

HATCH VALLEY PUBLIC SCHOOLS

ALL STUDENTS EMPOWERED TO SUCCEED

See Something Say Something

For the safety of our students, staff, and school community, Hatch Valley Public Schools has implemented - Speak Up!, an anonymous tip line. Students, parents, and community members are encouraged to report knowledge of any inappropriate or illegal actions related to the HVPS campus or school activities by using the hotline or contacting a school official directly

To report an incident, please call or text **575-267-6133**. If needed you may wish to add this phone number to your address book for easy retrieval. We hope with this new system we can assist our students, staff and community in reporting incidents quickly and allowing the school to respond appropriately.

Please do not be alarmed when you receive a response, as the messaging system masks the phone number while still allowing for two-way communication.

Thank you,
Hatch Public Schools
