## A Note To You

Hello Families,  
Can you believe we only have 21 days left of school? We still have so much to learn! Please make sure your child is coming with rain resistant coats and boots. It is still pretty wet on our playground AND it's cold in the mornings. Have a great week!  
Mrs. Summerfield

## Practice At Home

- ❖ Have your child read out loud to strengthen their fluency skills.
- ❖ Challenge your child to measure items around the house using a variety of measurement units. Then, discuss the difference in lengths and widths of those objects.
- ❖ Challenge your child to collect data and make graphs to represent their findings. They have learned how to make and read line graphs, bar graphs, and circle graphs.

## This Week's Agenda

### Spelling: Compound Words

Compound words are two or more words that combine to make a single new word.

Examples: toothbrush, fishbowl, lipstick

We will continue practicing words with schwa throughout the rest of the year.

**Reading:** We will continue reading fables and folktales before writing a retell about the story its central message.

**Math:** We are learning about arrays and how to add units together using rows and columns.

**Social Studies:** We will be learning how to read and create maps. Then we will learn about the oceans and continents on the globe.
