

Dietrich School District #314

INSTRUCTION

2210P2C

Health Emergency Related School Closure

The Superintendent may choose to temporarily close any school within the District if he or she determines it is necessary to do so to protect student or personnel health or safety. The Superintendent may close the school for up to 15 days. Any closure of greater length may only be approved by the Board. Likewise the decision to reopen the school following a closure of more than 15 days may only be approved by the Board. Such decision shall be made in coordination with local health officials.

The Superintendent shall determine whether or not instruction should be provided remotely or via a blended in-person/remote model based, in part, on the anticipated length of the closure. In the event of a closure, the Superintendent shall work with the Board Chair to hold a special meeting to inform the Board of the closure and related issues.

The Superintendent shall consider at least the following in determining whether to close a school or schools:

1. Any guidance provided by the local health district;
2. The level of community transmission as described in the Idaho Back to School Framework 2020 promulgated by the Office of the Governor, the Idaho State Board of Education, the State Department of Education, and the Idaho Department of Health and Welfare; and
3. Whether a person known to be infected with COVID-19 has been in the school building.

The Superintendent shall contact local media to report any decision to close a school and shall inform impacted employees and parents/guardians of impacted students by “Alert Sense”.

Work Schedules and Responsibilities for School Closures

The Superintendent shall determine which employees must report to work during a closure and whether they should do so remotely or in person.
