## What is a School-Parent Compact?

A School-Parent Compact is an agreement between school staff and families that provides an opportunity to strengthen partnerships within the school community. ## Jointly Developed

The parents and staff of Bledsoe County High School will jointly develop this School-Parent Compact. Teachers suggested learning strategies along with input from parents. Information taken from the parent surveys and Family Engagement Meetings will be used to create our school-parent compact. Meetings are held throughout the year to review the compact and make changes based on students' needs. All parents are welcome to contribute comments at any time. The current School-Parent Compact is sent home with students and is available online on the school website.
