

BUSSING:

We ask that parents and students become familiar with school district rules (listed in the Student Handbook), regulations and principles of school bus safety and that they support safe riding practices and responsible discipline efforts. Some buses may be equipped with video/audio surveillance cameras to deter bus violations. Respect the rights and privileges of others, communicate safety concerns to school administrators and please monitor bus stops, if possible. Have a safe and educational year.

PLEASE BE CONSIDERATE OF THE OFFICE STAFF.
IF YOU WANT YOUR CHILD(REN) DROPPED OFF AT AN ALTERNATIVE SITE,
SEND A NOTE WITH YOUR CHILD(REN) IN THE AM.
IF YOU MUST CALL THE SCHOOL, CALL BEFORE 1:00 P.M.
A note in the morning to be signed by the office staff is preferred.

If you do have the need to send your child to an alternative site, we would like to **limit the sites to home and one other site throughout the school year.** We are asking this for the safety of your children and the consideration of the bus driver. Throughout the year there may be a need for sub drivers, not all sub drivers know the different sites he/she may be asked to drop off a child.
