

Dear Valued Supporter,

While COVID-19 thwarted our ability to provide a community festival in 2020, we came back strong in 2021! Thanks to the support of the community, The Festival at St. John XXIII was a HUGE success.

Without our community's support, we would not be able to keep The Festival affordable for all families. At this time, we are seeking donations for The Festival and are hopeful that you will support us in our endeavor.

What does your tax-deductible contribution do for St. John XXIII? We are still feeling the effects of the pandemic and not being able to hold fundraisers during the 20-21 school year, therefore your contribution is more vital than ever. Monies raised by the Festival will help us to continue to provide cutting edge technology and educational programs while maintaining our beautiful 17 acre campus. It is critical in helping us continue to fulfill our mission of creating a positive educational environment that encourages students to be independent, critical thinkers who pursue success with humility and grace.

What does your tax-deductible contribution do for you? It provides advertising on-site during the festival (for those sponsorships received prior to June 1, 2022) or in our highly used and beautifully maintained gym for the entire year (whichever level you choose) for your organization! Due to the overwhelming turnout from this past year, we expect turnout for this year's Festival to be at record highs! The reach for you is immeasurable, but sure to be outstanding!

The St. John XXIII family thanks you for your consideration, time, and hopefully, support! If you have any questions, please feel free to email us at [festival@stjohn23school.org](mailto:festival@stjohn23school.org) or contact the school office at 513-424-1196.

Sincerely,

Dawn Pickerill
