Northeast Middle School

Last Name

First Name

M.I.

Student ID #

Required SubjectsEvery 7th grade student is required to take each of the following courses:

☒ English	EN1200	☐ Math 7	MA1300	Teacher Recommendation/ Signature
☒ Life/Earth/Physical Science 1	SC1200	☐ Pre-Algebra A	MA2300	
☒ Ancient World History	SS1200	☐ Algebra*	MA2400	
*Math level assigned by teacher recommendation and/or test-out				

Elective Options

In addition to the above courses, students must select elective classes for their remaining two hours. Three combinations are possible: 2 full-year courses, 1 full-year course & two semester courses, or 4 semester courses. Place an "X" by the courses you wish to take to meet the elective requirement. In addition, mark **at least two additional courses as alternate selections** in the event that your first choice cannot be honored. **Mark these alternate choices with an "A"**. (Alternates **must** be listed. If you do not list alternate selections, two will be assigned for you.)

Full-Year Electives**Semester Electives**

☐ Band Instrument: _____	MU1200	☐ Art 7	AR1200
☐ Choir	MU1210	☐ Keyboarding 7/8	BU1210
☐ Orchestra Instrument: _____	MU1220	☐ Business Computer Appl 7/8	BU2200
☐ ♦Spanish 1A	WL1300	☐ Life Skills 101	ME1210
☐ ♦French 1A	WL1220/1320	☐ Physical Education 7	PE1200
☐ ♦Mandarin 1 (or 1A)	WL1240/1340	☐ Code Wizards 7/8	SI1200
♦ If your student is considering a World Language, the teacher recommends: _____		☐ Green Design 7/8	SI1210
Teacher Signature _____		☐ Robo Builders 7/8	SI1220

By Teacher Recommendation and/or Evaluation Only: ☐ Math Seminar 7 MA1210
Must be identified as a Multilingual Learner with a WIDA level between 1 and 3.5: ☐ English Language Development ME1230

Medical Alert

Does your student have any medical condition that the school should know about? If yes, please explain below.

Seventh Grade Course Descriptions

Full-Year Electives

Band - This course is a third-year band course offering expanded playing ranges and intermediate level music. Regular performance opportunities are integral to this class.

Choir - This course is a choral class focused on expanding vocal skills and providing interesting performance opportunities as an integral part of this class.

Orchestra - This course is a third-year string course emphasizing development of technical skills, position shifting, and more challenging music. Regular performance opportunities are integral to this course.

English Language Development – These yearlong course supports Multilingual Learners in developing beginning to advanced English communication skills aligned to ELD state standards. Students build speaking, listening, reading, and writing skills with a focus on grammar, phonics, spelling, and non-verbal communication across academic disciplines. (Must be identified as a Multilingual Learner with a WIDA level between 1 and 3.5).

Math Seminar 7 - This is a course taken in addition to the student's regular mathematics class to support students needing additional support with mathematical concepts and skills as they enter the seventh grade (by teacher/parent recommendation).

World Language 1 – **French (at Northeast MS), German (at Jefferson MS), Mandarin (at Jefferson MS), Spanish (at both MS)**

These are high school courses and fulfill the first year of the World Language graduation requirement. Students actively explore culture and build language proficiency in comprehension, speaking, reading, and writing.

Semester Electives

Art 7 - This is a class for all students who want to improve as artists. Drawing, painting, sculpture, design, perspective ceramics, wood, metal, glass, technology, and art careers are explored with an emphasis on building proficient art skills.

Business Computer Applications 7/8 - Students will learn the basic computer concepts of word processing, database applications, spreadsheet fundamentals, and multimedia.

Code Wizards 7/8 - How do you create a mobile app? How can you solve real-world problems through software coding? What hardware choices are necessary in today's environment? Students explore these topics through relevant projects and solvable challenges.

Green Design 7/8 - How do you design and build products that are functional, creative, and environmentally sustainable? How do you think like engineers and architects to solve real world problems? Students will apply eco-friendly ideas in the fields of architecture and construction using the engineering process and 3D design software.

Keyboarding 7/8 - Students will learn the touch system of keyboarding on computers and the basic formatting of letters, research reports, and tables.

Life Skills 101 – This course will help students develop a variety of important skills. Students will increase self-awareness, improve communication skills, learn time management strategies, explore career pathways, and learn how to make healthy choices. Basic skills, such as meal planning, budgeting, sewing, and home and auto management will be discussed.

Physical Education 7 - This course will provide a wide variety of skill-oriented activities, including both individual and team participation. In addition to the varied sports, recreational and fitness activities, students may have the opportunity to participate in swimming activities.

Robo Builders 7/8 - Yes, you can design and build robots and so much more! Students learn about automation, mechanical systems, energy transfer, construction, transportation, manufacturing, and computer control systems, as they design and build various projects including traffic lights, robotic arms, and more! Students will have multiple opportunities for hands-on creation in the STEM Shop.
