAR PROGRAM

4.40

The School Board recognizes the value to the students of the District and to the community of a program of interscholastic athletics for students as an integral part of the total school experience.

The program should foster the growth of school loyalty within the student body as a whole and stimulate community interest in athletics.

The game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone. It should also offer an opportunity for career and educational development.

Interscholastic extracurricular activities shall be defined as a planned secondary school-sponsored competitive activity that exists or is performed between students representing school, school districts, regions, or the state. The extracurricular program shall be considered an essential part of the total school program and shall be under the direction and supervision of the principal. The principal shall select the personnel to direct and to act as advisors for the various extracurricular activities. Care shall be exercised to limit the load assigned to any one teacher/employee.

All extracurricular activities shall be self-supporting, when possible. Students shall be excluded from participating in activities for lack of money for dues, materials, or uniforms; provided however, this does not apply to charging admission for students who are spectators of extracurricular activities. Funds derived from extracurricular activities shall be processed according to the district's accounting procedures.

All high schools shall be members of the Florida High School Athletic Association and shall be governed by rules and regulations of said organization.

The Board shall determine the standards of eligibility to be met by all students participating in the interscholastic program. Such standards shall require that each student be in good physical condition, be free of injury, and have fully recovered from illness before participating in any interscholastic athletic event. Students shall comply with the eligibility requirements established by the Florida High School Athletic Association.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play, and fair competition, rather than on winning, particularly at sub-varsity levels.

Athletic teams made up of seventh- and eighth-year students should consist of at least two (2) separate units playing alternate quarters. Furthermore, all seventh- and eighth-year students in uniform must play in each game.

No student shall be excused from a class or supervised study for an extended period of time to participate in interscholastic athletics.

The Board further directs that only those students may participate in the program of interscholastic athletics who have maintained a satisfactory academic record; attended school regularly; demonstrated good citizenship and responsibility; and/or returned all school and athletic equipment.

In order to support the Florida High School Athletic Association's program to strengthen sportsmanship, ethics, and integrity, the Board commits itself to:

- A. Adopt policies upon recommendation of the Superintendent that reflect the District's educational objectives and promote the ideals of good sportsmanship ethics, and integrity;
- B. Reinforce the concept that participation in athletic activities are a privilege, not a right;
- C. Attend and enjoy school athletic activities, serving as a positive role model and expecting the same from parents, fans, participants, coaches, and other school personnel;
- D. Support and recognize participants, coaches, school administrators, and fans who display good sportsmanship;
- E. Recognize the value of school athletic activities as a vital part of education.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION**FIELD AND OTHER DISTRICT-SPONSORED TRIPS****4.43+**

- I. The School Board recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Properly planned and executed field trips should:

The Superintendent shall approve all field trips within the State of Florida. The Board shall approve all field trips out of State or out of the country.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent of the District who takes students on trips not approved by the Superintendent. No staff member may solicit students of this District for such trips within the facilities or on the school grounds of the District without permission from the Superintendent. Permission to solicit neither grants nor implies approval of the trip. Such approval must be obtained in accordance with the District's administrative procedures for Extended Trips.

 - H. provisions have been made for the administration of medication to those students for whom medications are administered routinely while at school;
 - I. provisions have been made at the trip destination and in transportation, if and when required to accommodate students and/or chaperones with disabilities.

An instructional staff member shall not change a planned itinerary while the trip is in progress, except where the health, safety, or welfare of the students in his/her charge is imperiled.

In any instance in which the itinerary of a trip is altered, the instructional staff member in charge shall notify the school administrator immediately.

III. Extracurricular Field Trips

- A. A trip which is not directly related to the instructional program but which is related to a school-sponsored or connected activity shall be considered an extracurricular trip.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION**SCHOOL-SPONSORED PUBLICATIONS AND PRODUCTIONS****4.51**

The School Board sponsors student publications and productions as means by which students learn, under adult direction/supervision, the rights and responsibilities inherent when engaging in the public expression of ideas and information in our democratic society.

For purposes of this policy, "school-sponsored student media" shall include both student publications and productions. "Student publications" shall include any written materials, (including, but not limited to, banners, flyers, posters, pamphlets, notices, newspapers, playbills, yearbooks, literary journals, books, and t-shirts and other school-sponsored clothing), as well as material in electronic or on-line form (including, but not limited to, websites, web logs ("blogs"), video or audio clips, and newsletters or announcements transmitted by e-mail, wireless broadcast or other similar distribution/dissemination). "Student productions" shall include vocal and theatrical performances, impromptu dramatic presentations, or any electronic media (including, but not limited to, radio and television programs, podcasts, and other video or audio productions that are recorded for re-broadcast or broadcast in real time using any available broadcast technology). Further, the term "publication" shall include distribution and dissemination of a student publication; and the term "performance" shall include presentation and broadcast of a student production.

The following speech is unprotected and prohibited in all school-sponsored student publications and productions: speech that is defamatory, libelous, obscene or harmful to juveniles; speech that is reasonably likely to cause substantial disruption of or material interference with school activities or the educational process; speech that infringes upon the privacy or rights of others; speech that violates copyright law; speech that promotes activities, products or services that are unlawful (illegal) as to minors as defined by State or Federal law; and speech that otherwise violates school policy and/or State or Federal law. The Board authorized the administration to engage in prior review and restraint of school-sponsored publications and productions to prevent the publication or performance of unprotected speech.

All school-sponsored student publications and productions are nonpublic forums. While students may address matters of interest or concern to their readers/viewers, as nonpublic forums, the style and content of the student publications and productions can be regulated for legitimate pedagogical, school-related reasons. School officials shall routinely and systematically review and, if necessary, restrict the style and/or content of all school-sponsored student publications and productions prior to publication/performance in a reasonable manner that is neutral as to the viewpoint of the speaker. Legitimate pedagogical concerns are not confined to academic issues, but include the teaching by example of the shared values of a civilized social order, which

consists of not only independence of thought and frankness of expression but also discipline, courtesy/civility, and respect for authority. School officials may **further** prohibit speech that is ungrammatical, poorly written, inadequately researched, biased or prejudice, vulgar or profane, or unsuitable for immature audiences.

The Board expressly authorizes the publication/performance of student media outside the school community (i.e. to the general public).

Students shall not be disciplined and/or retaliated against for exercising and/or asserting their free speech rights as defined in this policy. Nothing in this policy, however, restricts the Board's ability to impose post-publication/performance discipline related to a student engaging in the impermissible publication and/or performance of unprotected speech.

Advertising is permitted in school-sponsored student publications/productions, if approved by the Principal.

The Principal shall review advertisements that are submitted to determine if they are appropriate for juveniles. The Superintendent retains the final authority to determine whether an advertisement is appropriate and will be included in a publication/production. Advertisements may be rejected for legitimate pedagogical school-related reasons unrelated to the viewpoint of the advertiser (e.g., the advertisement encourages action that would endanger the health and safety of students).

General Prohibitions

Regardless of their status as non-public or limited-purpose public *forums*, the Board prohibits publications, productions and advertisements that:

- A. promote, favor, or oppose any candidate for election or the adoption of any bond issue, proposal, or question submitted at any election;
- B. fail to identify the student or organization responsible for the publication/performance;
- C. solicit funds for nonschool organizations or institutions when such solicitations have not been approved by the Board.

- I. Provisions of the District and statewide testing program for students shall be set forth in the *Testing Handbook for District Schools*. The handbook shall be approved by the School Board and is hereby incorporated by reference and made a part of these rules.
- II. No student shall be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any District testing program on the basis of race, color, religion, gender, age, national or ethnic origin, political or religious beliefs, marital status, sexual orientation, pregnancy, disability if otherwise qualified, genetic information, or social and family background.

- VI. Test modifications shall be made for students with disabilities and Individual Education Plans (IEP) to ensure aptitude and achievement are measured and not their disability.
- VII. The parent, as defined by Florida Statutes, of each student must be notified regarding the progress of the student towards achieving state and District expectations for proficiency in reading, science, writing and mathematics. A student's state assessment results and the results of district-required local assessments must be reported to the parent.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION**HOME EDUCATION PROGRAM****4.70**

The School Board encourages the enrollment of all resident school-age children in this District in public schools or in registered private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

The Board recognizes its responsibility for assuring that every resident school-age child is enrolled in an approved school or is offered an equivalent education elsewhere and designates the Superintendent to act in its behalf.

All requests to educate a child in an equivalent education (home-education) program are to be submitted to the Superintendent.

Responsibilities

A parent or guardian who registers a child in a home education program shall meet the following requirements of Florida statute:

- A. notify the Superintendent of his/her intent to establish a home education program;
- B. maintain a portfolio of records and materials;
- C. provide for an annual educational evaluation.

If the parent or guardian of a child who has been identified as exhibiting a pattern of non-attendance enrolls a child in a home education program pursuant to Florida statute, the Superintendent shall provide the parent a copy of F.S. 1002.41 and the accountability requirements of F.S. 1003.26.

Notification

A parent establishing a home education program shall:

- A. provide written notice to the Superintendent of the intent to establish and maintain a home education program within thirty (30) days of the start of the program;

The notice must be signed by the parent/guardian and include the names, addresses, and birth dates of all the children who shall be enrolled as students in the home education program. The Superintendent shall accept the notice and immediately register the home education program upon receipt of the notice.

- B. provide written notice to the Superintendent's office within thirty (30) days of the termination of the home education program.

Records

A parent or guardian of a home school student shall maintain a portfolio or records and materials that includes:

- A. a log of educational activities made contemporaneously with the instruction and which designates by title any reading materials used;
- B. samples of any writing, worksheets, workbooks, or creative materials used or developed by the student;
- C. preserve the portfolio for a minimum of two (2) years and make it available to the Superintendent for inspection upon fifteen (15) days written notice.

Evaluation

The parent or guardian of each child in a home education program shall provide for an annual educational evaluation to document educational progress commensurate with the child's abilities. The parent/guardian shall select the method of evaluation from those provided in statute and shall file a copy annually with the Superintendent. The evaluation shall consist of one (1) of the following:

- A. An evaluation of the child's progress by a Florida certified teacher chosen by the parent (or the parent if certified) based on a review of the portfolio and discussion with the student.
- B. Any nationally-normed student achievement test (such as, ACT, SAT) that is administered by a certified teacher.
- C. A State student assessment test, administered by a certified teacher, at a location and under testing conditions approved by the School District. The School District shall provide the test materials, monitored site and test results when adequate notice is given to the District.
- D. An evaluation by a psychologist holding a valid active license pursuant to Florida statutes.
- E. An evaluation with another other valid measurement tool as mutually agreed upon by the Superintendent and the parent/guardian.

Failing to submit an annual evaluation places the home education program in non-compliance and the Superintendent may, after notice to the parent, terminate the home education program and enroll the student in the public school of residence to meet the compulsory attendance law. If the student has not made educational progress commensurate with his/her abilities, the parent/guardian has one (1) year to provide remedial instruction. At the end of that year, the child shall be re-evaluated. Continuation in the home education program is contingent upon showing educational progress that is commensurate with his/her level of ability. If progress is not demonstrated by the end of the one (1) year probationary period the Superintendent shall assign the student to the appropriate public school.

School District Responsibilities

The School District shall facilitate a parent request to implement and maintain a home education program through the following:

- A. The Superintendent shall identify an office to facilitate the parent notification of the intent to establish a home school program and to assist parents with finding resources and support for the implementation of a program of instruction.
- B. The Superintendent shall review and accept the result of the annual evaluation. If the child does not demonstrate progress, the Superintendent shall notify the parent/guardian in writing that such progress has not been achieved.
- C. Home education students who are gifted or have identified disabilities and who qualify for exceptional student education services shall be allowed to participate in those programs offered in the public schools consistent with an approved Individual Education Plan. Parents/Guardians shall be provided assessment for eligibility for ESE services upon request and shall be involved in the development of the student's Individualized Educational Plan (IEP).
- D. Home education students are not eligible for a regular high school diploma. A home education student may take the General Education Development (GED) test at an approved education center and be awarded a GED diploma by the State of Florida if the student receives a passing score.
- E. A home education student shall be allowed to participate in middle and high school extra-curricular and interscholastic extra-curricular activities in their zoned school and take any associated courses, provided the parent/guardian documents satisfactory attainment of the required 2.0 grade point average (GPA) and demonstrates educational progress in each subject taken in the home education program.
- F. Home education students shall be allowed to enroll in any class offered at a District school for part of the day. A Home education student may enroll in a public school solely for career and technical courses or programs. Industry certifications, national assessments and statewide assessments offered by the district shall be available to the home education program student. Enrollment in other non-ESE classes shall be on a space available basis in the home zone school with prior approval of the school principal.

Parents are responsible for the transportation of students in home education/private schools programs both to and from the public school. The school principal will establish the time and place for the arrival and departure of home education/private school student accepted into the part-time program. All home education/private school students who attend the District on a part-time basis are subject to the same relevant rules and regulations as full-time students.

Placement

Placement in the regular school program from a home education program shall follow the requirements of the District's *Student Progression Plan* as applied to out of county, foreign, and other non-accredited or non-traditional school. The principal's decision, following a review of documentation of performance or examination results and a conference with the parent or guardian, shall be final.

Transfer of High School Credit

Students placed above ninth grade shall have credits required for a diploma pro-rated accordingly. Course credits earned through participation in the Florida On-Line High School or other State or regionally accredited school or program shall be accepted when a transfer request is made from a home school program to a District high school and appropriate documentation is provided. Credit may be also awarded to home school students who transfer into the public school system based on the following:

- A. a special course approved in the State Course Code Directory with prior approval of a high school principal;
- B. demonstrated academic performance in the classroom;
- C. portfolio evaluation by the Superintendent;
- D. written recommendation by a Florida certified teacher selected by the parent and approved by the principal;
- E. demonstrated proficiencies on standardized subject area assessments; or
- F. demonstrated proficiencies on the FCAT or other State-mandated standardized test.

Field Trips and Other Activities

Home school students may not participate in activities or field trips sponsored by a school other than middle and high school extracurricular or interscholastic extra-curricular activities unless they are enrolled in a related program or class at the school. Home school students may participate in District wide community sponsored activities that include non-public school students, such as history, science, spelling, or speech contests or fairs.

STUDENT CONDUCT

5.30

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to school rules as well as general provisions of law affecting students. Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty shall be maintained in the schools of this District.

The School Board has zero tolerance for conduct that poses a serious threat to school safety. Zero tolerance policies must apply equally to all students, and are not intended to be rigorously applied to petty acts of misconduct and misdemeanors. This zero-tolerance policy does not require the reporting of petty acts of misconduct and misdemeanors to a law enforcement agency. Petty acts of misconduct, include, but are not limited to, disorderly conduct, disrupting a school function, simple assault or battery, verbal abuse or use of profanity, cheating, theft of less than \$300, trespassing, and vandalism of less than \$1,000, possession or use of tobacco, and other school-based offenses delineated in the *“Code of Student Conduct”*

Florida law requires that students found to have committed one of the following offenses:

- A. bringing a firearm or weapon, as defined in F.S. Chapter 790, to school, to any school function, or onto any school sponsored transportation, or possessing a firearm at school; or
- B. making a threat or false report, as defined by F.S. 790.162 and 790.163, involving school or school personnel's property, school transportation, or a school-sponsored activity;

shall be expelled, with or without continuing educational services, from the student's regular school for a period of not less than one (1) full year, and that the student shall be referred to the criminal justice or juvenile justice system.

The Superintendent may consider the one (1) year expulsion requirement on a case-by-case basis and request that the Board modify the requirement by assigning a student to a disciplinary program or second chance school. The Superintendent's request for modification must be in writing, and the Board may approve the request if it is determined to be in the best interest of the student and the school system. If a student committing either of the offenses enumerated above is

a student who has a disability, the Board shall comply with applicable State Board of Education rules for discipline of such students.

The District shall enter into agreements with local law enforcement specifying procedures so that acts that pose a serious threat to school safety, whether committed by a student or adult, are reported to a law enforcement agency having jurisdiction.

Those acts that pose a serious threat to school safety include, but are not limited to *possession of firearms or other weapons, placing, discharging, or throwing an explosive item or noxious substance or making threats to do so, arson, felony assault and violations of the rules regarding possession of alcohol and/or illegal drugs in the Board-adopted "Code of Student Conduct"*

Notwithstanding any other provision of Board policy, pursuant to F.S. 1006.13(5), any student found to have committed an act of assault or aggravated assault, or battery or aggravated battery, on any elected official of the School District, teacher, administrator, or other School District personnel, shall be recommended for expulsion or placement in an alternative school setting, as appropriate, for a minimum period of one (1) year. Upon being charged with such offense, the student shall be removed from the classroom immediately and placed in an alternative school setting pending disposition.

The Code of Student Conduct that is adopted annually shall provide for review of a decision to suspend or expel a student pursuant to this policy and the Code, consistent with F.S. 1006.07.

Furthermore, if the Board receives notice from the Department of Juvenile Justice, as required by law, that a student enrolled in the District has been adjudicated guilty of or delinquent for, or is found to have committed, regardless of whether adjudication is withheld, or pleads guilty or *nolo contendere* to, a felony violation as set forth in F.S. 1006.13(6)(a), the Board shall, pursuant to State law and the adopted cooperative agreement with the Department of Juvenile Justice, require that any no contact order entered by a court be enforced and that all of the necessary steps be taken to protect the victim of the offense, or a sibling of the victim.

The principal, a teacher, or any other staff member may temporarily detain and question a student when circumstances indicate that such student has committed, is committing, or is about to commit a violation of Florida statutes or Board rules. Any activity involving student detention, search, and seizure shall be in accordance with procedures set forth in the *Code of Student Conduct*. Students may be subject to discipline for violation of the *Code of Student Conduct* even if that conduct occurs on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a Board official or employee, or the property of such official or employee.

The principal shall ensure that all school personnel are properly informed as to their responsibilities regarding crime reporting, that appropriate delinquent acts and crimes are

properly reported, and that actions taken in cases with special circumstances are properly taken and documented.

Student conduct shall be governed by the rules and provisions set forth in the *Code of Student Conduct* that is reviewed and adopted annually in accordance with F.S. Chapter 120.

CHAPTER 5.00 – STUDENTS**EXPULSION OF STUDENTS****5.34**

The school principal may recommend to the Superintendent the expulsion of any student who has committed a serious breach of conduct including, but not limited to: willful disobedience; open defiance of authority of a School Board employee; violence against persons or property or any other act which substantially disrupts orderly conduct of the school. The school principal or designee shall recommend to the Superintendent the expulsion of any student who has violated School Board rules which require expulsion. Mandatory expulsion includes, but is not limited to: possessing, using or being under the influence of a controlled substance including alcohol on school grounds or at any school-sponsored activity; giving or selling intoxicating beverages, controlled substances, drugs, or counterfeit drugs to any person on school grounds or at any school-sponsored activity; threatening or using a weapon against any person; any felonious act; and, conviction of a felony.

- I. The following procedures shall be observed when a student is suspended with a recommendation of expulsion:
 - A. The Superintendent or designee shall receive and review recommendations for expelling a student from the school principal or designee who is directly charged with the supervision of the student concerned. These recommendations shall be submitted in writing to the Superintendent by the individual and shall indicate the grounds for the recommendation. The student's parent(s) or legal guardian or the adult student shall be notified in writing to inform them of the recommendation and to provide a reasonable opportunity to meet with the principal to discuss the recommendation and shall receive a copy of the recommendation submitted to the Superintendent. Such notification shall be sent by certified mail or by regular mail if the parent(s) or legal guardian or the adult student has been notified in person.
 - B. A preliminary investigation shall be conducted in accordance with the following:
 1. The Superintendent or designee shall direct an investigation based on the school's recommendation within five (5) school days of receipt of a recommendation for expulsion. The student's parent(s) or legal guardian or adult student shall be informed that the investigation is being conducted in a manner reasonable calculated to notify them. The Superintendent or designee may extend an existing school suspension pending the results of the investigation when reasonable belief exists that the student's return to school or continued attendance at school is detrimental to the student,

school staff, and other students or tends to interrupt the orderly conduct of the educational process.

2. The Superintendent shall inform the student's parent(s) or legal guardian or adult student by certified mail of the suspension or extended suspension. If requested, the student's parent(s) or legal guardian or adult student shall be given a hearing with the Superintendent or his/her staff to challenge the extension or imposition of a suspension. Such hearing shall be informal in nature and shall be granted upon an oral or written request.
 3. All interested parties shall be immediately informed in an appropriate manner when the Superintendent's investigation reveals that no reasonable basis exists for an expulsion recommendation to the School Board. The student shall immediately be readmitted to school with no penalty imposed for absences related to the investigation; this does not include the initial school suspension if reasonable in nature. Student records shall be properly annotated to indicate that grounds for expulsion were insufficient.
 4. All necessary school personnel shall cooperate in the investigation. Inquiries shall be made into alternatives to expulsion before further proceedings are initiated. The student's parent(s) or legal guardian or adult student shall be informed of any feasible alternatives and appropriate changes shall be made in the student's assignment or program to avoid expulsion proceedings. Any changes shall be based upon sound educational reasons and upon a reasonable belief that such a change will alleviate the problems leading to the school expulsion recommendation.
 5. The Superintendent may develop routine procedures and forms for gathering data relating to expulsions. Such forms and procedures shall be internal administrative matters.
 6. Investigations shall be conducted with deliberate speed, considering the nature of the facts underlying the school's recommendation and the characteristics of the student and his/her program.
- C. Charges and the notice of the right to a hearing shall be governed by the following:
1. Charges shall be made when a preliminary investigation is completed and there is reason to believe grounds exist for expulsion. The basis of the charges shall be specified with the Superintendent's recommended action, including specific allegations of fact to support the recommendation.

2. Charges shall be served upon the student's parent(s) or legal guardian or adult student in a manner reasonably calculated to inform him/her of the charges. Certified mail addressed to the last known address of the parent(s) or legal guardian or adult student shall be considered sufficient notice.
3. The student's parent(s) or legal guardian or adult student shall be notified, in writing, of a proposed hearing date and of the right to an administrative hearing, in accordance with the provisions of Florida Statutes, before the School Board, if they desire to dispute the material allegations of fact contained in the charges and the recommendation of expulsion. To request a hearing, the parent(s) or legal guardian or adult student shall file a written request for a hearing with the Superintendent's office at the specified address and before a certain date and time identified in the notice. Failure to timely request a hearing, in writing, shall be considered a waiver of the student's right to a hearing to contest the charges.
4. The student's parent(s) or legal guardian or adult student who timely requests a hearing shall be notified in a manner calculated to inform him/her of the time, place, and nature of the hearing, including a statement of the legal authority and jurisdiction under which the hearing is to be held, a reference to the particular sections of the Florida Statutes and State Board of Education rules involved, and specific references to School Board rules.

D. A hearing shall be conducted pursuant to the following:

1. The hearing shall be governed by Florida Statutes relating to administrative procedures.
2. The School Board chairman may direct the Superintendent or an administrative staff member to present the evidence and testimony to the School Board in support of the Superintendent's recommendation for expulsion.
3. Reasonable flexibility in method or order of presentation shall be permitted. No parent, legal guardian, or adult student shall be prohibited from presenting reasonable matters to the School Board because of unsubstantiated procedural irregularities.
4. No parent, legal guardian, or adult student shall be prohibited from being represented at the hearing by an adult, whether as legal counsel or qualified representative.

5. The School Board shall be the finders of fact and shall make conclusions of law based on competent substantial evidence presented at the hearing. Nothing herein shall prevent the School Board from seeking the advice of counsel of the attorney assisting it at the hearing. The School Board may indicate its finding of facts and conclusions of law to a School Board employee who shall write a final order for submission to the School Board for approval or modification.
- E. Any student who is being considered for dismissal shall be accorded due process of law prior to dismissal. This shall include the following:
1. A written copy of the charges against the student;
 2. The offer of a hearing at which the student may call witnesses and present evidence in the student's own behalf;
 3. The right to cross-examine witnesses;
 4. The right to defend the student's actions;
 5. Legal counsel at the student's expense to assist the student in presenting a defense; and,
 6. A written copy of the School Board's findings or action.
- F. The following shall apply to informal proceedings on undisputed facts:
1. The student's parent(s) or legal guardian or the adult student may request, in writing, that an informal proceeding be conducted before the School Board when the facts alleged in the charges upon which the Superintendent's recommendation is based are not disputed. The student's parent(s) or legal guardian or the adult student shall file a written request for informal proceeding before a date and time certain with the Superintendent's office as provided in the notice. Failure to timely file a written request for an informal proceeding shall be deemed a waiver of the student's rights to an informal proceeding before the School Board.
 2. Notification of the right to informal proceedings shall be given in the same manner as in the notice of right of hearings of disputed fact. The Superintendent, acting for the School Board, may establish a date for the informal proceeding to provide timely information on proceedings of the charges. Acceptance of the informal proceeding date by the student's parent(s) or legal guardian or the adult student shall be deemed waiver of the notice requirements as to time. The hearing shall not be held in a manner calculated to cause inadequate preparation time. Fourteen (14)

days shall be deemed sufficient preparation time unless an objection is timely raised; the days shall be calculated from the day immediately following the actual personal notice or posting of the notice by certified mail.

3. An informal proceeding shall be held before the School Board on the date proposed in the notice of right of informal proceeding when a timely request for an informal proceeding is filed. At the informal proceeding before the School Board, the student's parent(s) or legal guardian, the adult student, or the legal counsel or representative may present written or oral evidence in opposition to the Superintendent's recommendation for expulsion is based. The School Board shall consider any oral testimony or written statements submitted by the parties and render a final order in the same manner as in formal hearings of disputed fact.
- G. The Superintendent shall notify the student's parent(s) or legal guardian or the adult student of the official School Board action by certified mail with reasonable speed and include a copy of the School Board's final order. The notice shall inform the student's parent(s) or legal guardian or the adult student of his/her right to appeal the School Board's final order to the District Court of Appeal.
 - H. A student who is expelled from the District by School Board action shall not be afforded a rehearing before the School Board unless prior evidence is proven to be false or new evidence is substantiated that was omitted from the original hearing. A request for rehearing shall be made by the parent(s) or legal guardian to the Superintendent or designee. The Superintendent's office shall determine whether the expulsion shall be reheard by the School Board.
- II. The Superintendent may recommend to the School Board expulsion of a student who is found guilty of a felony. Provided, however, any student subject to discipline or expulsion for the unlawful possession or use of any substance controlled under Florida Statutes shall be entitled to a waiver of the discipline or expulsion if he/she divulges information leading to the arrest and conviction of the person who supplied such controlled substance or if he/she voluntarily discloses the unlawful possession of such controlled substance prior to arrest.
 - III. Provisions for the expulsion of exceptional education students shall be described and set forth in the Code of Student Conduct.
 - A. The dismissal of an exceptional education student shall not result in a complete cessation of educational services; the District is responsible for providing the dismissed student's education during the expulsion in accordance with a revised individual education plan (IEP).

- B. The following procedures shall be followed for the expulsion of exceptional education students:
1. The principal shall adhere to State Board of Education rules when recommending expulsion of exceptional students and shall be responsible for convening a disciplinary review committee. The disciplinary review committee shall review the student's IEP and shall determine whether the student's behavior bears a relationship to his/her exceptionality. A disciplinary review committee that determines the student's behavior is in relation to his/her exceptionality may modify the student's IEP in accordance with current needs and expulsion may not be applied. Procedures in subsection (3)(b)3, herein shall apply when a student's conduct does not bear a relationship to his/her exceptionality.
 2. An IEP meeting shall be conducted in compliance with State Board of Education rules and in conjunction with the disciplinary review committee meeting. The decision of the disciplinary committee shall be recorded on the IEP and shall be used in determining the adequacy of the current special program and related services. The student's IEP may be revised to reflect:

 - ii. An indication that the exceptionality is not a precipitating factor and the student is expected to behave in accordance with the rules established in the District's Code of Student Conduct.
 3. The principal is responsible for taking appropriate action consistent with School Board rules and the Special Programs and Procedures for Exceptional Student Education Manual.
 4. The parent(s), legal guardian, or custodian of an exceptional education student shall be provided a copy of the suspension and expulsion procedures regarding discipline of exceptional education students at the initial placement meeting or at the first IEP meeting held in the District.

CHAPTER 5.00 – STUDENTS**MEDICAL MARIJUANA****5.622**

- I. Administering Medical Marijuana to Qualified Students on District Property
- A. The Board strives to comply with state law to honor families' private medical decisions while ensuring a learning environment free of disruption. To accomplish these goals, as a general rule, prescription medication, including medical marijuana, should be administered at home. Prescription medications, including medical marijuana, should only be administered on District property during school hours when administration cannot reasonably be accomplished outside of school hours. The primary caregiver should administer the medical marijuana/low Tetrahydrocannabinol (THC) cannabis at home whenever possible to qualified students/patients who require the use of medical marijuana/low THC cannabis for a qualifying medical condition.
- B. In those limited circumstances when it is medically necessary, administration of medical marijuana to qualified students on District property shall be in accordance with this policy. Administration of all other prescription and nonprescription medications to students on District property during school hours shall be in accordance with applicable law and Board policy concerning the administration of medications to students.
- C. Medical marijuana/low THC cannabis cannot be administered to a qualifying student/patient while aboard a school bus or at a school-sponsored event.
- D. This policy conveys no right to any student or to the student's parents/guardians or other caregiver to demand access to any general or particular location on school or district property, a school bus or at a school-sponsored event to administer medical marijuana/low THC cannabis.
- E. If the federal government indicates that the district's federal funds are jeopardized by this policy, or asks the District to cease and desist the implementation of this policy, the Board declares that this policy shall be suspended immediately and that the administration of any form of medical marijuana/low THC cannabis to qualified students on school property shall not be permitted. The District will comply with any federal guidance and/or directives related to this policy. The district shall post notice of such policy suspension and prohibition in a conspicuous place on its website.

F. Definitions - For purposes of this policy, the following definitions shall apply per Florida Statute:

1. “Student” means an individual enrolled in a Gadsden County Public School, Pre-K through 12th grade who are subject to compulsory school attendance, as well as students with disabilities 18 through 21 years of age.
2. “Qualified student/patient” means a student/patient who is a resident of this state who has been added to the medical marijuana/low THC cannabis use registry by a qualified physician to receive marijuana or a marijuana delivery device for a medical use and who has a qualified patient identification card and for whom the administration of medical marijuana cannot reasonably be accomplished outside of school hours.
3. “Primary caregiver” or “caregiver” must be 21 years of age or older and a resident of this state who has agreed to assist with a qualified patient’s medical use of marijuana, has a caregiver identification card and meets the requirements set forth in F.S. 381.986(6).
4. “Designated location” means a location identified by the District in its sole discretion on school grounds, such as the nurse’s office or a building administrator’s office. District or school administration determines, in its sole discretion, the location of administration of a permissible form of medical marijuana/low THC cannabis that do not create risk of disruption to the educational environment or exposure to other students.
5. “Qualified physician” means an individual who holds an active, unrestricted license as an allopathic physician under chapter 458 or as an osteopathic physician under chapter 459 and is in compliance with the physician education requirements set forth in F.S. 381.986(3).
6. “Permissible form of medical marijuana/low THC/cannabinoid products” means non-smokable/non-inhalable products such as oils, tinctures, edible products or lotions that can be administered and fully ingested or absorbed in a short period of time. Due to the potential for misuse, vapors, patches or other forms of administration that continue to deliver medical marijuana to a student while at school are not permitted.

II. Permissible administration of medical marijuana to a qualified student on school district property.

- A. School nurses or health care personnel or school administration staff are not allowed to administer, store/hold or transport the medical marijuana/low THC

cannabis in any form and it will not be stored on any District property, including school grounds, at any time.

- B. A student's parent/guardian or caregiver may administer the permissible form of medical marijuana to the qualified student/patient on District property in the designated location if all of the following criteria are met:
1. A copy of the student's valid registration form for medical marijuana must be provided to the District. The authorization for medical marijuana/low THC cannabis uses for qualified students at school form must be submitted to the principal/designee every school year, and when there are any changes to the medication and the type of preparation (i.e., oils, tablet). The completed form shall include the type, amount, time to be administered, possible side effects and any special instructions regarding the medication.
 2. A written statement signed by the qualified student's parent/guardian must be on file which assumes all responsibility for ensuring the administering individual is qualified to perform the task, assumes all responsibility for the administration, maintenance and use under state and federal law, and releases the District from liability for any injury arising out of the administration of medical marijuana on District property.
 3. The parent/guardian/caregiver shall be responsible for providing the permissible form of medical marijuana to be administered to the qualified student and for removing the medical marijuana from school grounds immediately after the administration is complete.
 4. The District determines, in its sole discretion, that a designated location and method of administration of medical marijuana are available that do not create a risk of disruption to the educational environment or exposure to other students.
 5. In accordance with this policy, district or school administration shall prepare, with input from the qualified student's parent/guardian/caregiver, a written medical marijuana/low THC cannabis implementation plan that identifies the registration number for the medical marijuana registration, permissible form of the medical marijuana/low THC cannabis, designated location(s), and which shall be on file with the school.
 6. The written plan shall be signed by the school nurse, school administrator, and the qualified student's parent/guardian/caregiver.

- C. Any parent/guardian seeking access to District property for purposes of this policy must comply with District policy and/or procedures concerning visitors to schools, including checking in through the District’s Raptor™ Check-in System.
- D. Student possession, use, distribution, sale or being under the influence of medical marijuana inconsistent with this policy may be considered a violation of Board policy concerning drug and alcohol use by students or other Board policy and may subject the student to disciplinary consequences, including suspension and/or expulsion, in accordance with applicable Board policy.
- E. Permission to administer medical marijuana/low THC cannabis to a qualified student/patient may be limited or revoked if the qualified student/patient or the student’s caregiver violate this policy or demonstrate an inability to responsibly follow this policy’s parameters.
- F. At no time shall the qualifying student/patient have the medical marijuana/low THC cannabis in his/her possession except during the administration process, through dispensation by the designated primary caregiver, per the District’s implementation plan.

Any person desiring employment shall file a completed application on the form provided by the Superintendent.

I. Qualifications

- A. Must be of good moral character.
- B. Must have attained the age of eighteen (18) years with the exception of students employed by the Board.
- C. Must not be ineligible for employment under 1012.315, F.S., if applying for an instructional, administrative or any other position requiring direct contact with students.

II. Certificate Requirements

Each applicant for an instructional or a certificated administrative position shall hold a certificate, have a receipt from the Florida Department of Education acknowledging that an application has been filed and that issuance of the certificate is pending, or have the proper license to perform services.

- A. To be considered for a position, an applicant shall be duly qualified for that position in accordance with state law, regulations of the Florida Department of Education and the approved job description. If it appears that the applicant is eligible for proper certification, appointment may be made subject to the conditions set forth in the annual contract of employment as approved by the School Board.
- B. Any person not holding a valid Florida certificate at the time of employment shall be required, upon initial employment, to make application to the Florida Department of Education for such a certificate, through the Personnel Services office of the District. When such certificate is received, it must be filed with the office of the Superintendent. If the Department of Education declines to issue a certificate, the person's employment shall be terminated immediately. Failure to file such certificate, except for good cause as determined by the Superintendent, shall result in the termination of employment.

III. Interviews and Appointments

- A. When interviews are conducted by interview teams, including those with community representatives, the team shall reasonably reflect the District's diverse racial, ethnic, and gender composition.
- B. The Superintendent or designee shall monitor and ensure that appointments and assignments are consistent with the District's intent of maintaining a diverse work force.

IV. Driving Record

- A. The driving record of each applicant for the position of school bus operator or for any position that would require the person to drive a School Board vehicle shall be reviewed to determine if the record contains any infractions of the driving code that would make the applicant unqualified for the position in accordance with the District safe driver plan.
- B. The driving record of each current school bus operator shall be reviewed prior to the first day of the fall semester and periodically during the school year to determine if the record contains any infractions of the driving code that would make the operator unqualified for the position in accordance with the District safe driver plan. The driving record of any employee who is required to drive a School Board vehicle shall also be reviewed periodically during the year to determine whether the employee may continue in the position.

V. Initial Employment

- A. Any offer of employment with the School District is conditioned on submission of fingerprints as required by Florida Statute and a background investigation by the Superintendent or designee and District Criminal Background Check (CBC) committee. After a job offer, but prior to beginning employment with the District, all candidates for all positions must undergo a criminal and employment background check (including verification of work authorization status through the E-Verify system) to determine suitability for employment. The application for employment shall inform applicants they are subject to criminal background checks, and advise applicants that failure to be truthful on the application about

prior criminal history will be grounds for ineligibility or dismissal from employment.

- B. As a condition of employment and prior to beginning work, an applicant who has received a conditional job offer must file a complete set of fingerprints taken by an authorized law enforcement officer or an employee of the District trained to take fingerprints. The fingerprints shall be processed by the Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI). The applicant shall be required to pay for full costs of processing at the time of fingerprinting.
- C. A Criminal Background Check (CBC) committee shall be established to review the criminal history of all persons nominated for initial employment. The CBC committee shall obtain criminal background information for applicants through requests to the Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI). The CBC committee shall include, but not be limited to, the Director of Personnel Services, the District EEO Officer, and a representative of the County Sheriff's Department.
- D. When the fingerprint or background check reports are returned, the Committee shall review both the application and the report(s) concerning the individual. The CBC committee will compare the information provided by the new employee with the information received from the FDLE and/or the FBI pursuant to Florida Statute.
- E. The Superintendent or designee shall conduct employment history checks of applicants for instructional, administrative or any other positions requiring direct contact with students. The employment history check shall include, but not be limited to, screening through the use of educator screening tools described in law and contact with each previous employer. All findings shall be documented. If the Superintendent is unable to contact a previous employer, he/she shall document all efforts to contact the previous employer. For all other applicants, the CBC committee or its designee shall contact or attempt to contact all prior employers for a minimum of the past ten (10) years and all private or public educational institutions by which the applicant was previously employed while age eighteen (18) or older. The committee shall document all attempts to contact previous employers.
- F. No applicant who has received a conditional job offer shall begin work before his/her fingerprints are processed, the criminal and pre-employment investigation is completed, and a determination is rendered as to suitability for employment.

- G. Based upon the facts of an application, criminal background check or other valid or reliable data sources, applicants who are, or have been convicted of certain serious offenses may be denied employment by the School District. As used in this section the term conviction is defined as a finding of guilt, a plea of guilty, or a plea of *nolo contendere*, or a verdict of guilty. The withholding of adjudication or the entry of an order sealing or expunging the record requiring a pre-trial intervention or pre-trial diversion shall not be considered an exception to this section. Other information derived from the pre-employment investigation, which indicates the applicant may not be suitable for employment by the School District, may be grounds for denying employment to an applicant.
- H. An applicant shall be disqualified from employment in any position requiring direct contact with students if he/she is ineligible for employment under 1012.315, F.S.
- I. Any instructional or noninstructional persons under contract to the School District to operate student programs, student teachers, persons participating in short-term teacher assistance experiences or field experiences who have direct contact with students must meet the requirements of V.A., B. E, and F. Such persons may not be in direct contact with students if ineligible under 1012.315, F.S.

VI. Current Employees

- A. Whenever a personnel investigation of a complaint against an employee is required, a criminal background check may be conducted as part of the investigation.
- B. If it is discovered during the period of employment that a regular employee has a prior criminal record and that the employee was requested to provide this information at the time of hire, but did not do so, the employee may be subject to disciplinary action, including dismissal for submitting false information on the employment application, or otherwise having misled the District.
- C. If it is discovered during the period of employment that an employee has a prior criminal record and no falsification of an application nor attempt to mislead occurred, the record shall be reviewed by the CBC Committee. The committee shall consider all information, including any mitigating conditions, and report findings of fact, possible mitigating circumstances and recommendations for action to the Superintendent. The employee shall have the opportunity to respond in writing to the findings and recommendation. The Superintendent shall review the record, recommendation and response before taking appropriate action.

Appeal of the Superintendent's action shall follow collective bargaining agreements or School Board Policy, as appropriate.

- D. Instructional personnel and noninstructional or contractual personnel who have direct contact with students or have access to or control of school funds must meet the screening requirements described in law every five (5) years. Personnel whose fingerprints have not been maintained by the Department of Law Enforcement are required to be re-fingerprinted.
- E. An employee whose criminal record after employment would disqualify him/her from employment shall be subject to disciplinary action up to and including termination.

VII. Acceptance of Appointment

Failure to signify acceptance of appointment within ten (10) days after receipt of the official notice of appointment shall be considered a rejection of the offer and the position shall be declared vacant.

VIII. Reconsideration and Appeal

- A. Applicants who have been denied employment, and probationary employees who have been denied permanent employment, on the basis of their criminal record and/or background check, may request reconsideration by the CBC Committee only if they present new information not previously available to the committee.
- B. Applicants who have been denied employment, and probationary employees who have denied permanent employment, because of their criminal record, drug screening and/or background check, may appeal to the Superintendent. Applicants and probationary employees shall receive written notice of the right to appeal the decision by the CBC committee to the Superintendent. Their appeal must be in writing, and may respond to the findings and decision of the CBC Committee. If new information is to be submitted, the applicant must first request reconsideration by the CBC Committee. The Superintendent's decision shall be final.

- IX. The District shall ensure that all aspects of the recruitment and selection process are job-related and are consistent with business necessity so as to ensure equal employment opportunity. Neither the District nor its agents shall engage in any discrimination with respect to employment in violation of any state or federal laws. Applicants shall be informed of the complaint procedure that may be used should they allege discrimination.

Failure of an employee to report such misconduct shall result in disciplinary action. Further, an employee who knowingly or willfully fails to do so, or who knowingly or willfully prevents another person from doing so, commits a misdemeanor of the first degree. - B. Educational support employees, instructional personnel and school administrators shall report alleged misconduct of other educational support employees, instructional personnel or school administrators who engage in or solicit sexual, romantic, or lewd conduct with a student.
- C. If the prohibited conduct occurs while employed by the district, the School Board and Superintendent must report the employees or personnel and the disqualifying circumstances to the department of education for inclusion on the disqualification list maintained by the department pursuant to section 1001.10(4)(b), F.S.

II. Investigation

The Superintendent shall immediately investigate any allegation of misconduct by an employee that affects the health, safety or welfare of a student regardless of whether the person resigned or was terminated before the conclusion of the investigation. The Superintendent shall notify the department of the result of the investigation and whether

the misconduct warranted termination, regardless of whether the person resigned or was terminated before the conclusion of the investigation.

- A. An employee who is alleged to have committed such misconduct shall be reassigned to a position not requiring direct contact with students pending the outcome of the investigation.
- B. Information related to the alleged misconduct shall be considered confidential until the investigation is concluded with a finding to proceed or not to proceed with disciplinary action or charges and the subject of the complaint has been notified of the finding.
- C. The Superintendent shall report alleged misconduct to the Department of Education as required by Florida Statutes. IV. Resignation or Retirement in Lieu of Termination

If the Superintendent determines that misconduct by an educational support employee, instructional staff member or an administrator who holds a certificate issued by the Florida Department of Education affects the health, safety, or welfare of a student and the misconduct warrants termination, the staff member may resign or be terminated and the Superintendent shall report the misconduct to the Department of Education as required.

V. Employment Reference

The Board, Superintendent, or any other representative of the School District shall not enter into a confidentiality agreement regarding terminated or dismissed educational support employees, instructional personnel or school administrators, based in whole or in part on misconduct that affects the health, safety, or welfare of a student. ALCOHOL AND DRUG-FREE WORKPLACE

6.33

The School Board believes that quality education is not possible in an environment affected by drugs. It will seek, therefore, to establish and maintain an educational setting that is not tainted by the use or evidence of use of any controlled substance.

The Board prohibits the manufacture, possession, use, distribution, or dispensing of any controlled substance, alcohol, and any drug paraphernalia as the term is defined by law, by any member of the District's instructional staff at any time while on District property or while involved in any District-related activity or event. Further, the misuse of prescription and over-the-counter drugs by instructional staff members is unacceptable and prohibited. The Board shall clearly communicate these prohibitions to its instructional staff. Any staff member who violates this policy shall be subject to disciplinary action in accordance with District procedures and the terms of collective bargaining agreements.

The Superintendent shall establish procedures that require compliance with this policy and that each staff member is given a copy of a statement about unlawful possession, use, or distribution of illicit drugs and alcohol by staff, and the misuse of prescription and over-the-counter drugs by instructional staff members. Staff members shall be informed that compliance with this policy is mandatory. Such procedures shall provide for appropriate disciplinary actions, if and when needed, which comply with the terms of any negotiated agreement.

CHAPTER 6.00 – HUMAN RESOURCES**POLITICAL ACTIVITIES OF EMPLOYEES****6.34**

Pursuant to State law, instructional staff members who are employed by the School Board shall not participate in any political campaign for an elective office while on duty.

A staff member may not expend any funds or resources under the jurisdiction or control of the District for a political advertisement or electioneering communication concerning an issue, referendum, or amendment, including State questions that are subject to a vote of the electors.

Pursuant to F.S. 106.011, "electioneering communication" shall mean any communication that is publicly distributed by a television station, radio station, cable television station, satellite system, newspaper, magazine, direct mail, or telephone. In order to qualify as an electioneering communication, the communication must also be characterized by the following:

- A. refers to or depicts a clearly identified candidate for office without expressly advocating the election or defeat of a candidate, but is susceptible to no reasonable interpretation other than an appeal or against a specific candidate;
- B. is made within thirty (30) days before a primary or special primary election or sixty (60) days before any other election for the office sought by the candidate; and
- C. is targeted to the relevant electorate in the geographic area the candidate would represent if elected.

Therefore, staff members who engage in political activities or hold public office shall not use time, facilities, or personnel of the school system to engage in such activities. Specifically, the use of copy reproduction equipment or other machinery or supplies, the use of secretarial help, or any other school facilities or personnel is strictly prohibited. Telephone use for such political activities during duty hours shall be confined to an emergency only, and then only in such a manner as shall not conflict with the staff member's duties. Additionally, staff members who engage in political activities or hold public office are expected to discourage constituents, or other persons with whom they are associated in their political capacities, from making telephone calls to them during duty hours.

An employee who declares him/herself as candidates for public office for an elective office shall notify the Superintendent immediately upon filing to run.

All candidates for public office may request personal leave without pay. The staff member's request for leave shall be submitted according to the established procedure.

Such candidates shall adhere strictly to Florida statutes governing political activity on the part of public officials and public employees.

A successful candidate for an office requiring a part-time responsibility shall report immediately to the Superintendent after the election and thereafter, when deemed necessary by the Superintendent or Board, to evaluate the compatibility of the dual responsibility and the need for personal leave without pay.

School Board employees shall no solicit support of any political candidate, partisan or non-partisan, during regular work hours.

CHAPTER 6.00 – HUMAN RESOURCES**GRIEVANCE PROCEDURE FOR PERSONNEL****6.35***

The provisions of this rule shall apply to all disputes with respect to interpretation or application of these Rules and shall not apply to disputes between the School Board and an employee or a group of employees involving terms and conditions of a collective bargaining agreement.

- I. **Informal Resolution.** Within seven (7) working days (except in cases involving harassment or discrimination in which sixty (60) days will be allowed) after occurrence of the alleged violation, the aggrieved shall, during non-student-contact hours, at a conference where only the aggrieved and his immediate supervisor shall be present (except in cases of discrimination or harassment allegation involving the supervisor, in which case they shall report to the Equity Coordinator), orally present his concern to the supervisor, notifying the supervisor that the alleged violation is the basis for filing a formal grievance. Within five (5) working days after such conference, the supervisor shall orally give his answer to the employee.

- II. **Formal Grievance Procedure.** Every employee covered by this rule shall have the right to present grievances in accordance with these procedures, with or without representation. Nothing contained in this rule shall be construed to prevent any individual employee from discussing a problem with the administration and having it adjusted without intervention.
 - A. **Step One.** If the aggrieved is not satisfied with the informal resolution he or she may, within five (5) working days after the oral answer, file a formal written grievance. The grievant(s) shall state in writing the nature of the grievance, shall note the specific clause or clauses of these rules allegedly violated and relief sought, and shall sign the written grievance.

The written grievance shall be filed with the employee's immediate supervisor or alternate, who shall within five (5) working days after receiving the grievance, communicate his answer in writing to the grievant.

- B. **Step Two.** If the aggrieved is not satisfied with the disposition at Step One he or she may, within five (5) working days after the answer at Step One, appeal in writing to the Assistant Superintendent for Administrative Services. The Assistant Superintendent for Administrative services may conduct whatever investigation is necessary to make a finding. Within ten (10) working days after receipt of the grievance, the Assistant Superintendent shall notify the aggrieved in writing as to his disposition of the grievance.

- C. Step Three. If the aggrieved is not satisfied with the disposition at Step Two he or she may, within five (5) working days after the answer at Step Two, appeal in writing to the Superintendent. The Superintendent may conduct whatever investigation is necessary to make a finding. Within ten (10) working days after receipt of the grievance, the Superintendent shall notify the aggrieved in writing as to his disposition of the grievance.
 - D. Step Four. If the aggrieved is not satisfied with the disposition at Step Three he or she may, within five (5) working days after the answer at Step Three, inform the Superintendent in writing of his decision to request a Declaratory Statement concerning the appropriate interpretation of the School Board Rule in question pursuant to Section 1.104.
- III. The time limits provided in this rule shall be strictly observed, but may be extended as to any grievance by written agreement of the Superintendent and the grievant(s). In the event a grievance is filed after May 15 of any year and strict adherence to the time limits may result in hardship to any party, the administrative staff shall attempt to process such grievance prior to the end of the school term or as soon thereafter as possible. In computing any period of time prescribed or allowed by this rule, the day of the act, event or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included, unless it is a holiday, Saturday or Sunday.
 - IV. The failure of any aggrieved or grievant to file, or to appeal from the disposition of, any grievance within the time limits respectively prescribed therefore shall bar any further action or appeal by him, and an administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step. The time limits may, however be extended by mutual agreement.
 - V. Hearing and conferences under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons, including witnesses, entitled to be present, to attend, and will be held, insofar as possible, after regular school hours, or during non-working time of personnel involved. When such hearing and conferences are held, at the option of the administration, during work hours all employees whose presence is required shall be excused, with pay, for that purpose.
 - VI. Adjustment of any grievance as described herein shall not be inconsistent with the provisions of these Rules.
 - VII. Any grievance arising under these Rules may be processed through the grievance procedure until resolution provided that the grievance is timely filed.

VIII. Confidentiality and protection from retaliation will be provided to the extent possible to any employee, student, applicant or affected party who alleges discrimination or harassment.

CHAPTER 6.00 – HUMAN RESOURCES**PROFESSIONAL LEARNING****6.70**

Pursuant to State law, the School District will work collaboratively with the Florida Department of Education (FLDOE), public postsecondary institutions, State education foundations, consortia, and professional organizations in Florida to maintain a coordinated system of professional development. The purpose of the system is to increase student achievement, enhance classroom instructional strategies that promote rigor and relevance throughout the curriculum, and prepare students for continuing education and the workforce.

The District's comprehensive professional development plan will align with the Florida Professional Development System Evaluation Protocol Standards, which support the framework for standards adopted by the National Staff Development Council. Furthermore, the results of the performance evaluations of staff members will be used when identifying the areas for which professional learning is needed.

As required by State law, the District's comprehensive professional development plan will be updated by September 1st annually. Any substantial revisions to the District's plan will be submitted to the FLDOE for its review and continued approval. The Superintendent will annually recommend for the School Board's consideration and adoption the updated comprehensive professional learning plan, so that verification of the adoption can be submitted to the Commissioner of Education not later than October 1st of each year.

The Board will provide funding for professional learning as required by State law and the General Appropriations Act and will authorize expenditures from other sources to continuously strengthen the District's system of professional learning. The plan will also provide for training for each teacher who will use materials that were purchased with funds allocated by the State for instructional materials, provide for in-service credit for the training, and document satisfactory completion of the training by each teacher.

The in-service activities for instructional and administrative personnel shall focus on analysis of student achievement data, ongoing formal and informal assessments of student achievement, identification and use of enhanced and differentiated instructional strategies that emphasize rigor, relevance, and reading in the content areas, enhancement of subject content expertise, integrated use of classroom technology that enhances teaching and learning, classroom management, parent involvement, and school safety. Additionally, in-service activities will be made available for instructional and administrative personnel of nonpublic schools in the District and the State certified teachers who are not employed by the Board on a fee basis not to exceed the cost of the activity per participants.

Each principal shall establish and maintain an individual professional development plan for each instructional employee assigned to the school as a seamless component to the school improvement plans developed pursuant to State law. The individual professional development plan established by the principal shall:

- (1) be related to specific performance data for the students to whom the teacher is assigned;
- (2) define the in-service objectives and specific measurable improvements expected in student performance as a result of the in-service activity;
- (3) include an evaluation component that determines the effectiveness of the professional development plan;
- (4) provide for systematic consultation with regional and State personnel designated to provide technical assistance and evaluation of local professional development programs;
- (5) provide for delivery of professional development by distance learning and other technology-based delivery systems to reach more educators at lower costs;
- (6) provide for the continuous evaluation of the quality and effectiveness of professional development programs in order to eliminate ineffective programs and strategies and to expand effective ones. Evaluations must consider the impact of such activities on the performance of participating educators and their students' achievement and behavior.

The Superintendent shall establish and maintain an individual professional learning plan for each administrator assigned to a school as a seamless component to the school improvement plans developed pursuant to State law. The individual professional learning plan established by the Superintendent shall:

- (1) define the in-service objectives and specific measurable improvements expected in student performance as a result of the in-service activity;
- (2) include an evaluation component that determines the effectiveness of the professional learning plan;
- (3) include in-service activities for school administrative personnel that address updated skills necessary for instructional leadership and effective school management;
- (4) provide for systematic consultation with regional and State personnel designated to provide technical assistance and evaluation of local professional development programs;
- (5) provide for delivery of professional development by distance learning and other technology-based delivery systems to reach more educators at lower costs.

By October 1 of each year and prior to the release of funds for instructional materials, pursuant to statutory requirements, the Superintendent will certify to the Commissioner of Education that the Board has approved a comprehensive professional Learning plan that requires fidelity of implementation of instructional materials that are in the first two (2) years of the adoption cycle. The report will also include verification that the training was provided.

CHAPTER 6.00 – HUMAN RESOURCES**PHYSICAL EXAMINATIONS****6.171**

It is the policy of the School Board that the Superintendent may require, after a conditional offer of employment, that the successful candidate submit to a medical examination in order to determine the candidate's physical and/or mental capacity to perform essential functions of the position, with or without reasonable accommodation, provided that the Board requires other successful candidates for the same position (or job classification) to do so. Such examinations shall be performed by a health provider designated by the District.

Refusal to submit to an appropriate examination or to execute the HIPAA release will be grounds for withdrawing the conditional offer of employment.

As required by Federal law and regulation and Board Policy, the Superintendent shall direct the successful candidate who is being required to submit to a medical examination, as well as the provider that is designated by the Board to conduct the examination, not to provide any genetic information in the report of the medical examination.

Such report should indicate whether the candidate can perform essential functions of the position, with or without reasonable accommodation.

Employees will be notified of the results of the medical examination upon receipt. Pursuant to State law and in accordance with the Americans with Disabilities Act, as amended, any and all reports of such examination will be confidential and exempt from release, except as provided by law. In the event of a report indicating that the candidate is not qualified to perform the position's essential functions, with or without reasonable accommodation, the Superintendent will make a recommendation to the Board of non-employment. The Superintendent may discuss the results of the report with the healthcare provider who conducted the medical examination prior to making a recommendation to the Board.

CHAPTER 6.00 – HUMAN RESOURCES**DEFERRED RETIREMENT OPTION PROGRAM (DROP)****6.531**

The Deferred Retirement Option Program (DROP) as defined in Chapter 121, Florida Statutes, is an alternative method of deferred payment of retirement benefits for up to sixty (60) after an eligible member of the Florida Retirement System reaches his/her normal retirement date but wishes to continue employment with a Florida Retirement System employer. In order to participate, the employee must submit a binding letter of resignation, establishing a deferred termination date. DROP will allow the participant to defer all retirement benefits payable during the DROP period. Upon termination of DROP, the participant will receive the DROP benefits and the regular retirement benefits under Chapter 121, Florida Statutes.

- I. Participation in DROP - All members of the Florida Retirement System are eligible for DROP. Members electing to participate in DROP must meet the eligibility and timeline requirements outlined in Florida Statute.
- II. Certain K-12 instructional personnel may be permitted to extend DROP participation for up to an additional 36 months upon authorization from the District and approval by the division.
- III. Benefits Payable
 - A. Sick Leave - Employees will be paid terminal pay for accumulated sick leave at retirement, or, if service is terminated by death, to his/her beneficiary. Upon election to participate in DROP, and based upon the employee established deferred termination date, previously accumulated sick leave shall be paid the employee according to the salary established at the time of entry into the DROP Program in the following prorated installments:
 1. Deferred Termination Date - Payment Schedule
 - a. 0 through 12 months
1 lump payment in the month following the last day worked
 - b. 13 through 24 months
50% at the end of the first 12 months and final payment in the month following the last day worked
 - c. 25 through 36 months

33⅓% at the end of each 12-month period and final payment in the month following the last day worked

- d. 37 through 48 months

25% at the end of each 12-month period and final payment in the month following the last day worked

- e. 49 through 60 months

20% at the end of each 12-month period and final payment in the month following the last day worked

2. Sick leave will be earned during DROP as prescribed by Florida Statutes. Accumulated sick leave earned during DROP participation will be paid to the employee at the end of their DROP participation or as prescribed in any Board approved alternative retirement plan.

3. It is in the intent of this policy that an individual entering DROP will be allowed to use sick leave which was accrued prior to their retirement and entrance into DROP. The procedures for utilization of such leave shall be as follows:

- a. Sick leave earned prior to DROP shall be calculated in accordance with School Board policy.

- b. The value of each sick day will be computed according to the salary established at the time of entry into DROP. Should a DROP participant use a sick day(s) accrued prior to entrance into DROP, the monetary value of their remaining sick days shall be reduced by the value of the sick day(s) used.

- c. Final adjustments in the total amount of compensation for accrued sick leave will be made prior to the final payment at the end of DROP.

- B. Annual Leave - Employees electing to participate in DROP shall be entitled to terminal pay for accrued annual leave as required by state law, Board policy and/or union contract. Upon election to participate in DROP and the employee's election to receive a lump sum payment of accrued annual leave, payment shall be made prior to the effective beginning date of DROP into the tax deferral plan adopted by the school board, and shall then be paid to the employee in accordance with the terms of such plan.

1. Annual leave earned prior to entering DROP which exceeds the maximum lump sum payment allowed by Board policy may be used during DROP; however, the employee shall not be entitled to compensation at the end of DROP for any unused portion of the accumulated leave.
2. Employees will earn annual leave during the DROP period as prescribed by Florida Statute, Board policy and/or union contract. Annual leave accumulated during DROP participation will not be paid to the employee at the end of DROP participation, except to the extent the employee has earned additional annual leave which combined with the original payment does not exceed the maximum lump sum payment allowed by Board policy.

In such computations, accrued vacation leave days may be counted whether earned before or after the effective date of this Rule.

CHAPTER 6.00 – HUMAN RESOURCES**6.917****MEDICAL MARIJUANA USE BY EMPLOYEES**

- I. Use of Medical Marijuana by Qualified Employee on District Property
- A. The Board strives to comply with state law to honor families' private medical decisions while ensuring a learning environment free of disruption. To accomplish these goals, as a general rule, prescription medication, including medical marijuana, should be administered at home. Prescription medications, including medical marijuana, should only be administered on District property during school hours when administration cannot reasonably be accomplished outside of work hours. The qualified patient should use the medical marijuana/low THC cannabis at home whenever possible for a qualifying medical condition.
 - B. The law allows the Board to deny the use of medical marijuana on its properties and its sponsored events. However, the Board has agreed to allow such use in limited circumstances. When it is medically necessary to use medical marijuana on District property its use shall be in accordance with this policy.
 - C. Under no circumstance can medical marijuana/low THC cannabis be used by a qualifying employee while aboard a school bus or at a school-sponsored event even if the event is after the employee's work hours.
 - D. This policy conveys no right to any qualifying employee, employee acting as caregiver, or other caregiver to demand access to any general or particular location on school or district property, a school bus or at a school-sponsored event to administer medical marijuana/low THC cannabis.

The District will comply with any federal guidance and/or directives related to this policy. School nurses or health care personnel or school administration staff or other school employees are not allowed to administer, store/hold or transport the medical marijuana/low THC cannabis in any form and it will not be stored on any District property, including school grounds, at any time except that it may be stored in the qualified patients’ automobile in the school’s parking lot.
- B. A qualified patient may use the permissible form of medical marijuana on District property in the designated location if all of the following criteria are met:
 1. A copy of the qualified patient’s valid registration form for medical marijuana must be provided to the District. The

- 2. A written statement signed by the qualified patient must be on file in which the qualified patient agrees to assume all responsibility for the maintenance and use under state and federal law, and to indemnify and/or release the District from liability for any injury arising out of the use of medical marijuana on District property.
 - 3. The District determines, in its sole discretion, that a designated location and method of administration of medical marijuana are available that do not create a risk of disruption to the educational environment or exposure to students or employees.
 - 4. In accordance with this policy, district or school administration shall prepare, with input from the qualified patient, a written medical marijuana/low THC cannabis implementation plan that identifies the registration number for the medical marijuana registration, permissible form of the medical marijuana/low THC cannabis, designated location(s), and which shall be on file at the employee’s work-site.

PURCHASING AND BIDDING

7.70*

All purchases of supplies, materials, equipment and services made from district funds shall be the responsibility of the Superintendent or his designee as established by School Board rule. No person, unless authorized by the Superintendent or acting on the basis of School Board rules may make any purchase involving the use of district funds and no unauthorized expenditure will be approved by the School Board.

This policy shall generally apply to the District's purchase of products and services, except it shall not apply to:

- A. employment contracts;
- B. acquisition of architectural, engineering, landscape architectural, construction management at risk, registered surveying and mapping, or other services pursuant to Policy 7.71 - Selecting Professional Services for Capital Outlay
- C. acquisition of auditing services
- D. acquisition of professional consultant services, including but not limited to services of lawyers, accountants, financial consultants and other business or operational consultants,
- E. contracts which are exempted, in whole or in part, from this policy's requirements.

Definitions

- A. "Competitive solicitation" means purchasing made through the issuance of an invitation to bid, request for proposals and/or invitation to negotiate. Competitive solicitations are not required for purchases made through the pool purchase provisions of F.S. 1006.27.
- B. "Invitation to bid" means a written solicitation for competitive sealed bids. The invitation to bid is used when the Board is capable of specifically defining the scope of work for which a contractual service is required or when the Board is capable of establishing precise specifications defining the actual commodity or group of commodities required. A written solicitation includes a solicitation that is publicly posted.
- C. "Invitation to negotiate" means a written solicitation for competitive sealed replies to

select one (1) or more vendors with which to commence negotiations for the procurement of commodities or contractual services. The invitation to negotiate is used when the Board determines that negotiations may be necessary for it to receive the best value. A written solicitation includes a solicitation that is publicly posted.

- D. "Proposer" means those vendors submitting bids or responses to a competitive solicitation.
- E. "Request for proposals" means a written solicitation for competitive sealed proposals. The request for proposals is used when it is not practicable for the Board to specifically define the scope of work for which the commodity, group of commodities, or contractual service is required and when the Board is requesting that a responsible vendor propose a commodity, group of commodities, or contractual service to meet the specifications of the solicitation document. A written solicitation includes a solicitation that is publicly posted.
- F. "Request for Quotations" means an informal process to solicit three (3) or more price quotes on items, commodities or services with standard specifications and valued under the threshold requiring formal competitive solicitations. Quotations may be obtained verbally or via facsimile or e-mail.
- G. Purchase Thresholds are defined as follows:
 - (1) Micro-Purchase - Less than \$3,000
 - (2) Small Purchase - \$3,000 to \$25,000
 - (3) Sealed Bids/Competitive Proposals - \$25,000 or More

Standards and Specifications

Before making any purchase of commodities or contractual services the Superintendent shall, insofar as possible, propose standards and specifications. He or she shall ensure that the commodities or contractual services conform to those standards and specifications, and shall take such other steps as necessary to receive maximum value of money expended.

Competitive Solicitation Requirements for Goods and Services Other Than Construction Contracting

Except as authorized by law or policy, competitive solicitations shall be requested from three (3) or more sources for the purchase of any authorized commodities or contractual services in an amount greater than \$15,000.00.

The procurement of commodities or contractual services may not be divided so as to avoid purchase threshold requirements.

Award of a bid by the Board shall only represent an indication by the Board that a bid represents the best and lowest responsive bid from a responsible and responsive bidder meeting the requirements and criteria set forth in the invitation to bid. Award of a bid shall not create a binding obligation on the Board, and no obligation shall be created or imposed on the District until such time as the Board Chair/designee executes a contract.

Most Favored Customer Status

The awarded bidder/contractor shall afford the School Board the most favored customer status for all items in the bid. Accordingly, if during the term of the contract, the contractor offers more favorable promotional or contract pricing to another entity for the same specification with similar quantities and conditions, the price under the contract shall be immediately reduced to the lower price. Additionally, if a current state of Florida contract or other viable piggyback contract contains more favorable pricing for the same specification with similar quantities and conditions, the contractor will be afforded the opportunity to adjust its contract price to match that of the state of Florida contract. Should the contractor decline, the Gadsden County School District reserves the right to purchase the item(s) from the state of Florida or alternate piggyback contract.

Exception to Competitive Bidding Requirements

- A. notwithstanding anything herein to the contrary, there shall be no requirement to solicit bids and any such requirement is expressly waived for the following:
- B. Purchases made at or below the unit prices in contracts awarded by other Federal, State, city or county governmental agencies, other school boards, community colleges, or State university system cooperative bid agreements when the bidder awarded a contract by another entity will permit purchases by the Board at the same terms, conditions, and unit prices awarded in such contract, and such purchases are to the economic advantage of the Board.
- C. Purchases made from prices established by the Department of Management Services; Division of Purchasing through its State negotiated agreement price schedule.
- D. Pool purchases made as provided in F.S. 1006.27.
- E. Purchase by the Board of professional services which shall include, without limitation, artistic services; academic program reviews; lectures by individuals; auditing services not subject to F.S. 218.391; legal services, including attorney, paralegal, expert witness, court reporting, appraisal or mediator services; and health services involving examination, diagnosis, treatment, prevention, medical consultation or administration; provided nothing herein shall be deemed to authorize the superintendent to acquire

professional consultant services without Board approval.

- F. The purchase by the Board of educational services and any type of copyrighted materials including, without limitation, educational tests, textbooks, printed instructional materials, computer software, films, videotapes, DVDs, disc or tape recordings, digital recordings, or similar audio-visual materials, and for library and reference books, and printed library cards where such materials are purchased directly from the producer or publisher, the owner of the copyright, an exclusive agent within the state, a governmental agency or a recognized educational institution.
- G. The requirements for requesting competitive solicitations for making purchases for commodities and contractual services as set forth in this section are hereby waived as authorized by F.S. 1010.04(4)(a), when the following conditions have been met by the Board:
- (1) Competitive solicitations have been requested in the manner prescribed by this policy.
 - (2) The Board has made a finding that no valid or acceptable firm proposal has been received within the prescribed time. When such a finding has been officially made, the Board may enter into negotiations with suppliers of such commodities and contractual services and may execute contracts with such vendors under whatever terms and conditions as the Board determines to be in its best interests.
 - (3) If fewer than two (2) responsive proposals for commodity or contractual services are received, the Board may negotiate on the best terms and conditions or decide to reject all proposals. The Board shall document the reasons that negotiating terms and conditions with the sole proposer is in the best interest of the District in lieu of re-soliciting proposals.
- H. Acquisition of information technology resources, whether by purchase, lease, lease with option to purchase, rental, or otherwise as defined in F.S. 282.0041(15), may be by direct negotiation and contract with a vendor or supplier, as best fits the needs of the District as determined by the Board.
- I. Purchases of food products, required by the Board's food service program and other ancillary food operations, which are exempt pursuant to F.A.C. 6A-7-0411(2)(i)(2).
- J. Emergency purchase of commodities or contractual services when the Superintendent determines in writing that an immediate danger to the public health, safety, or welfare or other substantial loss to the District requires emergency action. After the

Superintendent makes such a written determination, the Board may proceed with the procurement of commodities or contractual services necessitated by the immediate danger, without requesting competitive solicitations. However, such an emergency purchase shall be made by obtaining pricing information from at least two (2) prospective vendors, which must be retained in the contract file, unless the Superintendent determines in writing that the time required to obtain pricing information will increase the immediate danger to the public health, safety, or welfare or other substantial loss to the District.

- K. Commodities or contractual services available only from a single source may be exempted from the competitive solicitation requirements. When the Board believes that commodities or contractual services are available only from a single source, the Board shall electronically post a description of the commodities or contractual services sought for a period of at least seven (7) business days. The description must include a request that prospective vendors provide information regarding their ability to supply the commodities or contractual services described. If it is determined in writing by the Board, after reviewing any information received from prospective vendors, that the commodities or contractual services are available only from a single source, the Board shall provide notice of its intended decision to enter a single source contract in the manner specified in F.S. 120.57(3), and may negotiate on the best terms and conditions with the single source vendor.
- L. Direct purchases of construction project material by the District, on behalf of the awarded construction contractor/manager, directly from vendors to take advantage of the District's "sales tax" exempt status.
- M. A contract for commodities or contractual services may be awarded without competitive solicitations if State or Federal law, a grant or a State or Federal agency contract prescribes with whom the Board must contract or if the rate of payment is established during the appropriations process.
- N. A contract for regulated utilities or government franchised services may be awarded without competitive solicitations.

Contract Approval

Contracts shall be approved and executed as follows:

These students shall be reported for funding purposes. Under the following conditions, students who reside within two (2) miles of the designated school may be eligible to ride the school bus.
 - A. Special authorization is granted by the School Board.
 - B. An exceptional student not requiring special care may ride a school bus regardless of distance from home to school upon furnishing a statement from the director of exceptional students or designee certifying that the student is handicapped and is unable to walk to school.

- VIII. A student who arrives early or remains late because of transportation service shall be under school supervision at all times and shall, if practicable, have a planned schedule of activities. The principal shall be responsible for providing such supervision.
- IX. Each route shall be planned and adjusted as nearly as possible to the bus capacity. Travel each morning and afternoon shall be considered in planning and establishing bus routes and, so far as practical, not exceed fifty (50) minutes for elementary students and sixty (60) minutes for secondary students.

SCHOOL CONSTRUCTION BID PROCESS

8.50*

- I. All applicable laws and School Board policies shall be observed in all construction bid procedures. All construction or capital improvement bids shall be accompanied by evidence that the bidder holds an appropriate certificate or license or that the prime contractor has a current valid license.
 - A. Prequalification of Contractors. The Board shall prequalify contractors on an annual basis or for a specific project. This section is applicable to bids, construction management, design build, and any other construction services application.
 - B. Selection Process. Those contractors desiring to bid on Board projects must be prequalified. The Board may reject any application that contains inaccurate information.
 - C. Application. Each contractor, firm or person requesting pre-qualification shall submit an application. The application shall include the following:
 - 1. Detailed information setting forth the applicant's competence, past performance, experience, financial resources, and capability, including a Public Entity Crime statement and references.
 - 2. Audited financial information current within the past 12 months, such as a balance sheet and statement of operations, and bonding capacity. The requirement for financial information may be satisfied by the contractor providing written verification of the contractor's bonding capacity.
 - 3. General information about the contractor company, its principals, and its history, including state and date of incorporation, regardless of whether the contractor is resident or non-resident of the geographic area served by the Board.
 - 4. Every contractor and subcontractor desiring to enter into a contract with the school district shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. Contractors

entering into contracts with a subcontractor, must have an affidavit from the subcontractor stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien.

- a. Contractor must provide evidence of compliance with Florida Statute Section 448.095. Evidence may consist of, but is not limited to, providing notice of Contractor's E-Verify number.
 - b. Contractors entering into contracts with a subcontractor, must have an affidavit from the subcontractor stating the subcontractor does not employ, contract with, or subcontract with an unauthorized alien.
 - c. Contractor shall provide a copy of sub-contractor affidavit to the School Board upon receipt and shall maintain a copy for the duration of the Agreement.
 - d. Failure to comply with this provision is a material breach of an Agreement, and School Board may choose to terminate the Agreement at its sole discretion. Contractor may be liable for all costs associated with School Board securing the same services, inclusive, but not limited to, higher costs for the same services and rebidding costs (if necessary).
5. Contractor trade categories and information regarding the state and local licenses and license numbers held by the applicant.
 6. A list of projects completed within the last five (5) years, including dates, client approximate dollar value, size, and reference name for each project.
 7. Certificates of insurance confirming current workers' compensation, public liability and property damage insurance as required by law.
 8. A list of all pending litigation and all litigation within the past five (5) years, including an explanation of each. Litigation initiated by the contractor to protect the contractor's legal rights shall not be used as a basis for rejecting prequalification.

9. The completed application and financial information shall be attested to and signed by an authorized officer of the company, the owner, or sole proprietor, as appropriate, and the signature shall be notarized.
- II. Alternative Construction Methods. The Facilities Department will consider the following factors when determining which construction method (traditional bid; design-build; construction management or negotiated contract) will be used for each project: scope of work of the project, complexity of the task, the schedule for construction, availability of skilled personnel in the local marketplace and past experience on other projects.
 - III. Advertising, Bidding and Awarding Contracts. Construction projects shall be advertised in a local newspaper within general circulation throughout the District for a minimum of once a week for three (3) consecutive weeks. The last notice shall appear at least seven (7) days prior to the date set for bid opening. Projects estimated to cost less than \$300,000 shall be advertised for a minimum of one week. All applicable Florida Statutes, State Board of Education rules, and School Board rules shall be observed in school construction bid procedures.
 - IV. The Superintendent or designee shall be responsible for preparing the legal notice for bids and shall determine that such notice meets the requirements of Florida Statutes and State Board of Education rules and contains the information needed by the prospective bidders to include the following
 - A. Project name and location;
 - B. Brief statement describing the work
 - C. From whom and when contract documents are available, including deposit or charge;
 - D. Date, time and place relating to submitting of bids;
 - E. Pre-qualifications of bidder;
 - F. Procedures for presenting bids;

 - H. Procedures to be followed in opening and presenting bids to the School Board; and,
 - I. Conditions for awarding contracts based on bids.
 - V. In addition to the publishing of the advertisement for bids, the bid documents shall be sent to at least three (3) prospective bidders. The advertisement or specifications shall not specify the use of materials or systems by a sole source.

- VI. Construction Bids. General conditions are all costs incidental to but are not incorporated into the project after it is completed. General conditions and the project contingency will be negotiated. General conditions include (but are not limited to) the following:
- A. Utilities including water, electric, phone, internet service, restrooms and septic services if required. Contractor is responsible for utilities until the District accepts the project as substantially complete or at the option of the Board, upon Final Completion.
 - B. Office Space which includes all costs related to rental and setup of those spaces.
 - C. Temporary Fencing and site security. The contractor has total control and is responsible for all liabilities on the Construction Site.
 - D. Equipment rental or purchase of equipment such as computers and copy machines.
 - E. Vehicles for mobility at the site such as golf carts. IF the contractor plans to rent company owned equipment to the project documentation shall be provided that the charges will not exceed rental cost. Cost to include fuel, repairs and maintenance. Rental should be consistent with industry standard.
 - F. Waste, trash, debris and disposal costs.

- VIII. These provisions shall be followed for construction bids
- A. The bid time and date shall be established by the School Board after the Superintendent's recommendation.
 - B. Bids shall be opened at the designated time in the invitation to bid. At the designated time, the person presiding shall inquire if all bids have been received; no other bids shall be accepted and no bid may be withdrawn after the deadline. Negligence on the part of the bidder in preparing the bid shall confer no right for withdrawal after the designated time for opening of bids. Bids by telegram shall not be accepted nor shall any other type of bid be accepted which cannot be classified as a sealed bid. Bids received by mail shall be stamped with the time and date received by the purchasing office.
 - C. All bids shall be opened, read aloud, and recorded in the presence of all persons.
 - D. Each bid shall be accompanied by a bid bond, a certified check, or a cashier's check in an amount equal to five percent (5%) of the total amount of the bid. Failure to include such bond shall automatically disqualify the bid from further consideration.
 - E. The Board will consider all bids received and within the time limit stated in the advertisement for bids will either reject all bids or award the contract to the lowest and best bid with preference to materials, contracts, builders, architects, and laborers who reside within the county and state, whenever such materials can be purchased at no greater expense.
 - F. When a construction contract has been awarded to a contractor on the basis of proper bids, payments on that contract shall be made on a scheduled basis in an amount approved by the architect. This amount shall consider the five percent (5%) hold-back required by Florida Statutes. Upon completion of the construction, the final payment shall be made only on the School Board's approval after proper inspection of the facilities.
- IX. The specifications for construction bids may not be written to limit any purchase of systems or materials to a specific brand or a single source of supply, unless the School

Board, after consideration of all available alternative materials and systems, determines that the specifications of a sole material or system is justifiable, based upon its cost interchangeability.

- X. All bid requests shall include a notification to bidders that failure to file a bid protest within the time and in the manner prescribed by School Board rule shall constitute a waiver of any further right to protest such bid award.

CHAPTER 8.00 - AUXILIARY SERVICES**RENOVATIONS OR REMODELING OF FACILITIES****8.51**

- I. The Superintendent when recommending the preliminary school budget, or any amendments thereto relating to capital outlay projects may, after evaluation, recommend to the School Board that suitable projects costing *Two Hundred Thousand Dollars* (\$200,000.00) or less be provided on a day labor basis.
- II. Parent groups, school staff and civic associations often raise funds to make improvements to various School Board facilities. Such changes are regulated by building codes, Florida State Department of Education rules, School Board rules and Florida Statutes. In addition, these changes often have cost implications on maintenance, energy usage and inhibitions to future site construction. The change or addition always poses questions regarding Board liability for the facilities as any deviation from State Regulations would be a factor in a damage suit, if the change in facility was related to a personal injury.
- III. When a project is being considered at any existing facility, the following procedures shall be followed:
 - A. A description of the proposed project, including an approximation of the expected cost, shall be submitted to the school facility administrator for review and approval using the School Board's "Project Request Form".
 - B. Full funding for the design costs, construction and any other related costs must be identified.
 - C. If the facility administrator is in agreement with the proposed project, he/she shall request approval from the Superintendent to submit the request.
 - (i) If the project requires funding from the District, the Director of Finance must be consulted to determine feasibility and availability of funds.
 - (ii) Should a booster club, PTA, or other school affiliated group be supplying the funds, the Superintendent must be informed.
 - (iii) All projects must comply with State Board of Education rules.

- (iv) If the project will affect the student capacity of the school, approval of the Superintendent is required.
- D. Prior to an installation or construction, a detailed design must be submitted to the Director of Facilities. The content of this request shall include a detailed project description and a statement regarding the method of funding. Plans and/or specifications will be reviewed by the Facilities Departments.
- (i) Upon completion of the plans and specifications, such must be submitted for review for compliance with State Board of Education Regulations with consideration given to the impact upon the maintenance and energy usage of the facilities and inhibitions to future site construction. A minimum of ten (10) days is required and must be provided for review of plans and specifications, plus time to prepare an agenda item to present to the School Board if deemed appropriate by the Superintendent.
 - (ii) After approval by the School Board, plans may require submission to the Department of Education.
 - (iii) Upon Department of Education approval, (if required), the project must either be formally advertised and bid, in accordance with State Board of Education rules or a minimum of three (3) sealed proposals must be obtained to ensure compliance with the Construction Documents. The bids must contain a work schedule to facilitate inspections by the reviewing department.
- Projects funded by booster clubs, PTA or other school affiliated groups, will also be handled by the “respective” group during the bid/proposal process. It is recommended proposals be sealed when submitted and opened at a designated time, in the presence of at least the school principal, the president of the parent group, a representative of the purchasing department, facilities department, or maintenance department, and the designing architect/engineer, if applicable.
- E. In the event the project cost is expected to be *Fifty Thousand Dollars* (\$50,000) or more a registered architect/registered professional engineer must be engaged to design, prepare, and “Seal” the necessary construction documents in accordance with State Board of Education rules. The project cost shall include all materials and labor, production design fees, reproductions, testing and surveys.
- F. All bids or proposals, including work schedules, must then be submitted to the Director of Facilities for review and determination of the low bidder’s compliance with the

projects' contract documents. The project's originating group must make a recommendation regarding acceptance of the low bidder.

- G. When compliance has been established, the PTA, booster club, or other school affiliated group will receive written authorization from the Superintendent to proceed.
- H. Depending on the scope of work involved, supplemental, periodic inspections may be made by the Facilities Department as determined by the Director of Facilities.
- I. Upon completion of the work, the Director of Facilities must be contacted for final inspection prior to acceptance by the School Board at one of its regularly scheduled meetings.

The Superintendent is authorized to approve and execute any construction contract Change Order which will decrease the construction contract amount or which will increase the construction contract amount by twenty-five thousand dollars (\$25,000.00) or less, provided the approval is in the best interest of the Board. To assure that the board receives quality work and maximum value, changes in the work shall be placed out for bid whenever practical or feasible. Each approval shall be reported by the Superintendent to the Board and entered in the official minutes at the next regular Board meeting.

- I. Any Change Order which will increase the construction contract amount by more than twenty-five thousand dollars (\$25,000.00) shall be submitted by the Superintendent to the Board for review and action thereon. No such Change Order shall be binding until it is approved and executed by the Board.
- II. Requested Change Orders concerning the same subject shall not be split in the event that the sum total of the initial requested change increases the contract amount by more than twenty-five thousand dollars (\$25,000.00).
- III. With all requested Change Orders the Contractor shall provide, prior to commencing the work involved, accurate cost data in sufficient detail to enable any Architect or Engineer to evaluate and confirm its accuracy and the fair market value of all labor, materials, equipment, and incidentals required to accomplish the change.
- IV. With all requested Change Orders the Architect of Record for the Project shall certify in writing to the Superintendent and the Board that the cost of the requested change is fair, reasonable, and in proper proportion to the cost of the original work of the contract and shall recommend action thereon.
- V. The cumulative total of all approved Change Orders on any project shall not increase the original construction contract amount by more than eight percent (8%) or \$100,000, whichever is less, without prior Board approval.
- VI. The Director of Facilities shall serve in the Superintendent's capacity for Change Order authorization whenever the Superintendent is absent or is ill. It is the intent of the Board that this provision be used sparingly. When construction changes can wait for the Superintendent's return, without undue harm or project delay, the approval shall wait for the Superintendent's personal review and signature.

CHAPTER 8.00 - AUXILIARY SERVICES**MINORITY BUSINESS PARTICIPATION IN
CERTAIN CONTRACTS****8.54**

- I. Construction and Definitions. In construing this rule and each and every word, phrase, or part hereof, where the context will permit: (1) the singular includes the plural and vice versa; and (2) the masculine includes the feminine and neuter and vice versa. As used in this rule, the expressions “small business”, “minority person”, “minority business enterprise”, and “certified minority business enterprise” shall have the same respective meanings as those expressions have when used in Section 287.093, Florida Statutes, the “Florida Small and Minority Business Assistance Act of 1985”.

- II. Scope and General Policy. It is the policy of the School Board that, in the performance of contracts for the construction, remodeling, repair or maintenance of its facilities, minority business enterprises (MBE’s) shall have the maximum feasible opportunity for participation; provided that this rule shall be applicable only to such contracts of which the total dollar amount shall be one hundred thousand dollars (\$100,000) or more.
 - A. The prime contractor (contractor) may, in lieu of making an independent investigation as to the status of any subcontractor as a minority business enterprise (MBE), rely on a written statement, furnished by the Department of General Services of the State of Florida and kept on file by the contractor, to the effect that the business of the subcontractor is currently a “certified minority business enterprise” as defined in Section 288.703, Florida Statutes. If the contractor elects to independently investigate whether a subcontractor qualifies as an MBE, the contractor shall provide an affidavit stating that he has so investigated and verified that the subcontractor is a qualified MBE.

- III. Policy Implementation. In implementation of the policy described in Subsection (2), and as to each such contract, the specifications submitted to each prospective bidder shall include a copy of this rule, compliance with which will be monitored by the architect involved in the applicable contract.

- IV. Goal.
 - A. The contractor agrees that he will make a good faith effort to subcontract at least ten (10) percent of the total value of the contract to MBE’s. For purposes of MBE participation, the term “subcontract” includes those contracts, executed by the contractor in performance of the work on the School Board’s facilities under the contract, for construction, remodeling, repair, site-improvement, service work,

and supplies or materials. It is not made a requirement that the contractor in fact meet or exceed these goals in his subcontracting; however, it is a requirement that the contractor objectively demonstrate to the School Board that he has exerted good faith efforts to meet these goals. Notwithstanding the fact that the contractor may have the capability to complete the total project with his own work force and without the use of subcontractors, the contractor will still be required to make good faith efforts to subcontract to MBE's a share of the work consistent with the goals stated herein. An MBE contractor is prohibited from subcontracting more than ninety (90) percent of the original contracted amount to a majority subcontractor.

- B. The degree of goal attainment by minority-majority joint ventures, minority contractors, and minority suppliers shall be calculated as follows:
- (i) A joint venture consisting of minority and majority business enterprises, which joint venture is functioning as a contractor, will be credited with minority participation on the basis of the percentage of the dollar amount of the work to be performed by the MBE. For example, if such a joint venture proposes to perform fifty (50) percent of the contract, the total value of which is \$1,000,000.00, and fifty (50) percent of the work is to be performed by the minority partner in the joint venture, minority participation will be credited as twenty-five (25) percent of the total work or \$250,000.00.
 - (ii) If the contractor is an MBE, he will be credited with minority participation for the portion of the contract which he performs and that portion which he subcontracts to other MBE's. For example, if the contractor is an MBE and proposes to perform the contract for a total price of \$1,000,000.00 and then subcontracts twenty-five (25) percent to a majority firm and twenty-five (25) percent to another MBE, the minority participation will be credited as 75 percent or \$750,000.00.
 - (iii) The contractor will receive ten (10) percent credit toward goal attainment for the use of MBE's who are suppliers of materials. For example, where the contractor proposes to purchase \$100,000.00 worth of construction materials from an MBE supplier, then \$10,000.00 will be credited toward the contractor's MBE participation goal. However, where the MBE supplier is also the manufacturer of the product supplied, then minority participation will be credited as 100 percent of the dollar amount of the materials so supplied.
- C. The contractor shall maintain records showing both awards of subcontracts to MBE's, and good faith efforts to identify and award subcontracts to MBE's. The contractor shall also submit periodic status reports, as required by the architect,

regarding the contractor's attainment of the MBE goals stated herein, and in a form and manner to be prescribed by the School Board.

V. Good Faith Efforts.

- A. Any bidder who fails to agree to make a good faith effort to subcontract at least ten (10) percent of the total value of the contract to MBE's shall have his bid rejected as being nonresponsive.
- B. The contractor shall be deemed to be in compliance with the School Board's MBE participation requirements if he meets or exceeds or demonstrates that he made good faith efforts to meet or exceed the goals previously expressed herein for participation of MBE's as contractors, subcontractors, and suppliers. The contractor's commitment to the goals for MBE participation constitutes a commitment that he will make every good faith effort to meet those goals. No contractor shall be found to be in non-compliance solely due to his failure to meet the MBE participation goals stated herein, unless the contractor fails to make good faith efforts to achieve the MBE participation goals.
- C. Should the contractor fail to attain the goals for MBE participation set forth herein, he must demonstrate to the School Board his good faith efforts by documentation which includes, at least, the following:
 - (i) Documentation of announcements in minority trade association newsletters and/or minority-owned media for specific subcontracting opportunities at least equal to the percentage goal for MBE utilization specified in the contract.
 - (ii) Documentation showing that the work to be subcontracted was reasonably segmented to an extent consistent with the size and capability of MBE's in order to provide reasonable subcontracting opportunities.
 - (iii) Documentation showing that, within ten (10) days after the contract is awarded, minority contractor associations were given written notice of the availability of specific subcontracting opportunities.
 - (iv) Copies of solicitation letters inviting quotations or proposals from MBE's segmenting portions of the work, and specifically describing, as accurately as possible, the portions of the work for which quotations or proposals are solicited and encouraging inquiries for further details.
 - (v) Documentation of good faith negotiations with those MBE's from whom quotations were received in an effort to reach mutually acceptable prices.

Where the MBE negotiation was unsuccessful due to failure to agree on price, the contractor must document that the subcontractor selected for the work segment submitted a lower quotation than the MBE and that the work segment subcontracted was the same work segment under negotiation with the MBE, and not a reduced portion thereof.

- D. The policies set forth in this rule describe the minimum good faith efforts which shall be made by the contractor in providing for MBE participation in implementation of the contract.
- VI. At the time final payment is requested, documentation shall be submitted to the School Board demonstrating that the contractor met or exceeded the MBE participation goals, or, if the MBE participation goals are not met or exceeded, that the contractor made good faith efforts to achieve the goals. If the contractor fails to demonstrate that good faith efforts, as provided for in this rule, were made to achieve any unmet portion of the MBE participation goals, the contractor will not be entitled to receive the dollar amount of the work which should have been subcontracted to an MBE but was not so subcontracted.
- VII. This rule shall be incorporated by reference in, and shall become an integral part of, every contract as described in Subsection (1) of this rule.

 - A. Proof that the contractor holds a contractor's license which authorizes the contractor to supervise work within the scope of the construction project.
 - B. Evidence that the applicant has financial resources to start up and follow through on projects and to respond to damages in case of default as shown by written verification of bonding capacity equal to or exceeding the amount of any project for which the contractor seeks prequalification. The written verification must be submitted by a licensed surety company rated excellent ("A-" or better) in the current A.M. Best Guide and qualified to do business within the state. In the absence of such written verification, the Board may require the applicant to submit any audited financial information necessary to evaluate an applicant's financial ability to perform the project and to respond to damages in the event of default.
 - C. Evidence of experience with construction techniques, trade standards, quality workmanship, project scheduling, cost control, management of projects, and building codes for similar or less cost or scope projects of similar size within the past five (5) years with one or more examples in PK-12 construction. Those standards which the Board applies when soliciting bids for goods and services generally shall be applied equally to the solicitation of bids from prequalified contractors.
- D. It is the policy of the Board to allow for prequalification of any responsible contractor who, through its submittal to the Board, meets the uniform criteria established by the State Requirements for Educational Facilities and incorporated in section I. of this policy whether such contractor is a resident or nonresident of the geographical area served by the Board.
- E.  - D. Every contractor and subcontractor desiring to enter into a contract with the school district shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees.  - I. The completed application and financial information shall be attested to and signed by an authorized officer of the company, the owner, or sole proprietor, as appropriate. The signature shall be notarized.
 - J. Exception: When two (2) or more prequalified contractors wish to combine their assets for a specific project, they may do so by filing an affidavit of joint venture. Such affidavit shall be valid only for that specific project.

- VI. Delinquency - The decision to declare a contractor delinquent may only be made by the Superintendent and must be ratified by the Board at its next regular meeting following the decision by the Superintendent. Should the contractor be determined to be delinquent, after notice and an opportunity for a fair hearing, the Board shall notify the contractor and his surety, in writing, that the contractor is disqualified from bidding work with the Board as long as the delinquent status exists. A delinquent condition may be determined to be in effect when one (1) or more of the following conditions occur without justifiable cause:
