

Update of activities performed

- A/C machines have been installed in both ITV classrooms and Ms. Fitterers room. As of today Sept. 27th the Schneider Brothers have not performed the electrical. I am expecting to see them 30th – 4th.
- We've had 3 field trips.
- Having a problem with the fan in the boys locker room. Still trying to remedy the issue before help needs to be called.
- Wanting to find a small table or counter to be attached to the wall by Mr. Dietzman's office. 4 benches are their now.
- Cenex replaced all 4 tires on the bobcat. Ready for snow now.
- Received the LED Lighting Proposal referring to the replacement of all halogen light bulbs with LED light bulbs.
- Student asking to purchase small flatbed trailer beside our unattached garage. This trailer was previously used for the little kid train, by a previous FFA teacher.
- Security Camera Need by electric bus, looking into getting 1 or 2 additional cameras to be located by the back of the school for coverage on buses.
